ATTENTION GRADUATES OF 2002

The deadline for applying for your degree is Wednesday, October 31. These forms are available at the Registrar's Office.

Also, to ensure that you receive all the information regarding graduation your most recent address should be on file. You can change your address on the web or else drop by the Registrar's Office and complete a form.

We had many students last year who did not receive any graduation information because their address was not updated.
