

Cause of Summer Complaints.

The most common cause of pain and looseness of the bowels is an irritation of the mucous membrane of the same, sufficient to produce excessive peristaltic or worm-like motion in the interior of the bowels by which means the matter in the bowels is naturally carried through them. This excessive irritation causes more than a natural peristaltic action, and the partially digested food matter is kept constantly passing along and evacuated freely. This is called a diarrhoea; where the irritation is enough to cause bleeding, we have dysentery. Indirect causes of diarrhoea, by which an irritation is started are intestinal dyspepsia, overeating, unripe or overripe fruit, tainted meats, or oysters, &c.; torpor of liver, by which not bile is secreted; excessive flow of bile, etc. TREATMENT. Thoroughly evacuate the bowels with say Parsons's Pills, they are among the best to get rid of all irritating matter. Then take Johnson's Anodyne Liniment in teaspoonful doses diluted in water every four hours, and oftener if the case is severe. In cases of Asiatic cholera, one teaspoonful should be given every half hour. Thousands of people remember the year 1849, when that worst known epidemic disease spread over this country. Johnson's Anodyne Liniment at that time was but little known outside of the state of Maine. In Bangor, Maine, the home of old Dr. Johnson, the cholera got a firm hold—people dying in that small town at the rate of "thirty-six in one day."

GRATEFUL-COMFORTING EPPS'S COCOA BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette
