SALARIES INCREASED.—The Winnipeg City Council has given all the principal civic officials largely increased salaries. The city engineer gets an increase of fifteen hundred dollars.

STATION BURNED.—The Agriculturist reports that the railway flag station at St. Eleonors was destroyed by fire on Wednesday. It is supposed to have caught from the engine of the morning train west.

ARRESTED ON SUSPICION.—The Hull, Quebec, police have arrested eight tramps believed to be the perpetrators of the robbery of \$11,000 from the Standard Bank at Bowmanville on the 13th of May. The watchmen of the bank has identified photographs of six of them.

SOME BUTTER.—Mr. E. H. Wright, Summerside, shipped over two hundred boxes of butter, which he purchased from the Lot 16 creamery, to Montreal, on Thursday last. Yesterday morning he shipped about two hundred boxes more, which he purchased in Crapaud. —Agriculturist.

AN OLD AND WELL TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs Winslow's Soothing Syrup.

A WOMAN OF HER WORD.—Mrs. Michael Kelly is a woman of her word. This fact was demonstrated beyond question a few days ago, says the Chicago Journal. All who were familiar with the facts and especially Thomas Burke, were thoroughly convinced. The latter had the best opportunity to judge, for he was in the act of packing up some silverware in Mrs. Kelly's dining room at Desplaines and Lake St., when Mrs. Kelly made and kept her promise. "If you resist I will throw you to the floor and sit on you," said Mrs. Kelly to Mr. Burke. It should be mentioned that Mr. Burke was a stranger to Mrs. Kelly, and had received no invitation to the latter's dining room. Bring a stranger and not wishing to stay where he did not belong, Mr. Burke foolishly doubted the word of Mrs. Kelly. Then Mrs. Kelly sat on him. Eventually the police arrived, and Mr. Burke went with them. With one man, at least, the word of Mrs. Kelly will, hereafter, be as good as her bond.

A REMARKABLE CASE.—A case that has puzzled the physicians of Maine not a little occurred recently in the town of Melo, about forty miles north of Bangor. Several months ago a young woman, who went in the best society, became ill with the gripe. For a time her life was despaired of and then she began to rally. She soon was able to be up and about, and her friends and relatives congratulated her on her recovery. But as the weeks wore on it was noticed that she did not appear to gain but seemed rather to be in a morbid state all of the time. This continued for a time, and she began to fail, finally taking to her bed. This was followed in a few weeks by her death. When the undertaker came to take charge of the remains a startling discovery was made. It was impossible to move the body. The instant that anything touched the flesh it fell away from the body. They only thing that could be done was to wrap the remains in a sheet and hold the funeral, which was done. None of the doctors in that section of the country were able to diagnose the case.

PERSONAL.

We are indebted to a friend in Jersey for late copies of the Jersey Post, from a number of which we cull the following reference to a distinguished first cousin of Dr. Fixott, of this town: Lieut-Colonel J. F. Fixott, who will succeed to the Inspector-Generalship of Ordnance at Bengal, is at present Deputy Director-General of Ordnance in India. He has a record of 22 years diligent service. He joined the Artillery in 1873, and became captain in 1874 and received his majority in 1889. The above gentleman is a son of Dr. James Fixott, who formerly practiced in the Island.—Richmond Record.

DEAR SIRS.—Within the past year I know of three fatty tumors on the head having been removed by the application of MINARD'S LINIMENT without any surgical operation and there is no indication of a return.

Imperial Meeting

LONDON, August 18.—The St. Petersburg correspondent of the Daily Telegraph says: Early in October the Emperors of Russia, Germany and Austria will meet at Skierny, Poland, where the Czar has arranged a hunt on a grand scale. The Foreign and War ministers of Russia will attend the Emperor Nicholas and it is said that grave political matters will be discussed.

Healthy happy children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of women is utterly inexcusable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect. By its use, thousands of weak women have been made strong and healthy—have been made the mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and almost painless and insures the well being of both mother and child.
