THE LOCAL MARKETS.

A Good Price for Potatoes—Oats Steady—Live Hogs Quiet.

In the past week there has been an active demand, throughout this Province, for potatoes, which are scarce, at 45 cents per bushel.

Oats are steady at from 38 to 40 cents per bushel.

Pork is not offering; but loads of live hogs continue to come in, the prices being for bacon hogs 5 cents per lb. and for heavy fat hogs 4 1/2 cents.

Eggs are in good supply at 8 1/2 cents per dozen.

THE PROVISION MARKET.

Liverpool Steady—Chicago—Strong Montreal Unchanged.

At latest advices there was no change in the situation of the Montreal provision market. A fair trade continues to be done in most lines and prices rule steady. We quote: Canadian pork, \$15.50 to 16 per barrel; pure Canadian lard, in pairs, at 8 1/2 to 8 3/4; and compound refined at 5 1/2 to 5 3/4 per lb., hams, 11 1/2 to 12c, and bacon, 12c per lb.

There was a very rapid rise in the Chicago provision market which was due to shorts covering. Pork advanced 70c to 72 1-2c, closing \$12.25 May; \$12.40 July; \$12 5/8 September.

There was no change in the Liverpool provision market. Pork closed 53 9/16; lard, 33 1/2; long cut heavy bacon, 36 1/2; long cut light, 35 1/2; short cut light, 35 1/2; and tallow, 21 1/2; cheese, white, 41 1/2, colored 43 1/2.

DAIRY PRODUCE.

Cheese Quiet—A Comparison of This and Last Season's Opening—Butter Steady.

The Montreal Gazette reports that cheese while not notably altered, is rather easier in its tone. Based on last week's purchases, at country points, the spot market should be an 8c to 8 1-4c one, but buyers on spot are not disposed to freely concede this range. In fact, demand is narrow, being confined largely to a few operators. Enquiry in England also, since the boom of a few weeks ago, has slackened.

It is interesting to observe that both the receipts and the offerings of cheese at the different country boards, since the 1st of May, bear out the statement that the early make is not much over one quarter what it was last spring. Up to the 14th, the offerings at the different boards were only 12,300 old boxes, against 21,761 for the same period last year. Prices this year are 5 8c to 1 1-2c below last year's level, being 7 3-4c to 8 1-8c this spring against 9 1-4c to 9 3-4c last spring.

Hit Him With Both Feet.

The manager of a shop in Lewes stood in the doorway the other day when a man with a wooden leg and a crutch came along and said:

"I want you to do me a favor. I want to leave my leg with you for a few minutes and go round to the next street and work a house for half a crown. I've an idea that the folks are very sympathetic. If I go with one leg, I am sure of it."

"Very well," said the shopkeeper. "Just leave your leg here and I'll take care of it."

The wooden substitute was unstrapped and handed over and the cripple used the crutch to help himself down the alley.

Five minutes later he rang the doorbell of a house in the next street, to have it opened by the man he had just seen.

"Wh-wh-what!" he gasped.

"Very sympathetic family lives here," quietly replied the other. "You seem to have met with a sad loss, and I'm anxious to help you. Here is a wooden leg which may fit you."

The leg was handed over. The man sat down on the steps and strapped it on, and as he got up and stumped through the gate he said to himself:

"I've heard of coincidences ever since I was a youngster, but this is the first one that ever hit me with both feet at once."

The Coming of Baby.

When a baby comes to the house real happiness comes. The care and anxiety count for nothing against the clinging touch of the little hands and the sound of the little voice. The highest function given to human beings is bringing healthy, happy children into the world. Over thirty years ago the needs of women appealed to Dr. Pierce, now chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. The result of his study improved by thirty years of practice is embodied in Dr. Pierce's Favorite Prescription. It strengthens, purifies and makes healthy the organs dietetically feminine. It gives weak women the strength and health necessary for the production of healthy children and it makes the bearing of those children easy. It is sure to cure any weakness or derangement peculiar to women; stops pain, soothes inflammation, strengthens, purifies, invigorates.
