ELECTRICITY IN THE AIR.—The Halifax Recorder speaking of the Amateur Dramatic Co's visit to Charlottetown says: "The class have secured a number of electrical effects and novelties from New York and there is no doubt their visit to Cherlottetown will be one not soon forgotten." The electrical effects under the direction of Mr. New, stage electrician of the Halifax Academy of Music, will be used each night for the serpentine and rainbow dance to be produced by Miss Ada Tufts, and also for the rainbow and electrical storm in "The Curse of Cain." The specialties in the first night's bill "June," besides the serpentine dance, will be "The Saw Mill Scene" with machinery in motion sawing lumber, and the "Country Band" with its funny Drum Major. Mr. Vinnicombe's orchestra has been at work some time now practicing for these performances.
