

### Maroons Shade Tignish Aces In Semi-Final Opener 10-9

ALBERTON — The O'Leary Maroons edged the Tignish Aces 10-9 Tuesday night in the opening game of a four team league for the West Prince hockey championship and a trophy now held by O'Leary.

The winner of the Tignish — O'Leary best-of-three series will go against the winner of an Elmsdale — Alberton Regals semi-final series in a best-of-five final for the title.

Although scoring was high in the opening game, the fans saw plenty of excitement as the short-handed O'Leary squad came from behind to defeat the highly favored Aces.

Tignish was ahead 4-2 in the opening frame and increased its lead to 7-3 at the seven-minute mark of the middle period.

Four tallies in a row put the Maroons back in the game with the second session finally ending 8-6.

The closing round was the liveliest of the game but the O'Leary team was not to be beaten as the Maroons continued to beat off the Aces to end the game one goal ahead.

Blair Bernard and Ian Strang were outstanding for O'Leary. Glen Matthews scored three for Tignish followed by L. Richard with a pair and T. Gavin, A. McAlduff, A. Richard and K. MeRea with one each.

Blair Bernard chalked up three for O'Leary. W. Adams and E. Adams earned a pair apiece and Ian Strang, A. Selick and Rankin MacKinnon tallied one each.

Penalties were awarded to M. Kinch and B. Grady of Tignish and E. Adams of the Maroons. Referees were Larry Profit and Tom Barbour.

### Warehouse Water Main Springs Leak

SUMMERSIDE — A six-inch water main that supplies the sprinkling system in Holman's warehouses at the rear of the store sprung a leak on Tuesday and although the water spilling the main has been cut off, the hole in the pipe has not been located as yet.

Much of the pipe is lying under pavement and although several holes have been dug in an attempt to locate the damaged area, so far it has not been pinpointed.

Alfred Groom, engineer with the water and sewerage department, noticed the pressure decreasing rapidly on Tuesday and fortunately located the trouble area almost immediately.

Mr. Groom stated that if the flow had not been quelled the stand pipe reservoir would have been dry in a few hours presenting a real danger in case of fire.

Mr. Groom and his men will further endeavour today to find the break.

### Annual Meeting

(Continued from page 2) ers; Evening W.A., Mrs. S. Kory and Mrs. W. A. Smith; AY PA, Mrs. W. A. Smith and Mrs. H. B. Armstrong; Junior Auxiliary, Mrs. W. Shama and Mrs. George Sherrea; Girl's Auxiliary, Mrs. H. MacPherson and Mrs. Robert Acorn.

On motion of Mrs. A. B. Cosh, seconded by Mrs. Burt, \$20 was donated to the committee conducting the upkeep of the old Protestant cemetery.

On motion of H. B. Armstrong, seconded by Mrs. Rogers, the Vestry was authorized to investigate the problem of altar rail and chancel step falls.

Chairman A. H. Peake, reporting for the nominating committee.

### ALBERTON

Cnst. Fred Schultz, Charlottetown, was a weekend visitor to Alberton.

Miss Belle Wilkie, spent the weekend with her parents, Mr. and Mrs. Arthur Wilkie, Alberton.

Miss Helen Bryan, Charlottetown, visited her parents, Mr. and Mrs. Frank Bryan, at Alberton during the weekend.

Misses Joan and Frances Currie, Charlottetown, were weekend guests of their parents, Mr. and Mrs. Winston Currie, Alberton.

Eileen Wilkie, daughter of Mr. and Mrs. Sterling Wilkie, Alberton, is a patient in the Western Hospital.

Mrs. Neil McDonald, Alberton, has entered hospital in Charlottetown.

### Hockey at Alberton

Alberton Regals vs. Elmsdale Rockets. West Prince Hockey League semi-finals.

Free Skate Saturday Afternoon. Saturday Night — Tryon Girls vs. Alberton Girls. Time 8:30. Skate after.

### Mrs. John Weeks Dies In Hospital

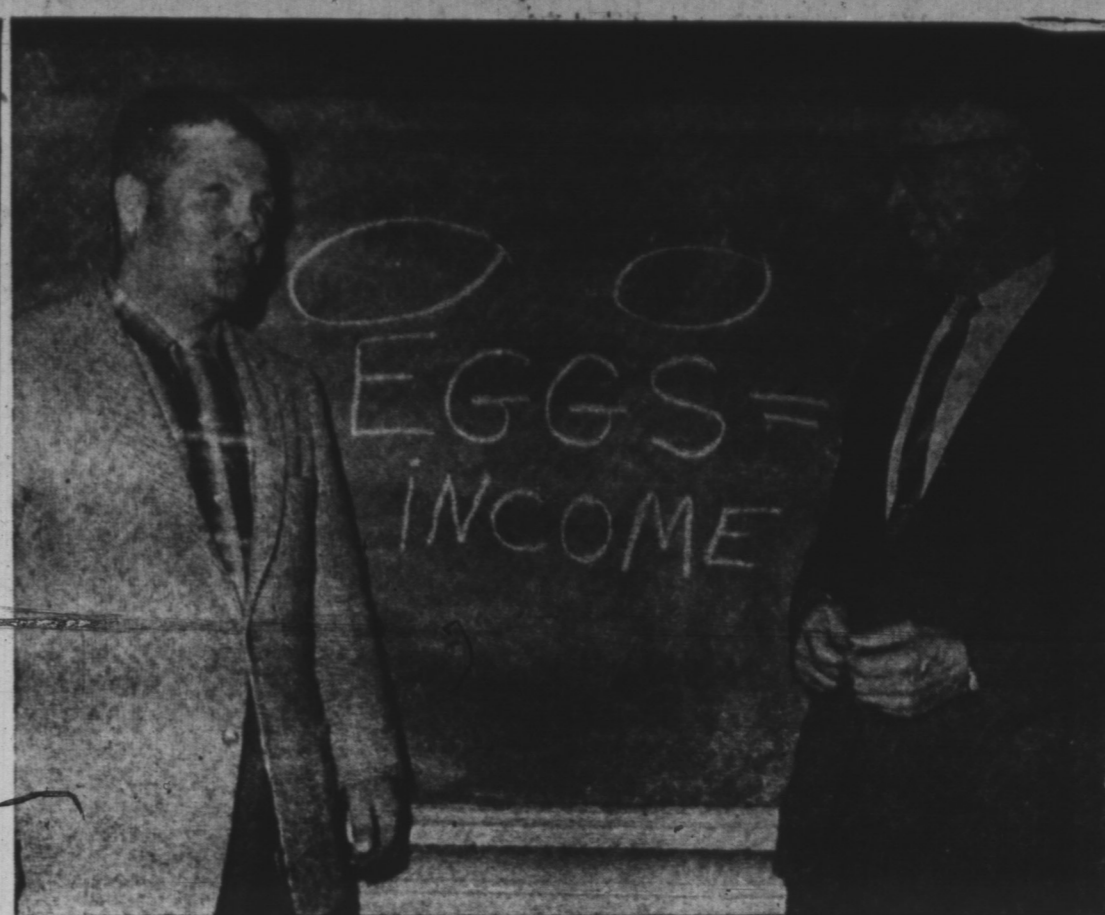

ALBERTON — The death of Mrs. John B. Weeks of Alberton South occurred in the Western Hospital Tuesday morning following a very brief illness.

The former Alice McHugh, daughter of the late Mr. and Mrs. Patrick McHugh, was born at Seo Cow Pond 81 years ago. For approximately 60 years she has been a resident of Alberton South except for several intervals when she and Mr. Weeks lived in the United States.

Her husband predeceased her three years ago. She is survived by two sons, Howard of Alberton South, with whom she has resided for the past two years, and Earle of St. John, N. B.

There are six grandchildren and four great-grandchildren. Also surviving are three brothers and two sisters: James McHugh of Alberton South, Thomas and William McHugh of New Sherman, Maine, Mrs. Everett Trank (Clara) of Waterville, Maine, and Mrs. Hanna (Elizabeth) of Chatham, N. B.

The funeral will be held this (Thursday) morning from the home of Mr. and Mrs. Howard Weeks to the Sacred Heart Church. Interment will be in the church cemetery.

### POULTRY PROBLEMS STUDIED

Improvement in the production and marketing of eggs was the objective of interested poultry producers who met in the Summerside Civic Auditorium

on Tuesday evening, with Charles Yeo, Sherbrooke, agricultural representative to APEC as chairman, who is seen in conversation with the provincial minister of agriculture.

tended and spoke to the meeting. Eugene Cullen, who along with deputy minister of agriculture, Stewart Wright.

pression of thanks and good wishes was sent to the former rector, Rev. Canon G. E. Moffatt.

whom are in hospital. The sympathy of the congregation was forwarded to Mrs. E. A. Foster on the recent death of her husband, who for many years was an active and valued member of the congregation.

The meeting closed with prayer by the Rector.

On motion by A. H. Peake, seconded by W. Shama, a vote of thanks was extended Rev. Canon Davies, Rev. Canon Malone, Rev. W. G. Hogg, Paul Kays, vestry clerk, Miss Brenton, organist, and choir members. Mr. and Mrs. M. Blake were also thanked for assistance rendered the treasurer.

On motion of H. L. Palmer, seconded by W. Shama an expression of thanks and good wishes was sent to the former rector, Rev. Canon G. E. Moffatt.

The meeting closed with prayer by the Rector.

### EIGHT GUIDES ENROLED

Eight new members who enrolled as Girl Guides with the 3rd Summerside Company last night at an enrollment and fly-up ceremony conducted by Miss Hel-

en Mullaly Company Lieutenant, and Mrs. John Ellis, District commissioner. From left to right front row, are Mildred Corney, Carolyn Arsenaull, Virginia Mac-

Donald, Carol Souter. Second row are Dianne Morrison, Mona Arsenaull, Linda Arsenaull and Kathleen DesRoches.

### Official Opening Sat. Of Miscouche School

SUMMERSIDE — The official opening of the new Miscouche High School will take place Saturday afternoon at 3:00 o'clock when the Lieutenant-Governor F. Walter Hyndman, Premier A.W.

Matheson Education Minister, Keir Clark and other dignitaries are expected to be present for the ceremonies.

The school, which has been in use since September, is a one-story building containing four classrooms and a library. It has a fully lighted basement which can be converted into additional classrooms when required.

The modern building was erected by the County Construction Company of Charlottetown and construction was started on June 25 and was ready for occupancy on September 8th. Additional playground space has been purchased and extensive landscaping is planned for next spring.

The staff comprises Sister St. Mary Eugenia who is in charge of Grade 12, Sister St. Emmanu-el Grade 11, Sister St. Raymond, Grade 10, and Miss Barbara Roy who instructs grade nine.

At the annual meeting in June a building committee of four was appointed to assist the trustees. This committee consists of Martin F. DesRoches, Tilmon DesRoches, Ben W. DesRoches and John C. Poirier. The school trustees are Hilary DesRoches, D.H. Gallant and Joseph MacMillan.

### Name Summerside Officer Army PRO For N.B. Area

FREDERICTON — Lt. Carl L. Fitzpatrick, 32, formerly of Summerside, P.E.I. has been appointed army public relations officer for New Brunswick area, Brig. E.C. Brown, area commander, announced today. He succeeds Lt. Harry Norris, 39, who last fall joined the UN Emergency Force in Egypt as Canadian Army PRO.

LT. FITZPATRICK

Also posted to the Area headquarters with Lt. Fitzpatrick as staff photographer is Sgt. Gordon Thomas, 33, Shubenacadie, N.S., who recently returned from a tour of duty in the Middle East.

Lt. Fitzpatrick will operate the Area PR office from Camp Gagetown due to increasing commitments in the rapidly expanding camp.

A Naval veteran of the Second World War, Lt. Fitzpatrick was a journalist in civil life before re-entering the service with an army commission in 1951. Following initial training with the infantry, he joined the public relations staff and served as a PRO with Canadians in Korea and NATO forces in Germany.

He is a recent graduate of the Prince Edward Island.

The main value of artificial insemination in poultry breeding is that pedigree matings can be made without elaborate housing facilities. For instance, by natural mating, to obtain pedigree chicks from 60 males, 60 small breeding pens must be used; by artificial insemination, males are kept in cages and females are housed in one or more large floor pens.

Since this project was only recently initiated, no results are available as yet.

A large new screen house for the multiplication of nuclear strawberry stocks was erected at the farm in 1958. The plants, which are virus indexed at Ottawa, are grown in this house for one year and are then further multiplied for at least one season before being released to growers for increase.

Just as soon as this scheme gets under way, it will not be necessary to import virus-free strawberries from outside points and this should correct many of the difficulties experienced in recent years.

In 1956 a series of plots was laid out to determine the rates of sulphate of ammonia most beneficial to vine growth and production. The rates used were: 200, 400 and 800 pounds per acre.

The results of this experiment indicate that sulphate of ammonia is useful material for increasing growth and production under upland conditions but that rates in excess of 200 pounds per acre are not likely to be economical and, in some instances, may reduce fruiting appreciably.

No injurious results to vines, however, from the higher rates have been evident, and weed and vine growth have usually been much accelerated.

CULLS FOX FEED Each year Prince Edward Island farmers have large quantities of cull potatoes to dispose of. An experiment conducted over a three-year period confirmed the opinion that potatoes are useful and an economical feed for the dairy cow.

Twenty pounds per day, fed in combination with hay and grain, make a suitable ration. The experiment showed that one and three quarter pounds of potatoes were equivalent in food value to four pound of turnips.

Through the courtesy of the Experimental Farm, St. John's, Newfoundland, six or more daughters to the Ayrshire bull, Hammonds Perfect Blend, will be added to the herd at experimental farm. Two are already on hand and the balance are to be shipped early in the spring.

Hammonds Perfect Blend is a half brother of the cow, Hammonds Top Primrose, who has just completed a world's record in milk production for the Ayrshire breed. As a senior two-year-old, she produced 17,385 lb. milk and 717 lb. butterfat in 305 days on twice a day milking.

These heifers will be useful in the conducting of various experiments where a uniform group of animals of the same age is required, a farm spokesman noted.

U.S. Army Information School, Fort Slocum, N.Y. with his wife, Nelda, and their three sons, they will establish their home in the Fredericton area.

### Bake a batch of crusty Dinner Rolls

● If you bake at home, you'll want to try a batch of crunchy Dinner Rolls. They're so easy to make when you use fast rising dry Best Yeast!

### CRUSTY DINNER ROLLS

Measure into a large bowl 1/2 c. lukewarm water; crumble and add 1 cake Best Yeast—or stir in 1 tsp. granulated sugar and sprinkle with 1 envelope Best dry Yeast. Let stand 10 minutes, THEN stir well. Add 1/2 c. lukewarm water and 1 tsp. salt. Add, all at once, 3 1/2 c. once-sifted all-purpose flour and work in with the hands; work in 3 tbs. soft shortening. Knead on lightly-floured board until smooth and elastic. Place in greased bowl. Cover with a damp cloth and set in warm place, free from draft. Let rise until doubled in bulk. Punch down dough in bowl, fold over, cover and again let rise until doubled in bulk. Turn out on lightly-floured board and divide into 2 equal portions; shape each

portion into a long roll about 1 1/2" in diameter. Cover with a damp cloth and let rest 15 mins. Using a floured sharp knife, cut dough into 2" lengths and place, well apart, on ungreased cookie sheets. Sprinkle rolls with cornmeal and let rise, uncovered, for 1/2 hour. Brush with cold water and let rise another 1/2 hour. Meanwhile, stand a broad shallow pan of hot water in the oven and preheat oven to hot, 425°. Remove pan of water from oven and bake the rolls in steam-filled oven for 1/2 hour, brushing them with cold water and sprinkling lightly with cornmeal after the first 15 mins.; add again brushing them with cold water 2 minutes before removing baked buns from the oven. Yield—18 rolls.

"Hey... what smells so good?"

It's early. He's drowsy. Then—ahh!—a coaxing aroma reaches him! The first sip...and life is good! Chase & Sanborn, with the most inviting aroma of all the coffees, is naturally the most delicious. Please him every breakfast-time with your wonderful Chase & Sanborn!
