We are much pleased to learn, that JOHN R. BOURKE, Esq., the Contractor for the conveyance of Passengers, Horses, Carriages, &c., &c., across the Charlottetown Ferry, purposes placing a STEAMBOAT on the line, of twenty horse power, at an early stage of the ensuing Summer. Mr. Bourke has just returned from England, where, we understand, he has entered into a contract for the machinery, which is to be completed and shipped on board of one of Messrs. A. & J. Duncan & Co's. ships on the first of April next. The Engine is to be put together and tested by an eminent Engineer, accompanied by A. Duncan, Esq., before being shipped. Now that there is a probability of an efficient Boat being placed on the line, capable of making her trips with regularity at all seasons and in all weathers, we hope that proper places for *landing* on each side of the river will be erected, and that we shall hear no more complaints about the bad management of the Charlottetown Ferry. *Reddin's* Wharf appears to us to be about the best place for landing on this side, as it is almost *directly* opposite the landing on the South side of the Harbour. A considerable sum of money might be easily raised by private subscription, and with a little assistance from Goverment, proper slips erected.—*Isl.*

ENGLISH and COLONIAL MAILS. The Courier, with the last English Mail and the usual Colonial ones, arrived in Town, on Saturday night last. The English Mail, by the *Niagara*, was received, in Halifax, on the 21st inst. Of political news, in addition to what was forwarded to us by Telegraphic Despatch last week, it furnishes us with little of much importance. Of other notices, the principal relate to floods and storms; and contain details, so far as ascertained, of loss and wreck occasioned by them. The selections which we have made, for our present number, although neither very extensive, nor varied in their character, are, nevertheless, such as, we think, cannot fail to interest our readers.

A COMMUNICATION concerning the *Qualifications of Teachers*, although in type, a description of our Press, and some other editorial matter, we reserve for our next number, in order to have room for the news of the week in this.

THE ASSOCIATION FOR MUTUAL IMPROVEMENT.—On Friday last, Jan. 28th, a Member of the Association read a very instructive lecture on *The Radiation of Heat*, illustrated by experiments. At the close of which a discussion ensued upon various topics introduced by the Lecturer.

On Friday evening next, 4th inst., the Rev. J. R. Narraway will deliver a lecture before the Association, on *The Dispersed among the Gentiles*, in the usual place of meeting, the New Wesleyan School Room, Grafton Street, to commence at 8 o'clock precisely, when the public generally are invited to attend.

☞ THE REV. MR PHILP will Lecture on Temperance at Georgetown, on the 16th Feb.

TO THE EDITOR OF HASZARD'S GAZETTE.

SIR,—Being favoured with a copy of His Excellency's letter addressed to the Hon. the Colonial Secretary, requiring him to acquaint David Higgins Esq. of the report of the Hon. Committee appointed to investigate certain charges undeservedly preferred against me by him, I now, Sir, transmit the same to you for insertion in your valuable paper, as I trust it may have a tendency to remove groundless prejudice; and, likewise, do me the justice my case deserves. By inserting it, you will add another to many past favours conferred on your most obedient humble servant,

DAVID LAWSON.

Stanhope, Jan. 30th, 1853.

(Copy.) Government House,
8th December, 1852.

The Lieutenant Governor will thank the Colonial Secretary to intimate to Mr. Higgins, J. P., Queen's County, that the Committee of the Executive Council appointed to investigate certain charges brought against Mr. Lawson, another Magistrate of Queen's County, by Mr. Higgins, in a Memorial addressed to the Lieut. Governor, have reported the said Charges to be unfounded, frivolous, and vexatious.

The Lieut. Governor has read the depositions of the Witnesses examined; and, while he fully concurs in the Report of the Committee, he can scarcely believe that a gentleman, holding a Commission of the Peace, and who for a long time has acted in that capacity, could have brought such very serious charges against a neighbour and brother Magistrate, such as Mr. Higgins volunteered to substantiate, unless he had been acting under some strange delusions and misapprehensions.

The Colonial Secretary will, therefore, intimate to Mr. Higgins, that the Lieut. Governor expects Mr. Higgins will, without delay, retract the accusations contained in his Memorial, of date the 1st September, and express his regret at having made them; and the Colonial Secretary will report to the Lieut. Governor the result of this communication to Mr. Higgins—taking care that it be forwarded by post.

Ship News.

Schooner *Clydesdale*, from Boston, arrived at Georgetown on the 27th instant. The *Clydesdale* left the Island about a month since.

(*From the Acadian Recorder.*)

"On the night of the 17th December, being a gale from South East, there came on shore near Country Harbour, pieces of a wrecked vessel, supposed to have struck on the Pollock, a dry Ledge, lying within three miles of the land. The unfortunate crew is supposed to have perished, as no bodies have been found; all that was saved from the wreck was a mainsail and foresail, standing and running rigging, cut and torn to pieces by the sea and rocks. Two boards came on shore with the name "Brothers," P. E. Island, marked on them; part of a memorandum book, with the name of Joseph Brundage, supposed to be the Captain. It appears that she was only in ballast, having no cargo on board. I made diligent search and found nothing more than what is mentioned above, which I left in care of the men who saved it, for the benefit of the underwriters."

ASA RUDE.

MURDER.—We regret to learn that Mr. Edmund Cameron, son of the late Mr. Allan Cameron, of Charlottetown, P. E. Island, was murdered at Sonora, California, in December last. He was on his way from a place called Angel's Camp to Poverty Hill, and was shot at from behind by two inhuman wretches who rode up to him on horseback, and afterwards robbed him. He was found lying on the road a short time afterwards, still alive, and was removed to Sonora, when he sent for his friend, George Clow, but before he arrived he had expired.

EMIGRATION TO AUSTRALIA!

Shares in the Emigrating Company of P. E. Island.

THE Committee of Management of the "Emigrating Company of Prince Edward Island," having, in accordance with the power and authority vested in them, concluded an agreement with an able and experienced Ship-builder, (Mr. Francis Auld of Rustico,) in virtue of which Agreement he is bound to build, for the said Company, a good, substantial, and sufficient vessel, of about 200 tons burthen, to be launched on, or before the 1st September, 1853, and which vessel, it is calculated, will be ready to sail from P. E. Island, for a Port in Australia, on or before the 1ST OCTOBER, 1853; and all the SHARES in the said Company not having yet been subscribed for, or taken up, Do hereby give notice, that *Copies of the Articles of Agreement* are left with MR. STEPHEN BOVYER, of Charlottetown, MR. WM. MCKAY, of Cavendish, and MR. O. CURTIS, of Curtisdale, who will, each, afford all necessary information concerning the objects of the said Company; and who have power, individually, to dispose of Shares in the said Company, to a certain limited extent, to such individuals as may apply for them, and are, at the same time, prepared to comply with, and abide by, the Rules and Articles of the said Company.

N. B.—It is expected that all who may wish to take any part of the unappropriated SHARES, will perceive the propriety of securing them without delay; for the sooner the Subscription List of the Company shall be filled up, the sooner will it be practicable to expedite and complete all the arrangements necessary to ensure the departure of the Company's Vessel from P. E. Island at the appointed time in the Fall.

LIST OF

British Periodical Publications.

FORWARDED by mail, under the provisions of the late Post Office Law, at merely nominal rates.

1. *The London Quarterly Review* (*Conservative*).
2. *The Edinburgh Review* (*Whig*).
3. *The North British Review* (*Free Church*).
4. *The Westminster Review* (*Liberal*).
5. *Blackwood's Edinburgh Magazine* (*Tory*).

These Reprints have been in successful operation in this country for *twenty years*, and their circulation is constantly on the increase, notwithstanding the competition they encounter from American periodicals of a similar class, and from the numerous *Eclectics* and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public, and affords a guarantee that they are established on a firm basis, and will be continued without interruption.

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their *literary* character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and first appearing in its columns, both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer), "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, after it has been issued by Messrs. Scott and Co., so that Subscribers to the Reprint of that Magazine may always rely on having the earliest reading of these fascinating tales.
