MARRIAGES THIS MORNING.

There was a good congregation at St. Dunstan's Cathedral this morning to witness the marriage of Mr. Thomas Campbell and Miss Mary Higgins, daughter of Mr. Simon Higgins of this city. The impressive ceremony was performed at half-past six o'clock, Rev. Dr. Morrison being the officiating clergyman.
The bride looked exceedingly well gowned in blue broadcloth with hat to match. Miss Ellen Higgins, sister of the bride, was bridesmaid. She wore grey melton with hat of garnet. The groom was ably supported by Dr. Murray.
Mr. Blanchard presided at the organ throughout the ceremony, and at its close played Mendelssohn's Wedding March in excellent style. Solos appropriate to the occasion were well sung by Mrs. Byrne and Mr. Charles Hermans.
After the Nuptial Mass the bridal party was driven to the residence of the bride's parents, on Bayfield Street, where they breakfasted.
The bride received a number of handsome and expensive presents. The groom's gift was an elegant gold watch, and the bridesmaid gave a valuable set of furs.
Mr. and Mrs. Campbell left by the 8.40 train en route to Montreal, Ottawa and other points. A great many of their friends were at the station to see them off and wish them well. THE EXAMINER extends congratulations to Mr. and Mrs. Campbell and trusts that their married life may be long and happy.

Mr. P. J. Berrigan, a well known merchant of West River, was also married in the Cathedral this morning, the bride being Miss Sarah E. Moorside, daughter of Mr. Joseph Moorside, of North River. Rev. D. B. Reid, of Kelly's Cross, performed the ceremony at seven o'clock, in the presence of a good congregation.
Miss May Moorside, sister of the bride, was bridesmaid, and Mr. James Kelly acted as groomsmen. The bride was given away by her father.
During the ceremony Mrs. Byrne sang several solos, and at its conclusion the wedding march was played by Mr. Blanchard in good style.
The bride received many very handsome presents on the occasion.
Mr. and Mrs. Berrigan were passengers by the western train en route to Summerside, where they remain over night, proceeding to-morrow to St. John, Montreal and other cities. They take with them the best wishes of a host of friends, many of whom were at the station to see them off. THE EXAMINER joins in the congratulations.

DEWEY PARADE AND RACES

An Interesting Interview With Dr. Bagnall.

Dr. Bagnall returned from New York and Boston last evening, much pleased with his trip.
Speaking of the Dewey celebration in New York Dr. Bagnall said that everything was excellent, the water parade being simply beyond description.
The Dr. also witnessed the first of the series of races for the America's cup. "Before the races," said he "the feeling was that the cup would remain in the United States. But after the boats got under way it began to dawn upon the people that there might be a chance of the Shamrock winning. This feeling grew with each attempted race until Saturday, by which time many began to look upon her as a probable winner."
"Whilst every American would like to see the Columbia win there is a feeling that it would be in the interest of yachting sport to have the trophy go across the water to be won back. Sir Thomas Lipton, who owns the Shamrock, has, by his gentlemanly conduct and sportsmanlike actions, earned the respect and esteem of all."
"The greatest credit is due the United States for the manner in which the course is kept free from interruption on the part of excursionists," added he. "This work is under the able direction of Captain Bob. Evans. The first day Captain Evans reported four captains and asked that their license be cancelled as provided by law. One of the vessels reported was the British yacht White Lady, the other three were Americans. There has been no trouble since, all commanders obeying Captain Evans' orders to the letter."
"Times have very much improved within the year," said Dr. Bagnall in reply to a question by the reporter. "Manufactured articles are advancing in price. In shipping there is also an improvement. In many cases freights have advanced about fifty per cent during the year. Boston and New York are going ahead rapidly. The price of real estate is away up, and everybody seems full of hope as to the future."
"While there are any number of hotels and places of amusement being constructed," said the Dr. "I did not observe any churches being built."
"I did not see many Islanders while I was away," remarked the Doctor, "but those I did see were well and apparently doing well. In New York I saw Miss Alma Robertson, who is studying nursing in the Mount Sinai Hospital. I also saw Mr. J. C. McEachern, who is a prosperous and prominent lawyer there. Another Islander, Mr. Charles Moore, performed a heroic action during my stay in New York. He jumped off the deck of the B. C. Borden and saved the life of a prominent New York gentleman who had tripped over some obstacle on the pier and fallen into the dock beside the vessel. The accident happened at night, and Mr. Moore was on watch at the time. The gentlemen, who is still suffering severely from the effects of the accident, knows that he was rescued by a boy whom he is anxious to see as soon as his physicians will allow him to do so. It was through the efforts of Captain O. F Taylor, of the B. C. Borden, that the gentlemen was resuscitated after being taken out of the water. He was thought to be dead when placed upon the pier."
While visiting his friend Mr. J. C. Woodside at Auburn, Me., Dr. Bagnall was driven out to Lewiston Junction where Mr. Sanborn's French coaching horse farm is situated. There are about 130 of these coaching horses on the farm, and they impressed Dr. Bagnall very much. In size and conformation he thinks they are all that can be desired, and believes that they might be imported to this province with advantage.

CITY COUNCIL.—The regular monthly meeting of the Council was held last evening, at which some routine business was transacted.
MISSION.—The Rev. Father Conran, who held a mission in St. Peter's Cathedral last winter, will arrive in Charlottetown this week on a short visit. He will be the guest of the Rev. James Simpson.
BOVINE ACCIDENT.—A cow belonging to Mr. Robert Horse while being driven to pasture last night fell into the sewerage trench on Brighton Road, at a spot where it was 13 feet deep. Assistance was soon obtained and the cow released.
THE ASYLUM COMMISSION.—The asylum commission is holding its first session at Falconwood to day. Mr. Benjamin Rogers has been elected chairman. Mr. John McEachern, of Cherry Valley, replaces Mr. D. P. Irving as a member of the Commission.
THE EMERALDS spent Sunday and Monday last in St. Andrew's, N. B., drawing large audiences at all engagements. The moving pictures are most interesting, instructive and fascinating. The music of Prof. I. C. Miller was excellent to a degree. J. Parsons Smith, the ex-pugilist, convinces you that he can argue as well as he used to fight. None can mistake the position Christians should take on the temperance question after hearing his expeditious scripture coupled with powerful logical argument.

FOOTBALL.—We learn that the Dalhousie Club, of Halifax, have declined the honor of playing a match game with the Abegweit-Crescent team of this city. The cause is not stated; but it is probable that having once tested the mettle of our Charlottetown boys the Dalhousie club is not anxious for another encounter. The Wanderers, have, however, accepted the challenge of the Charlottetown Club, and the match will be played at Halifax on Thanksgiving Day.

IF SHE HAD HER WAY.—A lady visitor from abroad the other day remarked that Charlottetonians were far too conservative in their methods of naming big enterprises. She suggested that the Grand Provincial Bazaar in aid of the new cathedral should be called as in other cities a "tombola." The management however intend this time, at least, standing by the old reliable term. Whether it be called a bazaar or a tombola the coming event is going to be the biggest and best affair yet held.

THE BOSTON BOAT.—The steamer Halifax arrived from Boston about half-past six this morning. Her inward passengers were: W B Shedd, A McIntosh, E H Lewis, D B Lewis, Mr. Anderson, Miss F Stewart, Miss Marie Vaughan, Miss Sarah Ward, Leoblin McPherson, Daniel McRae, H S Burgoyne; from Halifax, Miss Hart.

Her outward passengers were: Miss Julia McRae, Geo Perkins, Miss Morrison and party, G Bennett and C W Seabor, Miss McPherson and party, Miss Annie McPherson, Miss Jessie McPherson, Miss S J Allen, Jas Callaghan, Mary Fogerty, Mrs Rice, Miss A Fogerty, Miss Mary Cummings, Miss Nellie Fogerty, Allen Stewart, Mrs J A Rose, Miss S Binns, Mary McPherson, Miss T McLeod, Alex Shaw, Annie C McLeod, Mary McIntosh, M G Ellis, McLean, A B Mutch, Miss Lelia McLean, Jessie McPhee, Peter McDonald, Mrs D C Morson, Miss A McLeod, Miss M A McLeod, Jas McDonald, Jas McKenna, Jas McInnis, M P Mutch, Jas McCormack, W H Chaisson, Angus McInnis.
