

# 13-6 Triumph By Tigers Puts Yankees In A L Cellar

The New York Yankees finally made it. They hit bottom in the American League with a sudden thump Wednesday, marking the first time in 19 years they have been in that unenviable spot at this stage of the season.

The Detroit Tigers gave Casey Stengel's world champions, the final push, whumping them 13-6 for their fourth victory over them in as many games this season and the second of the current series.

Eddie Yost was the big gun in the Detroit assault with two home runs, one of them a grand slammer, and six runs batted in. Frank Lary was in trouble only in the first and ninth innings in turning in his second victory of the year over the champions, and the 18th of his career.

Yogi Berra hit two home runs and Mickey Mantle one for the hapless New Yorkers. Bobby Shantz was the losing pitcher.

The Yankees' world series rivals last fall, the Milwaukee Braves, also ran into trouble

Wednesday, but it wasn't quite so humiliating. The National League champions had a six-game winning streak snapped by San Francisco, 6-3, but they still have a comfortable hold on first place.

Felipe Alou batted the Giants to their victory. He put the Giants ahead with a two-run home run in the fourth, and doubled home Willie Mays in the sixth. Bob Buhl was the losing pitcher. Mike McCormick was the winning pitcher.

Hank Aaron hit his 12th home run of the season.

Ernie Banks was the big noise as the Chicago Cubs defeated the Philadelphia Phillies, 7-5. His 10th home run of the season in the eighth with two men on base put the game on ice.

Mo' Drabowsky, although he failed to finish, was the winning pitcher. Humberto Robinson, the fourth Phillie pitcher, was the loser.

With Roger Maris' 10th home

run a highlight, the Kansas City Athletics defeated the Boston Red Sox, 8-2. Ray Herbert scattered eight Red Sox hits in turning in his third victory in six decisions.

The other teams in both leagues played night games.

WASHINGTON (AP) — Cleveland Indians held on to first place in the American League Wednesday night as they defeated Washington 5-3 behind the combined six-hit pitching efforts of Herb Score and Jim Perry.

Second-place Chicago remained a half game off the lead by trimming Baltimore 5-2.

A double in the first inning and a paid of Cleveland runs with a Rocky Colavito rapped in a single in the two-run third. The Indians never trailed.

Harmon Killebrew, the Senators' sensational 22-year-old third baseman, struck out three times but also belted a 430-foot homer into the left-centrefield bleachers.

BALTIMORE (AP) — Lanky Dick Donovan of Chicago White Sox pitched Baltimore Orioles into submission 5-2 Wednesday night, allowing them four hits.

Although his teammates were more than doubling the output of Oriole hits, Donovan enjoyed only a 3-2 lead until a two-base fielding error helped the White Sox score twice in the eighth.

Jack Harshman, Oriole south-paw pitcher clouted a homer in the third inning.

# Stengel Seeks Yankees Trouble

NEW YORK (AP)—What's the matter with New York Yankees? "I don't know what the trouble is," said manager Casey Stengel glumly.

"Everybody in the world hoped we'd lose and now everyone is mad as hell because we're not winning."

For the first time since May 23, 1940, the proud world champions Wednesday found themselves in last place in the American League after losing to Detroit 13-6. Their elegant dressing room was strangely silent.

"Those pitchers of ours will have to do a little better or we won't get to see them around here much longer," Stengel said darkly.

As to the big question about what is wrong, Stengel hazarded a guess that his Yankees "found out maybe this league is faster than they thought it was."

It was an anti-Yankee crowd of 12,000 that watched the Yankees fall to the lower depths. At least it can be said for the champions of 1958 that they went down with a bang and not with a whimper.

Mickey Mantle was booed at his every appearance, but that is old stuff for him. Stengel was booed when he went to the mound in the sixth, and that was rather novel.

"We're down now, but a lot of clubs will know we are around before this is over," said Stengel firmly, "at least five of 'em."

By PIUS CALLAGHAN

## JUNIOR BASEBALL in Charlottetown appears headed for a banner season.

Brian Lewis has his Legionaires at work and Abbies are banding together an outfit with 'Fiddler' MacDonald, Donnie Leclair and Tom MacFarlane doing the instructing.

It's still just the start of the ball season and as yet there have been no positions secured on either team by any players. Both managements have made that clear and are throwing invitations out to all boys interested in playing junior ball this summer.

THERE CERTAINLY should be sufficient for two teams in the city of Charlottetown. And the way the lads are responding to practice calls, would seem to prove our point. Interest exhibited is at a new high and there doesn't seem any likelihood that either Abbies or Legionaires will be short of material.

The Legionaires will probably have the jump on the newly-organized Red and Black team because of the fact that they were in business in 1958. They will likely be able to hold most of their players and some of these Legionaires could handle themselves very creditably on the baseball diamond.

However, each year a new crop of youngsters develop in baseball circles and Abbies may be able to get hold of a lot of up-and-coming stars. The Legion club doesn't think for a moment that they have this junior ball sewed up and intend screening new prospects to see how good they are. Just because a lad made last year's team is no guarantee that he'll be in the lineup this season. He is going to have to prove to coach Lewis all over again that he belongs on his junior team.

SO, JUNIOR BASEBALL PLAYERS there you have it. If you are interested in getting on a baseball team this season, you have two opportunities right here in Charlottetown.

Legionaires and Abbies invite you to turn out and show just how good you are. Don't be afraid that you'll make a few mistakes when you get out on the ball diamond. The best of them do that.

Watch the papers for practice sessions and if you are interested, show up and let the coaches look you over.

THE CITY SOFTBALL LEAGUE has made a start, the earliest for the game ever under these parts.

Tuesday night the Rollaway club got off on the right foot with a 9-5 verdict over Junior Basilica Youth Club. The Juniors looked like winners early in the contest but the Aces roared from behind and won going away.

The brand of ball dished out on Tuesday was surprisingly good for an opener. In fact we saw many games in mid-season in 1958 that were not as well played. If the boys keep up this kind of competition, the league will definitely have no worries.

We would like to impress once again on all players the necessity of getting to the ball diamond on time so that the game starts right on the button. This is very important if the teams want to keep in good with the fans. And we know that they do.

JIMMY DYKES must love getting a crack at those New York Yankees.

When Jimmy took over as pilot of the Detroit Tigers on May 2, his first job as manager was to direct traffic for the Bengals in a twin bill the following day against the New York Yankees. It was a tough spot for any manager but a really hard one for Dykes who had assumed control of a ball club that had won exactly two ball games in 17 starts.

But Jimmy appeared to relish the opportunity and he proceeded to grab two victories from the mighty Yankees that Sunday afternoon.

Dykes got his chance again Tuesday night but this time the conflict was not at friendly Briggs Stadium. It was in the Bombers' own backyard, Yankee Stadium.

It made no difference to Dykes as he led his Motor City crew to a 6-3 triumph.

While we were writing this column, the result of Wednesday's game came to us. Another victory for the Tigers over the Yankees, this time 13-6.

Any way you look at it, Jimmy has quite an edge over Casey Stengel.

PAUL RICHARDS could well become the manager of 1959.

Right now, the Baltimore manager has his Orioles challenging for- of all things—the American league lead. He seems to be dead serious about keeping the Birds in contention and some really terrific pitching has the Orioles right in the thick of the fight.

It's an awful lot to expect these Orioles to stay in the fight throughout the season but then stranger things have happened. It would be a delightful thing if they would hang on. Baseball would be better as a result of such a display.

JACK McCOURT will open his Brighton Horseshoe club in the near future.

There have been many stirring battles on these pits in the past and Jack expects this season will see a real revival in the game.

Everyone interested is invited to make their way to these pits on Churchill Avenue. Tournaments will be arranged later in the season, assuring all members of loads of action.

# Deer Population Going Up At Real Dangerous Rate

By Sandy Campbell  
CANADIAN PRESS Staff Writer  
HALIFAX (CP) — For kindly folk who picture every deer as a close relative of Walt Disney's lovable Bambi, Nova Scotia conservation officials have bad news.

Despite a 1958 kill estimated at more than 35,000, the province's deer population appears to be increasing at a dangerous rate. Consensus is that the kill will have to be stepped up sharply to bring the population down to a

figure that the forests can support.

Former provincial wildlife biologist D. A. Benson in an analysis of the situation said it was too late to "attempt to maintain our herd at its peak level. The only management recommendation that can be offered at this stage is to increase the hunting pressure by every possible legal means."

DEVELOPING PROBLEM  
The problem apparently began approaching crisis proportions 10 years ago. The severe winter of 1955-56 struck a hard that was too large for the available range. Hundreds of deer starved to death.

In the 1956 season 35,000 were killed. The public became alarmed that the herd was being decimated. In view of this the provincial government reduced the limit to one deer per hunter from two. In the 1957 season only slightly more than 21,000 deer were bagged.

The reduced kill set the stage for a big jump in the already too-large population. More deer died of starvation in the winter of 1957-58. The two-deer limit was hastily restored and last season's kill returned to normal.

The problem is that even if the kill is maintained at about 40,000 annually it will not reduce the size of the herd. Despite the tax deer limit, first made effective in 1940, the herd has continued to increase.

SURVEY MAY HELP  
Provincial conservation director Clarence Mason says nobody knows just how many deer there are in Nova Scotia. A survey by the federal wildlife service, scheduled to be completed early in 1960, may provide some of the answers about population, reproduction and other unknown quantities.

Part of the study involves pathological examination of the reproductive organs of 3,000 does.

This is expected to reveal the average number of pregnancies during the doe's 15-year lifespan, and whether births have been single or multiple.

Mr. Mason said that when food is plentiful multiple births are probably the rule rather than the exception for young does in good condition.

The number of bucks killed by hunters annually usually averages about 50 per cent more than does. This has no effect on the birth rate because, as Mr. Mason put it, "a buck is not a monogamous animal."

NATURAL ENEMIES  
Deer have only two natural enemies in Nova Scotia — bears and wildcats. Last year 235 bears

and a handful of wildcats were killed. Experts believe the predators have little effect on deer population which will likely go on increasing.

The catch is that the food supply is being depleted. An adult deer needs between five and seven pounds daily of browse—oak, maple and birch twigs—to survive in winter. In many areas the food is no longer available in sufficient quantities.

"Our problem is not so much managing deer as managing public opinion," Mr. Mason said drily.

Biologist Benson offered Nova Scotians two choices: Up the kill or forget deer hunting as a major sport and tourist attraction for the next 20 years.

# League Expected To Open Tonight

The first game of the Prince County softball league is expected to get under way at the Queen Elizabeth softball diamond tonight beginning at 6 p.m. The game will be between the Summerside Legionaires and the Summerside Pontiacs. The rest of the schedule will be drawn up and published in the near future.

# Ladies' League Is Organized

The Prince County ladies softball league was organized last night at a meeting held in Civic Auditorium with representatives from Grand River, the Summerside Thunderbirds and the K. of C. Youth Club present.

These three teams will start the league and there is a possibility that a team from the RCAF will enter the competition later on.

The following schedule was drawn up, and it is subject to approval by the Summerside Athletic Association.

June 4 — K. of C. Club at Thunderbirds.  
June 7—Thunderbirds at Grand River.  
June 9—Grand River at K. of C. Club.  
June 11—Thunderbirds at K. of C. Club.  
June 14—K. of C. Club at Grand River.  
June 16—Grand River at Thunderbirds.

The rest of the schedule will be completed when it is known if the RCAF will enter a team.

# Durelle Should Restrict Fights

QUEBEC (CP)—Gene Letourneau, national commissioner of the Canadian Boxing Federation, said Wednesday Yvon Durelle should restrict his tune-up fights and concentrate on conditioning.

Durelle, the rugged Baie Ste. Anne, N.B., fisherman, meets champion Archie Moore in Montreal July 15 for the world lightweight crown.

"Durelle is taking a chance on getting hurt in these tune-up bouts," Letourneau said. "He should concentrate on training and conditioning."

Letourneau also announced Richard (Kid) Howard of Halifax will defend his Canadian lightweight title against Jackie Hayden of Westville, N.S., in Halifax June 2.

Canada's bantamweight title has been vacant since Pat Supple of Montreal retired from boxing early this month, and Letourneau suggested four fighters stage a series of bouts to decide a new 118-pound champion.

# Practice Called For Shmarocks

A practice has been called for B.I.S. Shmarocks tonight at 6 o'clock at Q.C.H. diamond.

# Machen Beats Reuben Vargas

SAN FRANCISCO (AP)—Fifth-ranking heavyweight Eddie Machen's stinging left jab and jarring hooks Wednesday night turned back the aggressive Reuben Vargas by an unanimous but unpopular decision in a 10-round fight.

A crowd of 10,000 in the Cow Palace cheered the 189½-pound Vargas as he continually bored in against Machen, who weighed 197½.

Machen, from Redding, Calif., solved the bobbing style of the onrushing Vargas, from Richmond Calif., after three rounds and kept him off balance with a sharp shooting left jab.

# Garrison Bows To 'ish 10-5 In City League Debut

Garrison Softballers, making their debut in the City Softball League last evening, ran into stiff opposition when they tangled with B.I.S. Shamrocks, last year's softball champs.

The Irish, running true to form, came through with a 10-5 victory over the new entries. Roy McGonnell, on the mound for the winners, scattered eight hits over the seven innings, of which three were for extra bases. Roy also fanned seven and walked five.

This being their first practice as well as their first game, the Garrison players appeared out of condition, which a few more practices could very well remedy.

Shirring mound chores for the losers were 'Bubbles' Quinn and Dick Coyle. Quinn started on the mound but was relieved by Doyle in the third frame. Between them they gave up a total of ten hits and walked four.

The Irish scored their first run in the second inning and never looked back. In the third

frame the Shamrocks went on the rampage, scoring six runs to give them a 7-0 lead. They scored one run in the 4th and two in the fifth.

The losers got their first run in the fourth frame, thus shattering McGonnell's bid for a shutout. They drove in one run in the fifth, one in the sixth and two in the seventh.

Roy McGonnell and Ired MacFadyen were top batters for the Irish, each batting 2 for 4. Harold Hennessy was tops for the losers with a 2 for 4 average.

Merrill Longapple, first sacker for the Shamrocks, poled the longest ball of the game, a one-run homer. Gerard Burge smashed a triple for the losers.

Action resumes tonight with Barry's Lions tangling with Junior B.Y.C. Action is scheduled to get underway at 8 o'clock.

# Pirates Option R. C. Stevens

PITTSBURGH (AP) — Pittsburgh Pirates Wednesday optioned R. C. Stevens, their No. 4 first baseman, to Columbus Jets of the International League.

Stevens, who reported to the Pirates May 4 after completing his military service, had appeared in only one game as a pinch-hitter. The other Pirate first basemen are Dick Stuart, Ted Kuszowski and Rocky Nelson.

# LEGION PRACTICE

Another practice has been called for Junior Legionaires this evening at Memorial Field at 5:30.

All interested in trying out with the team are invited by coach Brian Lewis to be on hand this evening.
