

# Warn Rail Rate Increase Will Speed Up Inflation

OTTAWA (CP)—Spokesman for the Canadian 10 provinces warned Thursday that approval of a railway application for a 15-per cent freight rate increase will seriously accelerate inflation.

The warning was made by M. A. MacPherson, counsel for Saskatchewan, as the Western and Maritime provinces began their summation of their case against the increase before the board of transport commissioners. He was supported by counsel for all other provinces except Ontario and Quebec.

The CNR-CPR application, made earlier this year, was met by an interim increase of seven per cent last July 3. The board now is dealing with the application as a whole.

Mr. MacPherson, chief spokesman for provincial governments opposed to rate increases, said "I am satisfied that economists would feel there is nothing better calculated to promote a further measure of inflation than an increase in freight rates at this time."

**FEEL IMPACT**

Mr. MacPherson said the Western and Maritime provinces have been criticized in the Eastern press for objecting to a further freight rate increase. However, he said the impact of freight rate in-

creases is felt mostly in the West and in the Maritimes.

Evidence submitted by the provinces had shown that the railways did not require additional revenues to maintain efficient services. It also showed that reductions in costs through modernization had not a chance to be reflected in railway operations.

Mr. MacPherson said there should be a "breathing spell" to permit these savings to be reflected in the cost of operating the railways.

**MARITIMES AFFECTED**

F. D. Smith, counsel for the four Atlantic provinces, said the provinces contend that the railways have underestimated their revenues for 1956 and overestimated expenses.

The Maritime provinces were being seriously affected by general freight rate increases by narrowing of the segment of traffic to which such increases applied.

More and more rates in Central Canada were falling into fields not subject to the board's control. However, practically all rates in the Atlantic provinces were subject to general increases.

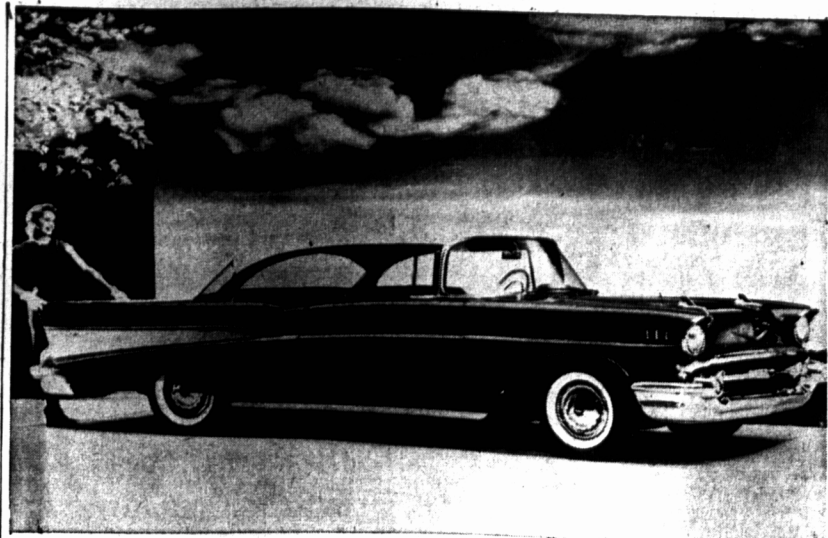

"This is just a way of saying that the Atlantic provinces are being asked to assume an ever in-

creasing proportion of the general rise in freight rates," Mr. Smith said.

**Y.P.U. Meeting At Georgetown**

On Wednesday evening, an enjoyable Y.P.U. Meeting was held in Georgetown Trinity United Church Hall. The Montague group were guests, including the eight delegates who attended the conference in New Glasgow, N.S. They presented their impressions of the conference to the Georgetown group.

The minister, Mr. Patterson, led the devotional period, and the games committee had several enjoyable games at hand. A delicious and hearty lunch followed the games, and a vote of thanks was extended to the visiting group by Charles Hanson, Georgetown, and returned by Beverly MacLeod of the Montague Group. Miss Carol Walker was pianist for the evening. Rev. Mr. Fraser of Montague also introduced Mr. Roland Diamond, who is an active worker with the Montague group.

1957 CHEVROLET BEL AIR SPORT COUPE

Featuring horizontal-sweep styling, the 1957 Chevrolet looks even longer than its 200 inches—two and one-half inches more than last year. All bodies are lower too and further additions have been made to windshield area, the whole adding up to striking eye appeal. Among the many mechanical advancements is revolutionary fuel-injection as an available option. Shown above is the Bel Air sport coupe.

SHORT LIVED FREEDOM

Another beef steer visited the up-town area of Charlottetown yesterday afternoon. This time it came from the Buntin and Bell Wharf where it was being held, in preparation for shipment on a vessel, by Wellington MacNeill and Son. The animal apparently broke loose from his tether and tore away to the city streets. His owners set out in his pursuit and cornered him in a vacant lot behind Zion Presbyterian Church. He was later roped and escorted back to the wharf.

**REJECT CHINA'S CHARGES**

LONDON (AP)—Britain has rejected Red China's charges that Hong Kong authorities were negligent in protecting Chinese Communists during rioting in the British crown colony last week. A foreign office spokesman said Wednesday the British charge d'affaires in Peiping, Con O'Neill, told Premier Chou En-lai in Peiping Tuesday that the British government "deplored the riots, no less than the Chinese government but could not accept the allegation that they did not take due precautions for dealing energetically with the situation."

## \$1,000,000 Libel Suit Settled

NEW YORK (AP)—A \$1,000,000 libel suit by U.S. Senator Margaret Chase Smith (Rep. Me.) against the authors and publishers of U.S.A. Confidential was set Wednesday by agreement of the defendants to retract libelous statements and payment of approximately \$150,000.

The settlement was made as the case was being prepared for trial. Senator Smith filed the libel suit May 7, 1952, against Crown Publishers, Inc.; Jack Lait, deceased editor of the New York Daily Mirror, and columnist Lee Mortimer, holding that excerpts in the book written by Lait and Mortimer and published by Crown characterized her as an associate of a sympathizer with Communists, pro-Communists and fellow travellers.

The retraction is to be published as a paid advertisement in Maine newspapers next week.

## Trinity Church Has Fine Dinner - Bazaar

A turkey dinner sponsored by The Ladies Aid of Trinity United Church, Montague, last Wednesday evening, was widely patronized by a great many people from Montague and other Island centres.

The tables were most attractive with their white cloths, green and white lighted tapers, and bouquets of seasonal flowers for decoration. The bazaar table, with its dainty aprons, hand worked and homemade candies, was a very busy centre, the demand being much greater than the supply.

**SIX BABIES RESCUED**

CALCUTTA (AP) — Six babies were rescued Thursday after drifting for 48 hours in a big pan on flood waters which swept a village north of Calcutta. During their voyage, the infants had nothing to eat or drink, and they were drenched by almost incessant rain. The babies' mothers had placed them in the pan when the village of Shyampur was suddenly inundated, and hoisted the pan into a tree for safety.
