Orwell and Montague Cheap Stores.

THE subscriber, thankful for the very extensive patronage received at his establishment at ORWELL for the past twelve years, trusts in future to merit a continuance of public favor, not only at the above establishment, but at his new store at MONTAGUE BRIDGE, which will be conducted on the same principles as the one at Orwell; both have obtained the character of having always on hand a good assortment of GOODS, of being the cheapest Country Stores in the Island, and of having a fixed price for every article and no deviation. The motto in both establishments is "Quick sales and light profits." FOR SALE—50,000 fresh cut Spruce DEALS, now ready for shipment, and 300 tons Hardwood TIMBER, which might be kept afloat for two or three weeks at Georgetown, if arranged for this week. For further information apply to B. DAVIES, Esq., Charlotetown, or to P. STEPHENS, Esq., Queen Street. Any person about to engage in Ship-building can have from 200 to 300 tons of Hardwood, at a very low price, to clear out the subscriber's booms at Orwell and Three Rivers. WANTED—500 OX & COW HIDES, for which the highest market price will be given in cash, or Goods at Cash prices, at either Establishment. A vacancy now offers for two respectable Apprentices, who will require to give good references. Sons of members of any Temperance Society will have a decided preference, and be brought up as such. Orwell, Dec. 3, 1855. PATRICK STEPHENS.

Notice.

ALL persons indebted to the subscriber by Bond, Note, or A Book Account, are hereby notified that unless the several amounts due by them be paid, or settled by new security, on or before the 20th December next, the respective claims will be handed over to John Longworth, Esq., Charlotetown, his Attorney, for collection. PRODUCE of any kind, in good order, will be taken by the subscriber in payment, and the highest price allowed for it. PATRICK STEPHENS. Orwell and Montague Cheap Stores, December 3, 1855.

Cheap and safe Light! Newell's Patent Safety Lamp and Lamp Feeder!

WARRANTED to prevent all accidents from the use of Burning Fluid, Paraffin Oil, Kerosin Oil, Camphene, and all other explosive compounds used for production of light. This invention is applied to common Fluid, Solar and Camphene Lamps, Lamp Feeders, Fluid Holders, Lanterns, &c., &c. We respectfully invite the attention of the public to Newell's IMPROVED SOLAR FLUID LAMP, which gives a steady, brilliant flame, nearest to Gas that has ever been produced. The cost of burning being only one cent an hour! These Lamps are particularly adapted for Churches, Hotels, Factories, Stores and Parlours. Oil Lamps can be altered, using the same shade. Common Fluid Lamps can be changed to Safety Fluid Lamps.

Porter's Patent Burning Fluid and Camphene, as cheap and good as can be bought in the market. Also, Shades, Globes, Lamp Wicking, Entry Hall Lanterns, Fluid Chandeliers, &c.—For sale, wholesale and retail, by NEWELL, WILLIARD & Co., No. 28 Broad Street, Boston.

N. B.—A large deduction will be made from the former prices of Newell's Safety Lamps, &c.

The following certificate is a sufficient guarantee of the entire safety and efficiency of the Safety Lamp and Feeder:—

We have had an opportunity to test the Patent Safety Lamp and Lamp Feeder of Mr. John Newell, of this city, in regard to the measure of protection their construction affords. In the trials to which we subjected them, we endeavored, without effect, to produce explosions of the vapor of the fluid mixed with air, and to burst them by the pressure of the vapor alone. The principle adopted by Mr. Newell is that of the well known Davy Lamp. He has so combined the parts, that we are satisfied that all risk of explosive action is removed.

CHARLES T. JACKSON, M. D., Assayer to the State. AUG. A. HAYES, M. D., of Massachusetts. Boston, August 30, 1852.

Mr. John Newell, of Boston, has exhibited to me a Lamp and also containing vessels, furnished with wire gauze protectors, upon the principle of Davy's Safety Lamp for miners. He has used both these instruments before me with inflammable fluids, and in both, when set on fire, the flame was arrested by the wire gauze, which is coated with silver. If the instruments are faithfully constructed, and carefully attended to, so that the wire gauze do not suffer injury from corrosion, wear, or violence, I am of opinion that the protection will prove effectual against explosion. Nothing short of this conviction would induce me to pronounce the continued use of the burning fluids so called, as I have thought they ought to be entirely discarded, if not prohibited from use; so frequent and dreadful are the accidents occasioned by ignorance and carelessness. In every case, glass lamps should be given up, and those of metal substituted, on account of the danger of fracture. New Haven, Oct. 16, 1853. B. STILLMAN, senior.

I have examined Newell's Patent Safety Lamp and Lamp Feeder. They are constructed upon strictly philosophical principles, having a tube of silvered wire gauze, with a small perforation in the cap. If well made, they cannot fail to insure protection against those dangerous explosions to which the vapors of burning fluids and camphene are subject, when mixed with air. Their general introduction, I have no doubt, would prevent many distressing and fatal accidents.

THE INFALLIBLE REMEDY!

ERYSIPELAS OF EIGHT YEARS DURATION CURED. Copy of a letter from George Sinclair, Esq., of Paris, Canada, dated the 13th July, 1854.

To Professor Holloway.— Sir,—I feel a pleasure and a pride in bearing witness to the wonderful benefit I have derived by the use of your inestimable Ointment and Pills. For eight years I suffered uncessantly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which affected me both night and day, rendering his a misery to me, as well as to all around—so severe was the attack. I used several reputed remedies without deriving the least cessation to my misery. At last I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I feel considerably better; in three months, by continuing with your medicines, I was completely cured, and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy. I am, Sir, yours respectfully. (Signed) GEO. SINCLAIR.

ULCERS IN THE LEG.—REMARKABLE CURE!

Copy of a Letter from Mr. Edward Tomkinson, of Cape Breton, Nova Scotia, dated the 4th May, 1854.

To Professor Holloway. Sir.—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply seated and old wounds, defying the skill of some of the most eminent of the medical faculty, a variety of remedies were also used unsuccessfully and it seemed to me that there was not any thing capable of mitigating the agonies she endured. At length, she had recourse to your Ointment and Pills, and after using them for about five weeks, she was completely cured, after all other means had failed to afford her the slightest relief I have no objection to those facts being published, if you feel disposed to make them known. I remain, Sir, your most obedient servant. (Signed) EDWARD TOMKINSON.

A BAD BREAST CURED WHEN AT DEATH'S DOOR!!

Copy of a Letter from Mr. Henry Malden, of Three Rivers, Canada West, dated July 9th, 1854.

To Professor Holloway. Sir.—My wife suffered most severely after the birth of our last child with a bad breast. There were several holes in it, one as large as a hand; all the devices and stratagems I tried would not heal them, but assumed an aspect more frightful than before, and horrible to behold. As a last resource I tried your Ointment and Pills, which she persevered with for seven weeks, at the expiration of that time her breast was almost well; by continuing with your remedies for two more weeks, she was entirely cured, and we offer you our united thanks for the cure effected. I am, Sir, yours truly. (Signed) HENRY MALDEN.

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad legs	Chicago foot	Fistulas	Sore-throat
