# Alabama Plans To Keep Whites, Negroes Separate

BIRMINGHAM, Ala. (AP)—Alabama voters have approved a constitutional amendment to keep Negroes and whites in separate schools even at the cost of abolishing the public educational system.

The measure allows the state legislature to end public education facilities and give public funds to private schools.

This measure, and a similar amendment covering public park facilities which also apparently passed, are designed to provide a bypass of the U.S. Supreme Court's decisions outlawing segregation in schools and recreational facilities.

Counties with heavy Negro populations went overwhelmingly for the two racial measures during a special election Tuesday. Those with few Negroes generally opposed them. The Negro vote was light, as it always is in Alabama.

The school amendment would give parents a "freedom of choice" in saying whether their children will attend segregated schools. It does not provide for integrated schools.

The parks amendment would permit counties and municipalities to give away or sell any public playgrounds, swimming pools or public housing, if racial segregation was threatened.

# Workmen's Compensation Bd. N. S. Appoints Farm Credits Commission

The most successful and well organized convention in the history of the association was the opinion expressed by the delegates through the president Glen Cousley of Winnipeg, Manitoba, last evening. This gift was presented on behalf of Mayor Joseph Dillon of that City. Glen Cauley on behalf of the association presented Brig. and Mrs. Reid with a chair and desk for the excellent job done by them and the committee in arranging the program of both work and entertainment.

**PROBLEMS DISCUSSED**

Jerome Gillis.

During the afternoon the ladies were taken on a tour of Condon's Woolen Mills. Later in the afternoon the delegates and their wives were the guests at an afternoon tea on the lawns of the Experimental Farm.

Whilst the administrative officers were holding their business sessions the various medical advisers held separate meetings on which they are called upon to deal with.

The agenda for today will complete the general business sessions. This will be followed by the election of officers for the coming year. The chairmen for yesterday's sessions were: morning, J. Cauley, Toronto, Vice-chairman, Ontario Board; afternoon, Glen Cousley, Winnipeg, Chairman, Manitoba Board and president of the association.
