

CH'TOWN B. & P. CLUB OFFICERS INSTALLED

Mrs. Helen Dunbar, Provincial President of the Business Women's Club, installed the officers of the Charlottetown Club at the June meeting held last evening at Parkdale Women's Institute Hall. Left to right in the picture are Mrs. Helen Dunbar, Miss Iphigenie Arsenault, President of the Charlottetown Club, Miss Lena McLure, Vice-President, Miss Isabel MacDonald, Recording Secretary, Mrs. Margaret Holmes, Corresponding Secretary, and Miss Lillian Duchemin, Treasurer.

Maritime Conference Of The United Church Opens

The 34th annual sessions of the Maritime Conference of the United Church begin today (June 10) in Sackville, N.B. The sessions will open with Rev. J. Arthur Forbes of Fredericton as President, and a new President will be elected on Wednesday morning. Rev. Evan Murray of Oxford Street church in Halifax is Secretary, while the Rev. Willard Picketts, a native of Kelvin, P.E.I., and now minister in Truro, will serve as assistant secretary. Approximately 400 ministers are eligible to be present, with an equal number of lay representatives. Some 40 ministers belong to the P.E. Island Presbytery, and they, together with an equal number of lay delegates, are eligible. Because of the fact that a number of ministers be-

Commerce Teachers Taught Through Actual Experience

By GEORGE FRAJKOR, Canadian Press Staff Writer. MONTREAL (CP) — Since experience is the best teacher, even teachers should have some, the Investment Dealers Association of Canada believes. Recently the association and the Montreal, Canadian, and Toronto Stock Exchanges held their fourth annual investment seminar for university professors. Eight teachers of commerce, economics and business administration courses from St. John's, Nfld., Antigonish and Wolfville, N.S., Quebec City, Sherbrooke and Montreal visited Montreal businesses, while four from Toronto, Ottawa and London, Ont., took a Toronto tour. The idea was quite simple to give them first-hand knowledge of how investment is carried out. There is the association says, a vast difference between theoretical knowledge of the laws of investment and the practical, hard-headed workings of an investment brokerage.

To Hold Music Examinations In Charlottetown

Mr. John J. Weatherseed will conduct current examinations for The Royal Conservatory of Music of Toronto in Charlottetown, June 14th, 1958. Organist and choirmaster of Deer Park United Church, Toronto, John J. Weatherseed is known across Canada as an adjudicator, lecturer, and examiner. He was organist and choirmaster of a large church in the south of England at the age of fifteen. Following positions in Manitoba and Ontario, Mr. Weatherseed settled in Montreal, where he was organist and choirmaster of St. Anglican Church. He was instructor in piano and organ at McGill Conservatorium and lecturer in music appreciation, history and form in music in McGill University. He also conducted the Mendelssohn Choir in Montreal for some years.

Later, Mr. Weatherseed moved to Toronto, joining the faculty of the Royal Conservatory of Music as teacher of piano, organ, and theory. Past president of the Toronto Chapter of the Royal Conservatory Alumni Association, the Ontario Registered Music

Basic Issues Left Unsettled As De Gaulle Adds 6 Aides

By HAROLD KING. PARIS (Reuters) — Premier Charles de Gaulle filled some of the gaps in his cabinet Monday but left unsettled many of the major problems facing his administration. Six new ministers were named at a cabinet meeting that lasted only 45 minutes. But the general did not bring up his plans for Algerian municipal elections or a constitutional referendum Oct. 5. "There was no discussion in the council of ministers," said Information Minister Andre Malraux. "It was, as in the time of Napoleon, a council of great formalities." In addition to the Algerian elections and the referendum, the ministers had been expected to discuss steps to ease the strained relations between France and its two former North African territories, Tunisia and Morocco. But these were not taken up either. Some or all of the subjects on the agenda that were not discussed are expected to be dealt with at another cabinet session, probably today. NOT MENTIONED Malraux's report made no mention of Jacques Soustelle, one of the leaders of the military and civilian take-over in Algeria that carried de Gaulle to power eight days ago.

Cases Heard By Magistrate

In Magistrate's Court before Magistrate Gilbert A. Gaudet, yesterday morning, a resident of Vernon Bridge was fined \$65 and costs on a charge of impaired driving, and a resident of Ocean View was given the same fine on a similar charge. Two parties from Kings County were each fined \$20 and costs, one on a charge of illegal possession of liquor, the other on a charge of intoxication in a public place. The case of a Grand Tracadie man appearing on a second charge of having in his possession equipment for the manufacture of moonshine was adjourned until June 16. A resident of Tracadie Cross charged with possession of moonshine was fined \$25 and costs or 30 days. The case of a resident of the same district charged with the same offense was dismissed. A party from Mount Albion also charged with the same offense was fined \$25 and costs or 30 days. For failing to yield the right of way when entering the Trans Canada Highway off the Malpeque Road, a resident of Charlottetown was fined \$5 and costs or five days.

Bear Bothering Children Shot

NORTH BAY, Ont. (CP) — A large black bear which had been bothering two small children at nearby Widdifield Station was shot Monday by their father after a 24-day vigil. Iberville Gagne, 40, killed the animal with three rifle bullets after it walked into his front yard Sunday morning. His children, Lorraine, 6, and Victor, 2, first saw the bear more than three weeks ago and had run from it several times since. They had just entered the house Sunday when it came out of the bush again. The bear measured almost seven feet from snout to tail. Mr. Gagne said it weighed nearly 500 pounds.

Coming For M. P. B. T. Annual Meeting In Charlottetown

Ralph C. Pybus, Vancouver, President of the Canadian Chamber will visit the Atlantic Provinces from June 16 to June 28. In releasing the itinerary of the National President, A.T. Parkes, Maritimes Manager of the Canadian Chamber stated that Mr. Pybus would attend the Annual Meeting of the Maritimes Provinces Board of Trade in Charlottetown at which time he will be provincial speaker at the Annual Dinner on Monday, June 23.

P. E. I. Geological Survey To Be Resumed Now

Dr. George H. Crowl, Geologist, will conduct a geological surface mapping program of P. E. I. during the summer months, and will begin work this week. This program has been conducted during the past seven summers by the Department of Mines and Technical Surveys, Ottawa. In addition to the ground survey, there will also be some aerial survey work carried on. The ground work will cover the area west of Mount Stewart, while the aerial survey will be general. Besides the Imperial Oil drilling activities, the California Standard Company also have a license to carry on a survey and will begin between Bloomfield and North Cape. Further geological mapping will be done between Point Prim, Wood Islands and Fortune.

Mayor Expects Better Deal For Municipalities

Mayor Edwin C. Johnstone, who recently returned from a conference of the Federation of Mayors and Municipalities of Canada in Victoria, B. C., stated yesterday that he had hopes of a better deal for municipalities when federal, provincial and municipal leaders get together for a conference to be held in September probably in Ottawa. He said that since the Federal Government took over most of the sources of revenue from the municipalities, there has been considerable difficulty in meeting the increased costs of civic government. He felt, however, that the note of optimism concerning this question at the conference indicated there is a feeling that municipalities will get a better break in the future.

Hospital Plan Will Save N.B. Citizens Millions, View

FREDERICTON (CP)—Federal participation in the hospital insurance plan jointly sponsored by the Province and Dominion will save N.B. citizens \$6,000,000 in 1959, Hon. J.F. McInerney, Minister of Health and Social Service, said Monday. Addressing the N.B. Pharmaceutical convention, he said that the plan expected to be launched Jan. 1, 1959, should be regarded as a plan for lessening the financial burden of residents who would benefit from the federal grant. He noted that some \$3,000,000 in subsidized hospital care would be defrayed from other sources during the coming year, such as workmen's compensation medical allowances and DVA aid. For the successful implementation of the plan at least 85 per cent of N.B. citizens must participate, and eventually the plan would probably be made compulsory, although in the initial stage next year membership would be voluntary. The plan would not provide treatment for tubercular or mental patients, who receive substantial aid from the province already, but would provide unlimited diagnostic and hospital care and tests for people of all ages and physical conditions on the advice of a doctor, in contrast with lesser benefits under commercial schemes. If the scheme is not controlled, Dr. McInerney warned, it would easily cost the province \$25,000,000 instead of the lesser figure contemplated because of the increase demand for medical services. Facilities for hospital patients seemed adequate for a reasonable initial demand, he said, but an increase in accommodation for convalescents might be necessary. Dr. McInerney mentioned that no provincial hospital operated at a profit at present and stressed the benefit that would accrue to municipalities from increased government financial support. He also emphasized the "relatively small" cost of the proposed plan, with the estimated top fee for a family with children being \$50 yearly or just over \$4 per month. The comprehensive plan would also include out-patient care for patients not requiring continuous hospital treatment, including care for those involved in auto collisions reporting within 48 hours of the accident.
