

(Continued from first page.)

If we take one item, potatoes, we find how we are handicapped as compared with our brother farmers in Nova Scotia or New Brunswick. Our farmers have to ship their potatoes at a season of the year when they are unfit for shipping, when the markets are overstocked and prices are low; whereas the Nova Scotia and New Brunswick farmers can hold their potatoes until the markets want them. Hon. members will see at once the disabilities which our people labor under in this regard. Turning to the Trade and Navigation Returns, I find the following to be the comparative exports of potatoes from the different Provinces for the year ended 30th June, 1888:—

Table with columns: Provinces, Bushels Exported, Value Realized, Average Price. Rows include Ontario, Nova Scotia, Manitoba, New Brunswick, Quebec, P. E. Island.

Total... 2,091,730 \$1,060,495. 1887.—Total exports of starch, \$1,223,309. Prince Edward Island exported \$1,164,000, or 94 1/2 per cent. of the above.

It will be seen from this comparison that Prince Edward Island gets less than one-half of what Ontario gets; less than one-half of what Nova Scotia gets; about half of what Manitoba gets; about half of what New Brunswick gets; and about half of what Quebec gets for her potatoes. To put the matter more forcibly. For her 1,294,055 bushels, Prince Edward Island does not get as much as Nova Scotia gets for 677,872 bushels. That cannot be otherwise, for want of proper communication with the Mainland and the markets of the world. If our Province was tacked on to Nova Scotia and New Brunswick, and could ship every day with the same freedom that they can from St. John or Halifax, the exhibit would be largely in our favor. The result of the existing condition of affairs is that she now loses, for every head of her population, about \$3, or \$17 50 per family, on this one item of potatoes alone, for want of proper communication with the mainland. We are compelled in the fall of the year, in frost and snow, to ship our products, because we know, when our ports freeze up, we are shut out from the markets. And again in the spring of the year, when potatoes are high in the markets of the United States and in the neighboring Provinces, we cannot ship our produce from the fact that our harbors are frozen up. I have to-day a telegram from Summerside, stating that there are nine vessels loaded there for market, and asking for assistance of the steamer Stanley to open the harbor, still frozen over. On every item of farm produce we find that we are

All Right, 5817.

THIS SPLENDID HORSE is too well known to the breeders of Prince Edward Island to need any puffing. They all know what he is, and what a grand family of trotters and roadsters he has built up in the Maritime Provinces, where his stock have taken high rank, and are every year coming to the front. He is one of the very few horses in the provinces that contributed a representative to the 230 list in 1889, his son Charlie Mitchell having made a record, in a contested race, of 2:28 1/4.

ALL RIGHT, 5817, is the sire of George Lee... 2:23 1/4 Charlie Mitchell... 2:28 1/4 Black Pilot... 2:30 1/4 Black Bird... 2:36 1/4 DuFrance... 2:39 1/4 Little Fred (trial 2:28)... 2:39 1/4 Mand R... 2:40 Lucy Derrick (4 yr. old)... 2:44 Nellie T. (trial)... 2:33 George All Right... 2:41 Nellie... 2:45 1/4 and many other speedy and well-known trotters.

ALL RIGHT will stand at the Stables of Patrick Connolly, in Charlottetown, every week from Tuesday morning to Saturday morning at R. Y. McCoubrey's, New Glasgow Bridge, every Monday afternoon; and in Summerside every Saturday from noon till Monday at noon.

If you want to raise trotters—and of course you do—breed to ALL RIGHT, and you will get fast trotters and first-class roadsters.
