SYRUP OF FIGS

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 75c bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Manufactured only by the CALIFORNIA FIG SYRUP CO., SAN FRANCISCO, CAL.

LOUISVILLE, KY. NEW YORK, N. Y. W. R. WATSON, Wholesale Druggist, Charlottetown. m w f j y 13

The God That Helps to Cure The Cold. The disagreeable taste of the GOD LIVER OIL is dissipated in

SCOTT'S EMULSION. Pure Cod Liver Oil with HYPOPHOSPHITES OF LIME AND SODA. The patient suffering from CONSUMPTION, BRONCHITIS, COUGH, COLIC, OR ANY OF THE AFFECTIONS, takes the GOD LIVER OIL, and a wonderful fish producer, SCOTT & BOWNE, Belleville.

Costs You a Cent.

\$350 A WATCH FREE TO EVERY PERSON Correctly answering this Word Puzzle.

The six letters designated by stars above must be supplied by the guesser, and when complete gives the name of a prominent and well-known place in Ontario. The name is familiar to every intelligent person in Canada. So is the name of the largest city in Ontario. Guess it. The correct answer to this puzzle is sealed in an envelope and same deposited with The Trusts Corporation of Ontario, which will be held by them and opened in the presence of witnesses on December 31st, 1892. To the first correct answer will be awarded a Mason & Rich (\$350) Upright Piano. Second, a lady's Gold Watch and Chain, value \$100. Third, a magnificent Lady's Secretary. Fourth, a beautiful Dressing Case, mounted in silver. Fifth, a Silver Tea Set. The next ten (should there be that number sending correct answers), each a Gold Pen with pearl handle; and to the last twenty-five (contest closes Dec. 30th next) each a pair of Imported Opera Glasses, and many other valuable prizes.

THE CANADIAN QUEEN is under entirely new management. It has the largest circulation of any publication in Canada, and to-day is the most successful financially and otherwise of any publishing house in the Dominion. There are thousands of well-to-do families in Canada who do not know THE QUEEN, and this prize contest is offered to attract their attention to it. No family should be without a first-class magazine. It is entertaining and instructive to both old and young, and prize winners subscribe and introduce to their friends this treasure for their liberality. As every person from whom we receive a correct answer receives a watch, you should not fail to try it. It is not necessary to send any money or stamps. Send your answer on a postal card. It costs but one cent. Answer promptly, and address THE CANADIAN QUEEN, Toronto, Ont. Only one answer from the same person will be considered.

WANTED.

A MALE TEACHER—first class preferred—for Pownall School, District No. 24. Reasonable salary—no given to a suitable person. Immediate personal reply requested. JOHN SMITH, Secretary.

THE DAILY EXAMINER.

NOVEMBER 4, 1892.

Notes and Comments.

—Leading ocean steamship companies give assurances that cholera is not likely to break out in Europe next summer. Some Western doctors hold that it will surely make its appearance in America. The Montreal Gazette remarks that the proper thing under the circumstances will be for this continent to hope with the steamships and prepare with the doctors.

—It is to be noted that, while the exports of Canada for the first quarter of 1892 show an increase of \$5,777,063 over the figures of the same period of 1891, not less than \$3,940,137 of this is in farm products, made up of \$1,371,355 in animals and their produce and \$2,568,782 in products of the field. The McKinley bill's expected work is not evident in that regard.

—The New York Press says: "While the report of the British Board of Trade shows that British industry is in a decline for which there is no apparent relief, that many thousands of workmen are out of employment, and that wages are being reduced in almost every branch of trade, a very different picture has been presented in the United States, under the protection of the McKinley law. New industries have been introduced, and those already established have received a new and prospering impulse. Labor, skilled and unskilled, is in good demand at remunerative wages, and it is absolutely certain if the people vindicate the policy of protection, by the election of Harrison, that a healthy and extraordinary development of trade and business will take place, never equaled in this or any other country."

Notes at Georgetown.

The substantial men of business in Georgetown are taking an active part in our export trade. They have vessels either owned by themselves or under charter not only at Georgetown, but at Montague, Cardigan and other ports.

With its unrivalled harbor and splendid facilities for boating, bathing and driving, Georgetown, too, is destined to rise to importance as a summer resort. The hotels and boarding houses of the town have an excellent reputation. We have no doubt that the number of strangers visiting it every year will increase.

The post office and the telephone are both centrally and conveniently situated. There is no town more efficiently and courteously served in respect to these offices than Georgetown. The statement concerning the telephone office made by the Journal, is certainly incorrect in respect to door of entrance, and seems to be merely ill-natured. The agent of the telephone company at Georgetown is both capable and obliging.

Mr. Blake in Boston.

The Boston papers contain full accounts of the visit of the Hon. Edward Blake to that city last week. On Wednesday evening the honorable gentleman addressed a large audience at Tremont Temple presided over by the mayor of the city, on the Irish Question. He spoke on Thursday evening at Harvard University. The following extracts are from the Globe, Oct. 28:

Not for a long time have Harvard students listened to more eloquent speaker than Hon. Edward Blake, M. P., chancellor of Toronto University, who spoke in Sever Hall last night upon "The Home Rule Question in Ireland." The speaker was introduced by Mr. Arthur Mellich (of this city), president of the Canadian Club. Not only the students but the faculty of the college were present, and many of the literary and society people of Cambridge were interested listeners. The pleasing way in which he referred to Harvard and his connection with its own provincial university at once put him and his audience on good terms, and after this introduction he carried his hearers with him until the very end of an address of an hour and a half. At the end of almost every one of his long, rapidly-moving sentences he was loudly applauded, and the greatest enthusiasm was shown when he referred to Mr. Gladstone's labors on the Irish question as his last political work on earth, but Mr. Blake's eloquent peroration moved his listeners so much that they remained seated for a considerable space of time to show the appreciation. In his own words: "The only way to settle the question in Ireland is to convert the occupant into the proprietor of the soil, and it will change the whole face of Ireland, and it will have a chance to become what it might long ago have been, and what I trust in God it will soon be—the crown and glory and strength, instead of the shame, the weakness and despair of the British empire. And I believe that not least but greatest among the results to be achieved will be the restoration of the feeling of amity and friendship between Irish and English people throughout the world and that we shall see a great act of justice crowned with the blessed fruits of friendship and reconciliation."

It is beyond all doubt that "Myrtle Navy" is the favorite tobacco with the smokers of Canada. They obtain more enjoyment from every pipe of its manufacture than the most diligent care is exercised to preserve the genuine aroma of the leaf.

Oh Yes We Will.—We will give you better value in carpets, oil cloths, curtains, set tables, damasks, window shades and all house fittings, etc., etc., than you have ever got before. Where? At the old stand and from the same old firm—James Paton & Co., Scotch Store. Nov 23.

SEE our speciality for the season, "The Charlottetown Box of Stationery," it leads all in its line—Hazard & Moore.

The Dairy Boom.

MEETING OF FARMERS.

PURSUANT to notice, a large, influential and very enthusiastic meeting of the inhabitants of Stanley and adjacent settlements was convened in Stanley Hall on the evening of the 2nd inst.

Arthur Simpson was appointed chairman, and the undersigned Secretary.

Dr. McNeill stated the object of the meeting to discuss the advisability of establishing a cheese factory in the vicinity of Stanley Bridge.

Mr. Dillon, the popular manager of the Experimental Dairy Station at New Perth, and Mr. Hamilton, a prominent farmer and dairyman of that place, were present by invitation and addressed the meeting. Mr. Dillon, in an able and lengthy address, reviewed the cheese industry of the Dominion from its inception up to the present time. He strongly advised organizing a co-operative company and the building of a cheese factory in this locality, and gave us some valuable hints with respect to how we might operate a factory successfully.

Mr. Hamilton, on being called for, addressed the meeting at considerable length. He gave us a minute description of the factory buildings and plant at New Perth, giving as the cost in dollars and cents. Mr. Hamilton is an enthusiastic dairyman and is well pleased with the success that has attended the past season's operations. The meeting was then addressed by the following gentlemen: J. C. Clark, Dr. McNeill, W. J. Simpson, G. W. Simpson, John Simpson and others, all of whom spoke strongly in favor of establishing a cheese factory. Dr. McNeill then moved the following resolution, seconded by Daniel Ross:

Resolved, That in the opinion of this meeting, a cheese factory should be located at or near Stanley Bridge, and that a committee be appointed to canvass adjacent settlements to ascertain the number of cows, and if the milk from a sufficient number of cows can be obtained, then that application should be made for an experimental station.

This resolution was carried almost unanimously. The following committee, representing different sections was then appointed: Daniel Ross, Stanley; Walter Simpson, Bay View; Patrick Reid, Hope River; John McDonald, Stanley; W. J. Simpson, Cavendish; Hugh McKay, Stanley; W. D. Clarke, Cavendish; A. K. Henry, Granville; R. B. McLeod, French River. A vote of thanks was then tendered Messrs. Dillon and Hamilton for their able and instructive addresses and was suitably acknowledged. The Rev. Mr. McDonald of St. Ann's being present, was called for, and addressed the meeting. His remarks were strongly in favor of a cheese factory. The secretary was requested to send a report of the meeting to the daily and weekly papers. After a vote of thanks to the chairman, the meeting closed with three cheers for the prospective cheese factory and three for Messrs. Dillon and Hamilton.

The meeting was very enthusiastic all through and if the committee can be in and in enlisting those interested, who were not there on that night, a cheese factory at or near Stanley is a certainty in the near future.

WALTER SIMPSON, Sec'y of meeting. (Island papers please copy.)

LETTERS TO THE EDITOR.

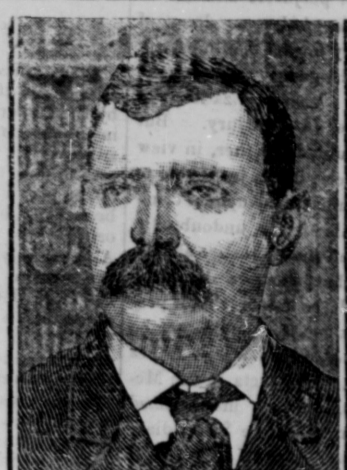

A Protest.

Sir,—There appeared in the Guardian of the 27th ult. a letter over the signature of "Prohibition," having reference to the finding and handling of the body of the late James Murphy. As the letter referred to is supposed to be the production of the disordered imagination of an unbalanced mind, little heed would be given it were it not for the slanderous and lying statements which it contains. In the first place, the letter was wholly uncalculated. In a case of this kind, surely the relatives and friends of the deceased have it sufficiently trying, without being made the butt of scurrilous attacks of newspaper correspondents. When "Prohibition" states that the body was found on Saturday, he tells a deliberate falsehood, as the body was not found until the following Tuesday. His next statement about the number of bottles of liquor found in the pockets of the deceased is false, as is also his statement regarding the handling of the body, as it was handled with all due respect and as well as it could possibly be under the circumstances. But when he caps the climax by saying that the three who crossed in a boat that morning were intoxicated, he tells a deliberate and malicious lie, as they are known to be strictly temperate men. In conclusion, Mr. Editor, I would say that if the editor of the Guardian would be more careful in regard to his correspondents, his paper would be thought more of than it is now; and if "Prohibition" would use his tongue and pen a little more in helping to put down the ideas of infamy that it drips under his nose, and less in writing lying and uncalculated letters, it would be more to his credit and more in accordance with the doctrine that he attempts to set forth. He can quote, "What shall a man give in exchange for his soul," but he forgets, like many another hypocrite, that "Thou shalt not bear false witness."

MONTAGUE.

SKODA'S DISCOVERY, the Great German-American Remedy for Heart, Nerves, Liver, Kidneys, Blood. Guarantee contract with every bottle. Pay only for the good you receive. At all Druggists, \$1.00 per bottle, six bottles \$5.50. If you want to know about SKODA'S REMEDIES, send postal for "Morning Light."

The Toronto Globe has a second article advocating Canadian Pacific Railway interests in connection with the fast Atlantic service and the control of the Intercolonial Railway.

STEPHEN H. WARREN. FROM THE ISLES OF THE SEA. Liver & Kidney Trouble COMBINED WITH PALPITATION OF THE HEART CURED!

STEPHEN H. WARREN OF ISLESBROOK, ME., IS WELL KNOWN IN HIS NATIVE TOWN AND THE GREATEST CURE CAN BE GIVEN TO HIS STATEMENT. TO A REPRESENTATIVE OF THE SKODA DISCOVERY CO. HE RECENTLY SAID:

"For more than two years I have suffered from a very great misery from what Physicians call Liver and Kidney Troubles. Nearly all the time I would have severe pains in my back and side, with a constant dull pain in the region of my liver. My bowels were constipated and I suffered from indigestion. Food did not give me any strength. I was so weak that I could hardly walk. My heart would palpitate greatly at times. In fact I was well broken up."

For two months I have been taking SKODA'S DISCOVERY and SKODA'S LITTLE TABLETS, and I AM A NEW MAN. Appetite good. Bowels in good condition. Heart palpitation all gone. No trouble with Liver or Kidneys now. I AM WELL. You certainly have a wonderful remedy in SKODA'S DISCOVERY as I have taken many of the Sarsaparillas, and have been treated by different Physicians without getting permanent benefit."

THE ONLY MEDICINE SOLD WITH A GUARANTEE CONTRACT WITH EACH BOTTLE. TRY A COURSE (6 BOTTLES) AT OUR RISK, IF NOT BENEFITED RETURN BOTTLES AND GET YOUR MONEY. PAY ONLY FOR THE GOOD YOU RECEIVE. SKODA DISCOVERY CO., Wolfville, N.S.
