VARIETIES.

Punishment for Perjury in Turkey.—A rather singular scene took place on the 22d ult., at Adrianople. Two men, the chiefs of a neighbouring village, who had been found guilty of perjury, were promenaded through the Bazaar mounted on donkeys with their faces turned towards the tails of the animals, and having their heads dressed out in a grotesque manner, with the hairy part of a sweeping brush on their forehead, and some cloves of garlic round their neck. They were preceded by the public crier, who announced the crime of which they had been guilty. After being thus for some time exposed to the hootings of the people, they were taken to the court of the Palace, were dismissed, and declared incapable of ever holding any public office. The offenders had been bribed to give evidence that the widow of a Turk, recently dead, had been delivered of a child, afterwards deceased, and which circumstance would make the widow the sole heir of all her husband's property. The relations of the husband however, interfered, and clearly proved the guilt of the witnesses, and they were condemned to the punishment above mentioned.

Maritime Casualties.—From the Admiralty register of wrecks, recently presented to Parliament, it appears that in 1850 there were 681 British and Foreign vessels wrecked on the coasts and in the seas of the United Kingdom, and 784 lives lost; that in 1851 there were 701 wrecks on our coast, and so far as could be ascertained, 750 lives lost; and that in 1852 there were no fewer than 1,100 vessels wrecked, and about 900 lives lost. The greatest havoc took place about the latter end of last October and the beginning of November. In this interval, no fewer than 600 ships sought refuge in the Humber. Many more, however, could reach no shelter; and thus, in the course of a few days, the unprecedented number of 300 vessels were lost or damaged, with the fearful loss of 217 lives. The greater part of this terrible work of destruction took place on the east coast of England, off Flamborough Head.

A Singular Waif.—We have heard of frogs and toads entombed in the heart of solid stones, and flies and straws in amber; but we have before us a sight quite as remarkable, and altogether unparalleled,—an old horse-shoe that was found imbedded in the middle of a stout tree in the forest, a few weeks back. The person who first related to us the circumstance of discovering the article has sent it to us, accompanied by a note, as follows:—

"This is the Horse Shoe I was telling about. Mr. Martin Cleveland, of Horton, found it in the centre of a spruce tree, measuring 14 inches in diameter, about 6 feet above the root. The tree was solid and the heart of it run through the shoe; but the outside presented no sign of anything strange being enclosed within. The way Mr. Cleveland found the shoe was, he put a log on the fire, and when it was partly consumed he saw the corks sticking out of the brand."

The shoe is well made and in a good state of preservation. It may have belonged, perhaps, to a poney of one of the French inhabitants of Horton, that lost it in straying through the woods, when the tree that hid it so long and closely was just peeping above the ground. *Acadian Recorder.*

The Earl and the Guest.—A noble lord of immense possessions had his house lately full of company. Among them was a somewhat dilapidated country squire, whose pride is much more in extent than his parchments. One day there was a new arrival. The stranger did not certainly smack much of the air of Belgravia, and the squire aforesaid, after few supercilious remarks upon his style and appearance to other people, at last, when he had an opportunity, asked the noble host himself somewhat saucily, Who's your friend?" "Who's my friend?" he replied, with a chuckling smile, "'tis only ———, the member for ———; and, let me add, he's able to buy up you and me and all the rest of us, and still have a large surplus in his pocket;" and he added, with an emphasis of admiration which could not be mistaken, as it told of the proper price with which he regarded such men as his newly-arrived guest, "and he has made it himself!" "Oh, do introduce me to him as soon as possible," said the crest-fallen squire, who already had conceived a "golden opinion" of the stranger, and saw in him a million attractions which he had not perceived at first. Such is the world:—"Mortals, like moths, are ever caught by glare. And mammon wins his way where seraphs might despair."

When Miss Hannah More asked Dr. Johnson why he drank no wine, he honestly and wisely said—"Because if I drink at all, I shall drink too much. *Abstinence is as easy as moderation is difficult.*"

The Wonder of the World!
Devines' Compound Pitch Lozenge.

THE Great Remedy is at last discovered, and COUGHS, COLDS, ASTHMA. COSTIVENESS AND CONSUMPTION have lost their terror, and vanish as as if by magic before this Sovereign remedy. Was it ever before known that, *Hopeless cases of Consumption were cured for less than $5?*

Truly, if any individual is to be pitied, and needs sympathy, it is the consumptive,—always expecting to get well, and yet the painful evidence of decay almost "makes the inner soul shrink with the outer flesh."

"Some bloom as roses bloom,
And live as roses live,
A single morning space!"

While others, in more mature life,—by some imprudence and a slight cold neglected,—in the hectic flush, the painful cough,
"The prints of their parting steps appear."

All we ask is this one question:—If you have got mucous membranes, or any other members of the body that are "heirs to ills."—are you not interested n this *great remedy*, Devines' Compound Pitch Lozenge

Never Failing Remedy!

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING.

Copy of a Letter from Mr. Thompson, Chemist, Liverpool, dated August 20, 1852.

To Professor Holloway,

Dear Sir—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills which has astonished every person acquainted with the sufferer. About 10 years ago, Mr. W. Cummins, of Saltney Street, in this town, was thrown from his horse, whereby he received very serious injuries; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigor. (Signed) J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE, WHEN ALL MEDICAL AID HAD FAILED.

Copy of a Letter from Mr. Hird, Draper, of Keady, near Gainsbro', dated March 1st, 1852.

To Professor Holloway,

Sir—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for by persevering in their use, all the eruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines, she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

(Signed) J. HIRD, Draper.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS, DEBILITY, AND GENERAL ILL HEALTH.

Copy of a Letter, from Mr. J. M. Clennell, of Newcastle-on-Tyne, dated September 20th, 1852.

To Professor Holloway,

Dear Sir—I am authorised by Mrs. Gibbon, of 31, Bailey Street, in this town, to inform you, that for a considerable period she had been a sufferer from debility, and general ill health, accompanied by a disordered stomach, and great derangement of the system. In addition to this, she was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states that in a wonderful short time, they effected a perfect cure of her legs, and restored her constitution to health and strength; and that she is now enabled to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain dear Sir, yours faithfully,
(Signed) JOHN MORTON CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG.

Copy of a Letter from Messrs. Walker and Co., Chemists, Bath.

To Professor Holloway,

Dear Sir—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about five miles from this City. She had ulcerated wounds in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above 70 years of age. We shall be happy to satisfy any enquiries as to the authenticity of this really wonderful case, either personally or by letter.

A private in the Bath Police Force, also, has been perfectly cured of an old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise. We remain, Dear Sir,
Your's faithfully,
(Signed) WALKER & Co.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Chiego-foot	Fistulas

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill*, but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.
