MR. JOHN R. MACLEAN, M.L.A.

Mr. John R. MacLean, M. L. A., is one of the busiest citizens of Souris. Besides his regular duties with Matthew and MacLean Limited he has various community interests which take up much of his time. Nevertheless, again this year he has taken the chairmanship for Eastern Kings in the Cancer Campaign. Mr. MacLean has been chairman of this section for several years past with splendid success. He anticipates good results again this year from the people of Eastern Kings who are always ready to co-operate to do anything that will save unnecessary illness among our people.

MacDonald Bros. Theatre

Mr. Lloyd Collings has recently purchased and is now occupying the home formerly owned by the late D. J. Stewart, Lower Montague.

Every month the average family uses 1400 gallons of **HOT WATER**

Get yours economically with a **GENERAL ELECTRIC WATER HEATER**

There are more than 150 uses and needs for hot water in the home. Your most economical and convenient way of assuring yourself of plenty of hot water automatically is with a G-E Storage Tank Water Heater. Once installed, your G-E Water Heater needs no further attention from you. Your local G-E Dealer will be glad to help you make this step to "better living, electrically". . . see him soon. There's a size for every family — 33 gallons, 55 gallons, and 68 gallons.

PRICED FROM \$159.50

Check These Performance-Tested Features:

- ECONOMICAL** — You get hot water economically because the G-E Calrod elements are completely immersed in the water.
- LONG LIFE** — Tank life is extended by the Magnesium alloy rod which prevents rusting.
- DEPENDABLE** — Attention-free and completely automatic operation is assured by reliable Thermostats.
- EFFICIENT** — Three inches of Fiberglas insulation surrounds the tank, to keep the heat where it belongs—in the water.
- CLEAN** — No smoke, soot or ashes. Install your G-E Water Heater anywhere. Water heated electrically is safe to drink.
