

Local and Other Items.

The plow is still at work in the country. No business at the Stipendiary Magistrate's Court this forenoon. ANOTHER Scott Act summons has been issued returnable to-morrow. THIRTY-THREE Island horses passed through St. John, N. B., en route to the United States last week. The Concert Committee wish to express their thanks to Mr. Fletcher for the use of one of his Emerson Pianos. The steamer Miranda arrived from Newfoundland via Summerside last night and sails for Halifax this evening. St. Matthew's Temperance Society holds its regular meeting to-night at 8 o'clock. An interesting time is expected. Mr. WALTER ROWE, of Charlottetown, passed as mate at a meeting of the Marine Board held in Halifax a few days ago. The balance of those nicely framed Oil Paintings at the Diamond Bookstore will be sold very low. Call and select at once. OLD PONS telegraphs as follows: "From a fresh to a heavy gale is expected, at first from the east, shifting south to south west." THE CANTERBURY POETS, embracing the most popular, bound nicely in cloth, 35 cents each, at the Diamond Bookstore. A good investment. ACCORDING TO THE EXAMINER'S suggestion, a meeting will be held in the Parlor of the Y. M. C. A. this evening, to organize and establish a mock parliament. We are requested to state that the Prince Street man who was yesterday fined for a contravention of the Scott Act, was not the proprietor of the Ferry Store. The police have been very successful in lessening the offensive corner loafing during the past few months, and their attention is now directed to it again as it is re-appearing. THE Halifax man Thomas Kent—upon whose premises Detective Curless found an illicit still last week, has been sentenced to pay a fine of \$300 and to go to jail for three months. THE Y. M. C. Association desire to tender their warmest thanks to the ladies and gentlemen who so kindly assisted in making the Concert on Monday evening, musically and financially, so decided a success. We are informed that the residence of the Rev. Father Chaisson, at Indian River, was entered on Sunday while the Rev. gentleman was at Church, and a sum of money stolen therefrom. A SERMON by Rev. D. D. Moore, of Carmarthen Street Church, St. John, N. B., and eldest son of Rev. F. W. Moore, of this city, appears in the Daily Sun of Saturday last, and reflects much credit on our young friend. AUCTION SALE, to-morrow, Wednesday, Nov. 24th, at 11 o'clock, on the premises, one mile and a half from Rocky Point, the Farm, Stock, Crop, Farm Implements, etc., at the residence of the late Donald McMillan, Esq., West River, Lot 65. THE Rev. Alexander Falconer, formerly pastor of Zion Church, for several years a missionary at Trinidad, and lately from Scotland, arrived here last evening, and is staying with "mine host" of the Rocklin. His many friends here will be glad to welcome him. CHAPPELL'S ALMANAC for 1887 will soon be issued and will contain, in addition to the usual indispensable information, a correct directory of Charlottetown. Although the book is to be larger than any previous issue, no additional charge will be made. This welcome annual is deservedly popular. We learn that on Friday evening last while a country man was returning home from market, he was attacked by burglars on the North River Road, and were it not that his horse was a speedy one he would certainly have been ill-treated and robbed. The authorities should look after these gentry, and make an example of some of them. Best goods are put in smallest parcels.—The old proverb is certainly true in the case of Dr. Pierce's Pleasant Purgative Pellets, which are little, sugar-wrapped parcels, scarcely larger than mustard seeds, containing as much cathartic power as is done up in the biggest, most repulsive-looking pill. Unlike the big pill, however, they are mild and pleasant in their operation—do not produce griping pains, nor render the bowels costive after taking. THE market to-day was largely attended and sales were fairly brisk at the following prices:—Beef (small) 7 to 10 cents per lb.; do per qtr 4 to 7 cents; mutton, 5 to 8 cents; pork (small) ham per lb. 13 to 14c; hams, 35 to 40 cts; pair; butter (fresh) 20 to 22; do (tub) 18 to 20c; eggs, 20 to 21c; flour per 100 pounds, \$2.25 to \$2.75; oatmeal, do, \$2.30 to \$2.50; oats, 28 to 29 cts; hay per 100, 65 to 70c; potatoes, 14 to 15c; straw, per load \$2 to \$2.25; codfish, 25 to 65 cts; pork, per carcass, 4 1/2 cts; apples, 50 to 60 cts; per bushel; geese 35 to 45 cts; ducks from 50 to 55 cts; turkeys, 11 to 12c; turkeys, from 70c to \$1.50. A CORRESPONDENT writes us that a farmer in Backus (Maine), Eng., has presented his firstborn for christening at his parish church with twenty-six Christian names, selected from Scripture, representing every letter in the alphabet, beginning with Abel, and ending with Zachariah, and only with the greatest difficulty could the clergyman dissuade the farmer from laying such an incubus upon the child, and content himself with the first and last of the appellatives. The proposed full title of the unfortunate infant was to have been Abel Benjamin Caleb Daniel Ezra Felix Gabriel Haggai Isaac Jacob Levi Manasseh Nehemiah Obadiah Peter Quartus Reobah Samuel Tobias Uzziel Vaniah Word Xystus Yarith Zachariah Zoukias. CHICKENS by MAOHINRY.—Mr. C. W. Main's patent incubator continues to afford him a goodly supply of chickens. He raises only thoroughbreds of the best strains, and is doing quite a business in selling them, both alive and dead. During the last three months he has sold 225, and now has 320 on hand of various ages. His principal breeds are Light Brahams, Brown and White Leghorns, and Langshams. The capacity of the incubator is 720 eggs, and the percentage hatched has been from 50 to 77.5. He also has 200 hens which are to supply eggs during the winter for the incubator and for market. Mr. Main is also buying quite an extensive garden, having raised last season 1000 heads of celery, and 500 heads of cauliflower.

Our Civic Rulers in Session.

AS adjourned meeting of the City Council was held last evening. His Worship Mayor Haviland presiding. His Honor Recorder Fitzgerald, Chief Engineer Large and all the members of the Board were present. After some preliminary business had been attended to, His Worship said that he had received a letter from Mr. James J. O'Reilly, relating to his claim for \$100 damages for injuries sustained by Mrs. O'Reilly, who shipped and fell on the ice at the pump near Hooper's, in March, 1884. He laid the letter on the table so that the matter might be enquired into and reported upon at next meeting. His Worship also explained that he had made some enquiries into the case of Mrs. Hatch, who, it had been reported to the Clerk, was dying of starvation, and ascertained that there was no foundation whatever for the report. Councillor Kelly drew attention to the fact that the old tank building at Spring Park was falling into decay, and suggested that it would be well to sell it. Councillor Crabbe thought so also, and moved that the building and tank be sold at auction. Councillor Curtis seconded the motion, which was carried. Councillor Horne presented a petition asking that the name of Long Street be changed to Chestnut Street, and moved that the request be granted. Councillor T. A. McLean seconded the motion.—Carried. Councillor Kelly directed attention to the want of a fire limit, and thought it were time some action were taken in the matter. Councillor Morris asked the Chairman of the Street Committee if it was intended that the obstruction at the foot of Great George Street should remain there all winter blocking up the landing. Councillor Kelly said the obstruction would be removed at once. Councillor McRae asked what action the Street Committee intended taking in the matter of the obstruction at the West end of Water Street. Councillor Kelly, in reply, moved that Councillor McRae be authorized to have the obstruction removed at once. Councillor Crabbe seconded the motion. Councillor McRae declined to accept the position. Councillor A. A. McLean moved that the City Surveyor be instructed to enquire into and report upon the number of nuisances there are in the city, in the shape of door-steps, cellar hatches, etc. Councillor T. A. McLean seconded the motion.—Carried. Councillor A. A. McLean asked the Recorder if he had any information to afford the Council with reference to Waterworks. He wanted to know if the Charlottetown Waterworks Company intended doing anything in the matter, and if so, when. His Honor said he was not in a position to give the desired information as his telegram to New York was yet unanswered. He explained that he had been working hard, but found great difficulty in inducing capitalists to go into the matter as the \$3000 offered by the city was too small. Councillor Hazard said he had been willing, up to the present, to give the Charlottetown Waterworks Company all the chances possible. Things, however, did not look business-like, and he thought the Council should take some action in the matter. Councillor Curtis said that it looked as if the old obstructionists were now the most anxious to have water brought in. He thought the work should have been commenced long ago. His insurance agent had told him that as soon as waterworks were put in he would receive a reduction of \$5 in his rates, and if no information was forthcoming at the next regular meeting he would favor calling for tenders. His Honor said he did not think any person could be found to put water under the Company's charter, as it was too low, and a living existence could not be made out of it. Councillor A. A. McLean was glad to have Councillor Curtis over to the waterworks side. He thought the majority of people were in favor of letting the contract by tender. A fair chance had been given the Waterworks Company, but they had so far failed to take action, and he thought it was time they notified the Council if they intended doing anything this year. Waterworks mean a large saving to the city for insurance and the Company should move at once. Tenders should be advertised for at once and extensively. The Charlottetown Waterworks Company had not a monopoly of the matter, and gentlemen from abroad could come here and put in the waterworks and obtain the same rights as they. His Honor's objection is that the \$3,000 offered by the city is too small, but he knew that other towns had been supplied with water at as low rate as that offered here. He moved the following resolution:— Resolved.—That the city call for tenders for sixty frost-proof hydrants, according to specifications to be seen at the City Clerk's office on and after the 27th inst., said tenders to be in or before the 27th December next. The resolution was not seconded. Councillor Hazard said he knew that the Recorder had been working hard in the matter. He said he would be better pleased if the Company called for tenders themselves. Councillor Morris explained that if the city were to build the waterworks they would call for tenders and select the best and cheapest. Bolger's drain and the waterworks usually popped up about election time but died out afterwards. He thought there was no intention to build the waterworks. If the city were to construct them it would be better for the citizens, as the rates would be much lower. The objection to the city's constructing the works was that they did not have the money, but he could not see why, if two or three citizens could do so, the whole city could not. The amount saved in water rates could be funded and expended for drainage, which could be built as required. If the Council are sincere a resolution should be moved. After some further discussion, and the opinion being expressed that the matter had better stand over for consideration until another meeting, the Council adjourned.

TELEGRAPHIC NEWS.

(SPECIAL DESPATCHES TO THE EXAMINER.) Another Big Swindle Failure. MONTREAL, Nov. 22. There was considerable excitement here to-day over the extraordinary statement of liabilities and assets of Sharp & McKinnon, which they represented to their creditors on Saturday, viz., liabilities \$363,000, assets \$60,000. The failure is universally declared to be the most flagrant that has occurred here within a quarter of a century. One creditor has placed a seizure for \$16,000 on the assets in the factory, and another has entered an action for \$14,400 against the estate, claimed to be due him. McKinnon, who was arrested on Saturday, having been unable to obtain bail, is still in prison on a capias. More Insolvents. TORONTO, Nov. 22. Charles Worth & Co., boot and shoe manufacturers, have assigned. Liabilities, \$217,000; assets, \$95,000. MILWAUKEE, Nov. 22. An Oskosh dispatch says Carlellin, Foster & Co. to-day made a voluntary assignment. The liabilities are estimated at \$300,000, and assets, \$250,000. MICHIGAN, Nov. 22. The missing schooner L. J. Conway was wrecked on the beach near Flower Creek, last week. Capt. Smith with four sailors were lost. SAN FRANCISCO, Nov. 22. Baldwin Gardiner, a prominent stock broker, has disappeared. It is estimated that his liabilities are \$200,000. He leaves no assets. Terrible Gale. CHICAGO, Nov. 22. The terrible gale that raged with fury for three days last week was one of the most disastrous storms that has swept the lake in many years. Thirty-six vessels either foundered or were driven ashore and there are several vessels that are missing. The loss of life is appalling. Forty-seven persons are known to have perished. The loss of eleven vessels, that have gone to pieces, aggregate \$13,000, but the partial losses will bring the amount up to fully \$400,000. Murder. WINNIPEG, Nov. 22. A murder was committed last night at St. Vital. Two half-breeds met at a house there, and during an angry discussion one of them raised the shot gun he carried and deliberately shot Richard Fleeman, at whose house they were. The prisoner was apprehended, and it is expected he will be tried at the assizes now being held in this city. The Ring. NEW YORK, Nov. 22. Dominick McCaffrey and James Golden fought a prize fight near this city to-night for \$2,500 a side and an additional purse of \$1,000. Eleven rounds were fought, ending in McCaffrey knocking Golden out. Golden was terribly punished. Shipping Disaster. PROVIDENCE, R. I., Nov. 22. The wrecking schooner Young America has returned from the British schooner W. R., of Liverpool, N. S., for St. John, N. B., ashore at Sea Comet. She is full of water, but in a good condition. Massacre. ADEL, Nov. 22. The natives of Armbad have massacred the captain and seven of the crew of the French man-of-war Ponjyuin. They had landed to obtain water for the ship. Fire. MONTREAL, Nov. 22. Fire broke out in the house of Major Morris, St. Gabriel village, last night, doing damage to the extent of \$1,000. Accident. DETROIT, Nov. 22. This morning about twenty feet of scaffolding in the new Cyclorama building gave way, killing four men. MARRIED. This morning at the Cathedral, by the Rev. Father Burke, Mr. John Malone, to Miss Elizabeth Gill. At the same time and place, and by the same, Mr. Lucinda McNeill, of Vernon River, to Margaret Emigan, of Charlottetown. At the same time and place, and by the same, Wm. Bolger, of Montserrat West, to Margaret Murphy, of South Shore. At the same time and place, by the Rev. F. X. Gallant, John Murphy to Jane Bradley, both of this city. FARM, STOCK & CROP FOR SALE. THERE will be offered, immediately after the sale of Real Estate previously advertised at 10 o'clock, on the premises, at the late residence of Donald McMillan, Esq., West River, Lot 65, the following Stock, Crop, Agricultural Implements, and other articles to be found on a well-stocked farm—all in good order. STOCK—2 Horses, 2 Cows (1 year old) 5 Milch Cows, 1 year old Heifers in calf, one year-old Heifers (good breed), 18 Sheep and 10 Pigs. CROP—About 500 bushels Turnips, 500 bushels Potatoes, 500 bushels Turnips, 100 bushels Buckwheat, also a quantity of Hay and Straw.
