Girl Is Terror Of Neighborhood

KITCHENER, Ont. (CP)—A 10-year-old girl, described as the terror of her neighborhood listened in juvenile court Friday while a parade of adults and children described her actions.

Among the charges against her were these:

She jumped from her veranda onto the back of a passing girl and kicked and pummelled her as though "she had gone crazy." Chased three other young girls with a table knife and plunged it into one of them—causing but little injury.

Kicked one child in the stomach and when chased, kicked her in the stomach again.

Kicked another child in the stomach, sending her home doubled up and screaming with pain.

Told one mother "I'll get your little girl," then attacked her within two hours

One mother said it was no use complaining to the girl's parents since they always said they were unable to control their child.

Two parents said they had transferred their children to another school as a safety measure.

The girl was remanded three weeks for psychiatric examination.
