

Odds and Ends

A bad actor—the malefactor. The man who rides on horseback always takes a back seat. Why is a clock an emblem of labor? Because it strikes. Women are the funniest when they say nothing; but women are seldom funny. May a man justly consider his wife poetical when she is averse to him. We read that man was originally made upright, but nowadays a great many men seem to be made up wrong. When you see a counterfeit coin on the pavement always pick it up. You are liable to arrest if you try to pass it. What one of woman's rights do you most value? "asked a gentleman of a witty author. "The copyright," she answered. "What have you to remark about my singing?" asked an irate vocalist. "Nothing," replied a spectator, "it is not remarkable. Society is composed of two great classes—those who have more appetite than dinner and those who have more appetite than dinner. A young lady being asked if there were many beautiful women in the place, innocently replied, "Oh no, there are only six of us at present." A Cincinnati reporter has elicited from Henry Irving the highly important information that he is very fond of ham and eggs. Who would have thought of it!

A Pleasing Sense

Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when constipated or bilious. For sale in 25¢ bottles by all leading druggists. Not much to fear.—Foreman: Here are two sermons, one delivered at St. Fashion Church and the other at the St. Ann's Church. We've got 'em mixed and can't tell which is which. The originator of Estey's Emulsion spent several years of his life in perfecting this preparation. Not a bottle of it was put on the market until he was satisfied that it was the best ever introduced for the cure of coughs, colds, bronchitis and all wasting diseases. Thousands of bottles have been sold, and he has never heard a complaint regarding it. Editor (busily)—Leave off the text and put 'em in either way. Neither of the compositions will know the difference.—Brooklyn Life.

THE NEW TONIC GEM.—Philodermis owes its immense success to the fact that it is radically different from any preparation in the market. It is a bland and soothing liquid, nicely perfumed, and when applied to the hands and face produces a delicious sense of coolness and comfort, exercising also a direct curative action. It is entirely free from the sticky quality of glycerine and the greasy nature of camellia oil or cold cream. To those who are unable to use glycerine, from its irritating effect, Philodermis is a necessity. Those who use it have a beautiful complexion. It is harmless as milk. Sold by druggists everywhere. Price 25 cents.

An unlucky experiment.—Smith: Did you reply to one of those personal advertisements? Brown: Yes, I once answered one from a "body who pined for congenial companionship." Smith—With what result? Brown—She turned out to be Mrs. Brown.—Brooklyn Life.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, always all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. 1yr
