ANOTHER MELANCHOLY ACCIDENT.—An Inquest was held, before Dr. Beer, one of the Coroners for the County, on the body of Mr. Robert Patterson Carr, of Lot 16, about 16 years of age, late student in the Prince of Wales College, who was drowned last night by falling through a hole in Pownall Street Wharf, the wharf having been damaged by the recent gale. Verdict accordingly. The Jury recommended the wharf to be repaired as soon as possible, to prevent further accidents.—Ex.

The Michaelmas Term of the Supreme Court for Queen's County opened yesterday at 12 o'clock, both the Chief Justice and Mr. Justice Peters taking their seats on the bench. The business of the Term is unusually light, there being but three summary cases and seven appeals. These, and matter-of-course motions, will, we believe, comprise the labors of the Term.

At the Cathedral, on the 25th inst., by His Lordship the Bishop of St. John, assisted by the Rev. Mr. Foley, V. G., and the Rev. Mr. McKenna, the Hon. George W. Howland, M. P. P., of Prince Edward Island, to Elizabeth, daughter of the late Jas. Olson, Merchant, of this City.—St. John Telegraph.

DIED.  
At East Point, on the 9th inst., of Pleurisy, Joseph, eldest son of Mr. Gabriel and Mary McIntyre, in the 6th year of his age.

I am alone in my chamber now,  
And the midnight hour is near;  
And the fagot's crack and the clock's dull tick  
Are the only sounds I hear;  
And over my soul, in its solitude,  
Sweet feelings of sadness glide,  
For my heart and my eyes are full when I think  
Of the little boy that died.

I went one night to my father's house—  
Went home to the dear ones all—  
And softly I opened the garden gate,  
And softly the door of the hall,  
My mother came out to meet her son—  
She kissed me and then she sighed,  
And her head fell on my neck, and wept  
For the little boy that died.  
I shall miss him when the flowers come,  
In the garden where he played;  
I shall miss him more by the fire-side,  
When the flowers have all decayed.  
I shall see his toys and his empty chair,  
And the horse he used to ride;  
And they will speak with a silent speech  
Of the little boy that died.

We shall go home to our father's house—  
To our Father's house in the skies,  
Where the hope of our souls shall have no blight,  
Our love no broken ties.  
We shall roam on the banks of the river of peace,  
And bathe in its blissful tide;  
And one of the joys of our heaven shall be  
The little boy that died.

At North Bedouque, 11th inst., after a long illness, of cancer in her breast, in her 73rd year, Jane, the beloved wife of Donald McDonald, late of Allisary, leaving a husband, nine children, and twenty-one grand-children to mourn their irreparable loss.—Requiescat in Pace.

COTTON WARPS.  
WE would request the attention of those who use COTTON WARPS to the kind of which we are now manufacturing at the  
NEW BRUNSWICK COTTON MILLS.

We spin Nos. 7½, 8½ and 9's, and they are warped and sized by Machinery, thus saving much labor, and being better done than by hand.  
They have been extensively used through the Province during the last year, and have been proved to be both better and cheaper than any imported from either England or the United States.  
We intend to manufacture them largely for the next few months, and would wish parties in want of such Goods to give them a trial.  
They can be obtained from the principal Dry Goods Houses in the City and throughout the Province.

CHILDREN  
TEETHING  
MRS. WINSLOW,  
An experienced Nurse and Female Physician, presents to the attention of mothers, her  
Soothing Syrup,  
For Children Teething,  
which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is  
SURE TO REGULATE THE BOWELS.  
Depend upon it, mothers, it will give rest to yourself, and RELIEF AND HEALTH TO YOUR INFANTS.  
We have put up and sold this article for over thirty years, and can say with confidence and truth of it, which we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medicinal virtues. We speak in this matter "what we do know," after thirty years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the Syrup is administered.  
This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never-failing success in THOUSANDS OF CASES.  
It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied and in danger of being the best and surest remedy in the world, in all cases of Dysentery and Diarrhoea in children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.  
Sold by druggists throughout the world.  
Principal Office, No. 46 Dey Street, New York.  
Price, only 25 cents per Bottle.

Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medicinal virtues. We speak in this matter "what we do know," after thirty years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the Syrup is administered.  
This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never-failing success in THOUSANDS OF CASES.  
It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied and in danger of being the best and surest remedy in the world, in all cases of Dysentery and Diarrhoea in children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.  
Sold by druggists throughout the world.  
Principal Office, No. 46 Dey Street, New York.
