TORONTO (CP) — Anticipatory selling Tuesday snapped the stock market's two-day advance and sent prices gently lower for the eighth time in 11 sessions.

Base metals closed with an index loss of more than 2½ points while western oils were down 1¼ points.

Observers said the lower trend was a result of anticipatory selling preceding today's Suez Canal conference at London. They said many dealers remained on the sidelines, taking a cautious attitude towards the critical situation in the Middle East.

Hudson Bay and Labrador lost a point each among senior base metals. Other changes were fractional. New Delhi lost 25 cents in juniors and Belcher 23 cents. Beaucage and Eastern Mining were down 20 cents.

Coppers were lower with Chibougamau Jaculet down 30 cents and Temagami 25 cents. Granduc lost 20 cents.

Canada Southern Pete declined 40 cents among the lower western oil section. Liberal Pete, Security, North Canadian, National Pete, Del Rio, Canadian Atlantic and Banff lost 15-25 cents. Canadian Export Gas gained 25 cents.

Montreal Stocks

MONTREAL (CP) — Led once again by a weak paper section, industrial stocks on the Montreal and Canadian exchanges Tuesday closed lower in a session that saw some price movements ranging well over a point in both directions. Trading was moderate.

Among the papers Fraser, Bathurst B and International all lost two points while Price retreated one. In the base metals Aluminium lost 1⅞ and Asbestos dipped ⅞. Stelco faded ½ in a narrowly easier steel section.

McColl was off 1½ in the refining oils. Pipe lines were a bright spot as Trans Mountain jumped 1⅞ and Interprovincial climbed one.

Royal dropped one point in the banks.

In the mines Chib Jaculet dropped 25 cents in light turnover. Quebec Smelting, Tache, Carnegie and New Formaque were off under 10 cents. Portage and Haitian improved slightly.

Industrial volume was 75,400 shares and mines 807,100.

N. Y. STOCKS

NEW YORK (AP)—The stock market suffered its biggest setback in almost a month Tuesday with numerous key issues down 1 to 4 points a share.

There was some improvement in the afternoon and many stocks made a partial recovery but remained in the minus column in many cases.

Motors, bolstered by the approach of the new models, bucked the lower trend, as they did Monday. Chrysler stepped ahead 1½ points, while the others were unchanged to fractionally higher.

Volume of 2,200,000 shares was the largest since Aug. 21, when 2,440,000 shares changed hands.

The Associated Press average of 60 stocks dropped $1.90 to $179.70.

Chemicals, steels and aircrafts were the weakest divisions, although steels shaved their losses in late trading.

U.S. Steel led the most active list with volume of 37,300 shares, off 1½ at 68. American Telephone was runner-up, off ⅝ at 173.

On the New York stock exchange, Aluminium, Ltd., was down 2¼. Also off were Canadian Pacific, ⅝, Granby Mining, ⅛, and International Nickel, 1¼. Hudson Bay Mining up ¼, and Dome Mines, up ⅛, were higher among Canadian issues.

Most Canadian issues on the American stock exchange were unchanged. Molybdenite was off ¼ and Scurry-Rainbow oil and Jupiter Oils were off 1-16 to head the losers.

HURT INSIDE BOX

TORONTO (CP)—Woolfram Von Kalben, 10, playing inside a cardboard box in a laneway, was severely injured Monday night when a truck ran over it. Edward Rogachky, 30, the driver, drove over the box believing it empty and stopped when he felt a bump.

Gross National Product At Unprecedented Level

OTTAWA (CP)—Canada's gross national product — value of all goods and services produced — raced ahead to an unprecedented annual rate of $29,548,000,000 in the second quarter of 1956, the bureau of statistics reported today.

This barometer of economic growth now is at a rate of about $3,000,000,000 higher than a year ago and about $1,000,000,000 higher than the 1956 first quarter. It compares with the 1955 average of $26,769,000,000.

In the first half of 1956, the gross national product increased by some 10 percent over the similar 1955 period. About two-thirds of the rise represented increased volume of production. The remaining one-third was caused by higher prices.

If national production continues at its latest trend, the annual average for 1956 will well exceed the $28,000,000,000 forecast by Finance Minister Harris in his 1956 - 57 budget last spring. It will mean sharply higher tax yields for the federal treasury, increasing prospects for a substantial surplus.

PRINCE MICHAEL HURT

LONDON (Reuters) — Prince Michael, 14-year-old younger son of the Duchess of Kent, broke his wrist at Balmoral Castle, Scotland, Monday within a few hours of arriving to stay with the Royal Family. Buckingham Palace, announcing this Tuesday, added that the fracture has been set at an Aberdeen nursing home and the prince is expected back at the castle today.

CALIFORNIA FORECAST SAYS

Major Earthquake Ahead

Following a succession of hurricanes, of which Canada had a share, comes predictions of Earthquakes. The forecast comes from California where the 1906 Earthquake destroyed the city of San Francisco and where five major quakes have since occurred. So alarming are the reports of the scientists that relief organizations are being set up to cope with what may happen.

When men retire it frequently happens that their wives pursue the old routine. It should be mutual retirement Marcus Van Steen points out in a Star Weekly feature entitled "Retirement for Housewives."

Successful Dieting is the subject of a second article on this much discussed health topic. Angela Burke reports again on the successful diet clinic being conducted by Toronto University and the Women's College Hospital.
