

IN MEMORIAM

GEORGE LEWIS MULLALLY

The community of Kensington and surrounding districts were shocked and saddened on March 24th, by the death of George Lewis Mullally in his 55 year. Mr. Mullally had been in his usual health until about two weeks previous to his admittance to the Prince County Hospital from where he was transferred to the City Hospital, Charlottetown, and up until his death his wife and friends were hopeful of an early recovery, but God willed otherwise and on the above mentioned date the Angel of death called his gentle spirit to its Eternal reward, fortified and consoled by the last rites of Holy Mother Church, of which he was a faithful member.

George was the son of the late Richard and Emma (Higgins) Mullally and was born near Kensington on the Irishtown Road, where his earlier years were spent until he enlisted for service in the First World War, and proceeded overseas to remain until hostilities ceased.

The late Mr. Mullally was the recipient of the Mons Medal for Service in that war. After returning home Mr. Mullally again left Prince Edward Island to spend some years in Western Canada and U. S. A. after a time he returned to his native province to remain until the outbreak of World War II when he again enlisted to serve his King and Country in the R. C. A. F. where he served for five and a half years during which he received the Canadian Volunteer Service Medal. At the close of the last war George returned home to settle in Kensington where his genial disposition made a large circle of friends and acquaintances, by whom he will be sadly missed.

His largely attended funeral was held from the Davidson Funeral Home, to the Church of the Holy Family, Kensington, where a High Mass of Requiem was sung by his Pastor, Rev. Louis Callaghan, who also performed the service at the grave.

His flag draped coffin was followed by a large number of his comrades in arms, who took part in the Military Service, which was read by Dr. James E. Higgins a cousin of the deceased. The pallbearers were Lawrence Cahill, Lloyd Howard, J. Harold Goodwin, Dr. James E. Higgins, Gerald Murphy and John S. Burns.

Besides his sorrowing widow, the former Ella Mc Dunphy, he leaves to mourn his passing three brothers, namely: Fred residing in Souris, P. E. I. and James and Harold of Kensington. One sister (Vina), Mrs. John T. Mullins predeceased him five years ago. May his soul rest in peace.

for lovelier lips

Whisper
NYLONS

To Mother

Dear Mother, there are many things That I would like to say, Because I love, and because Today is Mother's Day.

And yet what golden sentences Or words of magic art, Could express the deep devotion I feel within my heart.

And with the spring's returning When sunlight floods the hills, And scented winds are wandering Among the daffodils.

I wish that you could walk with me, Beside the wooded stream, Where pink arbutus is in bloom And sparkling waters gleam.

I wish that I could thank you for The sweetness of your smile, For teaching me to understand That life is worth the while.

For the tender prayers you whispered Beside my bed at night; And for each sacrifice you made To keep my childhood bright.

For the words of gentle counsel That you have given me; For happy yesteryear, that are My sweetest memory.

And I have blown a kiss to you Across that tideless sea, Beyond the farthest silver star Into eternity.

To let you know that some bright dawn, When spring is young and new, I'll see your smiling face once more And walk again with you.

—Constance I. Heckbert.

Russian Cigarette Case Becomes Poison-Bullet Pistol

The cigarette case, top, is not what it appears to be. Dismantled as above, it shows how it is actually a pistol designed to fire poisoned bullets capable of killing a person at more than 25 feet. The case was one of the exhibits of

Capt. Nikolai Khoklov who deserted Soviet ranks and sought asylum in East Berlin. He said the pistol was given to him to kill Russian exiles who had turned anti-Communist.

Naval Commander Apologizes

KINGSTON, Jamaica (Reuters) Admiral E. B. Taylor, United States naval commander at Guantanamo Bay, Cuba, has apologized to the governor and people of Jamaica for incidents involving American sailors while off duty in the port of Kingston.

Taylor expressed "sincere regret" for an incident on March 13 in which an American naval senior from a visiting American warship fired a rifle shot in the air during a dispute with a Kingston policeman.

The policeman was said to have protested against being called a "nigger."

In a letter to Governor Sir Hugh Foot, Taylor promised to continue efforts to stamp out acts of this nature and assured him of the continued goodwill of the American Navy towards the people of Jamaica.

Fish Industry Has No Fear From H Bomb

CLEVELAND (AP)—The testing of tuna on the west coast for radio-activity has been stopped, says the chief of the commercial fisheries branch of the United States fish and wildlife service.

A. W. Anderson, here for a convention of the national fisheries institute, said the American public need not have fears because of H-bomb tests in mid-Pacific.

Anderson said the 1953 catch of fishery products in the United States and Canada came to about 4,500,000,000 pounds, worth \$325,000,000, he said. The search for new grounds was a continuing and expensive operation.

The conference also will discuss Canadian fisheries problems. James Sinclair, Canadian fisheries minister, is attending along with Stewart Bates, deputy minister, and George R. Clark, assistant deputy minister.

Lobster Fishing Regulations Will Be More Strictly Enforced

OTTAWA (CP)—Fisheries Minister Sinclair today said lobster-fishing regulations will be more strictly enforced this year.

If this and an education program against illegal fishing does not cut down illegal catches, the fisheries department will ask that minimum fines be imposed, he told the annual meeting of the Fisheries Council of Canada.

He said one group of fishermen already has asked the department to impose a minimum fine of \$1 for each undersized lobster and \$5 for each berried lobster female with unhatched eggs attached.

ILLEGAL FISHING

A highly organized system is known to exist in the Maritimes to warn fishermen when fishery-protection officers and inspectors were in the area, he added. A great deal of illegal fishing occurred in the Northumberland Strait area.

Mr. Sinclair said that regulations concerning the spacing of openings in lobster traps to allow undersize lobsters to escape will also be more strictly enforced. Legislation will be introduced later to permit seizure only while being used for fishing.

The suggestion that lobster canneries be prohibited from catching illegal lobsters was a logical one, Mr. Sinclair said. However, the co-operation of packers and fishermen would be needed.

Resurrect Old Menu For Treat On Mother's Day

PHILADELPHIA (AP)—The Penn Sherwood hotel resurrected a 120-year-old restaurant menu Tuesday and promised mothers that as a special Mother's Day treat Papa will have to pay only the listed prices.

Some samples: Beef steak—four cents; (ditto for pork chops, pork and beans, beef or mutton stew and corn beef and cabbage); roast beef, or veal, or mutton, veal cutlet and chicken stew, five cents per portion. At "higher" prices were ham and eggs, hamburger steak or roast chickens, 10 cents. Coffee was a penny a cup, two cents a "bowl."

A footnote said "regular dinner 12 cents."

The menu, the Penn Sherwood said, was the first printed in the United States, for Delmonico's restaurant in New York.

Said the hotel: On Mother's Day—Sunday, May 9, 1954, every mother may select her dinner from the above menu at the prices shown, or may choose any of our popular Sunday family dinners for just 12 cents.

For Papa and the kids, Sunday family dinner prices range from \$1.50 to \$3.50.
