SIR CHAS. TUPPER IN BOSTON.

At a recent meeting in Boston in aid of the Patriotic Fund, Sir Charles Tupper was the principal speaker. He was presented to the audience amid wild cheering, and in the course of his remarks said: "The question is whether the millions of inhabitants of South Africa are to suffer under a government of the 17th century or whether they are to live under the enlightened rule of the 19th century. This is not a war of freedom, but of civilization against an oligarchy. English people paid nine-tenths of the revenue of the country and Kruger had promised equal rights to the English, but they were not given one iota of the liberty that Kruger had held out to them. English is not permitted to be taught in the schools." "My acquaintance with members of the commons in England," said Sir Charles, "leads me to say that you cannot improve the good feeling that exists between the United States and England." During the evening between \$1,500 and \$2,000 was raised by a collection.

LECTURE LAST NIGHT.—Last night Mr. J. K. Ross, Provincial Manager of the North American Life Insurance Co., gave a lecture before the students of the C. B. C., on the principles of Life Insurance. Principal Miller, in introducing the lecturer, referred to his being a former student of the C. B. C., and as he wished to give the students the best of everything he had secured Mr. Ross for this subject. In opening his lecture Mr. Ross spoke of the pleasure it was to him to see so many young men and young ladies qualifying themselves for the active duties of life. After referring to the great future before this young nation, he said competent bookkeepers, stenographers and typewriters would always be in demand. He fully explained the principles of life insurance and illustrated the various plans as level premium, natural premium and assessment. Mr. Ross promised to give a continuation of his lecture in the near future, explaining the various kinds of policies. Mr. Richard Smith, Secretary of the Public Works Department, also spoke in favor of life insurance, and was pleased to see that the C. B. C. was continually progressing under the able management of Principal Miller.

Stewart and W. L. Cotton. The services in St. Peter's Church began at 1.45, Rev. James Simpson, M. A., officiating.

A NEW BRUNSWICK FIRE.—The St. John Gazette says: The house belonging to George Green, at Lorne, Victoria Co., was recently burned to the ground. Three little children were alone in the house, the mother having gone to a neighbor's for a few minutes, the father being at work in the woods. The mother arrived in time to save the children, but the little ones were burned on their hands and faces. Nothing was saved from the house.

AT THE RINK LAST NIGHT.—Mr. Bart Duffy has made a name for himself in Charlottetown through his speed and fancy skating. Last night at the rink he did some very fast skating, making a quarter mile in 49 seconds. The intricate fancy skating which he performed won the admiration of all. The hockey match in connection with the evening's sports between the Abegweits and Victorias was a disappointing affair. The score was 4-4. Mr. Duffy will be at the rink tonight and will skate a quarter mile, and compete against Gaudet and Stewart in the relay race.

LOYAL MISCOUCHE.—The Summerside Journal says: The news of Lsdysmith's relief was received in Miscouche with great enthusiasm. At 7 p. m., on Thursday last an immense crowd assembled near Mr. G. DesRoches' store and a great bonfire was lighted. Then the roll of drums was heard and in a few moments the Heckman Band, headed by the Union Jack, arrived on the scene. Cheers were given for Queen Victoria, General Roberts and Buller, and for our brave Island boys. This was followed by selections by the band amidst the cracking of musketry, there being quite a number of guns, with Mr. Marc Gaudet's Long Tom predominating. The playing of "God Save the Queen" by the band terminated the celebration, and all went to their respective homes quite confident that the noble Union Jack would, in the near future, wave over the whole of the enemy's country.
