

Announce Winners Of School Children's Art Contest

The following is a list of the winners in the School Children's Art Contest sponsored by the Prince Edward Island Teachers' Federation. This contest, which has been a feature of Education Week for the past six years, continues to grow in interest as is shown by the increased number of entries from year to year.

Miss Eleanor Lowe, Art Teacher at Prince of Wales College acted as judge of the many entries. This year the prize winning pictures will hang in room 66, Prince of Wales College, during Education Week.

Children are asked to come to the Teachers' Federation office, Currie Building, Queen St., for their pictures, after this week-end day - Tuesday through Saturday.

WCTU Entertain Boys And Girls

On Tuesday evening a very enjoyable party was held in York Hall, when the members of the W.C.T.U. entertained the boys and girls who had completed the Temperance Course and taken the tests. Certificates were presented to sixteen boys and girls on the Sunday evening previous. Two boys received five year pins for having completed this work for five years. Each W.C.T.U. member was responsible for a game in which all the children participated with evident enjoyment. Mr. Arthur Vessey initiated them with the "Secret Sugar Society" and then played a game of "Black Magic" which proved very interesting. Delicious refreshments of cake and ice cream were served by the ladies after which Rev. G.D. Elliot spoke to the boys and girls commending them on their efforts and showing them the value of this instruction.

MONTREAL, Mar. 5th—The March winds may blow — but they won't bother your dear ones if they've had a nourishing breakfast. And RED RIVER CEREAL is my idea of a truly nourishing breakfast! Your family will thoroughly enjoy the nutty and wholesome flavor of the smooth Royal blend of cracked wheat, rye and flax. Saves time, too, as Red River is ready for the table in five minutes. Young ones, and active workers will find the energy requirements they need in Red River; sedentary workers and older people know it guards regularity. Look for the cheery new red package of Red River Cereal on your grocery shelves — and serve it tomorrow morning!

WINSLOE H&S Hears Talk

The Winsloe Station Home and School Association was held on Tuesday, February 25, with an attendance of 33 members. The number of parents in each room being equal, the prize was given to the junior room.

Correspondence was read by Mrs. Newson, pertaining to Education Week. Letters from Wilson Ross, supervisor of schools were read. His subject was, "A Challenging Objective". From G. R. McNutt, provincial president of Home and School there was correspondence concerning Education Week.

Music Festival dues for three groups were paid.

Discussion on purchasing maps for the school brought into the meeting some interesting points on duties of Home and School and trustees by Ralph Balderston.

Next meeting is March 24th, Tuesday.

Father Eric Robin, chairman of school education committee had subjects which should prove interesting at the next meeting.

The president's name, Gil Henry was submitted for nomination to represent the Home and School at the Provincial convention for Queen's vice-presidents annual meeting in May.

Kenneth Parker, supervisor of city schools was the guest speaker and commended the members on such an excellent attendance on only their fourth meeting. His talk on "Working together for better schools" was interesting and educational.

He insisted the aims of H. and

NEED AN EXTRA ROOM IN YOUR HOME? Now is the best time to start work on a long-needed additional attic or basement room, while winter is still here and first-class craftsmen are available. You can undoubtedly save money by paying cash for materials and labor, so I'd suggest that you consider a BANK OF MONTREAL Home Improvement Loan... the rate is only 6% per annum, repayable in easy monthly instalments. Your nearest B of M manager will be glad to discuss a HIL with you, which will exactly fit your requirements... do see him soon!

YOU REALLY JUSTIFY YOUR DOG'S DEVOTION... if you occasionally delight him with a joyous session of growling, tail-wagging, tail-wagging play, if you give him the odd "barbering", and most of all if you make sure that he always gets his daily feeding of DR. BALLARD'S CHAMPION DOG FOOD. Dr. Ballard's contains all the essential food values in exactly the right proportion. Watch your prized pet thrive on Dr. Ballard's... and you can vary the flavor with Chicken, Liver and Regular. Yes, you really earn his devotion when you feed him the best... Dr. Ballard's Champion Dog Food!

I'M SURE MOST OF YOU ALREADY KNOW about the astonishing laundry test in Brandon, Manitoba. 268 housewives were asked to try SPIC AND SPAN in their wash. They overwhelmingly reported that Spic and Span helps to give you the whitest, cleanest clothes you ever hung on your line. Just use your regular detergent and then add 1/4 cup of Spic and Span to the wash. Pine-scented Spic and Span is a fine, safe cleaning agent and a natural water softener, too. It adds EXTRA CLEANING POWER. Even the grimeiest work and play clothes come out clean and fresh. Try Spic and Span in your wash. I did.

"BY GREAT GOOD FORTUNE," writes a lady from Holden, Alberta. "I have a cousin who is a druggist — and he advised me to try TEMPLETON'S TRC'S." Her good fortune came in freedom from the cruel sciatic pain she had endured for many years. Her gratitude is echoed in the letters of thousands of other men and women who have known the torments of arthritic, rheumatic or sciatic pains, and have been helped by Templeton's TRC'S. If you have these pains, Templeton's TRC'S can help you — and if you know of anyone else who is suffering this way — do tell them about this old Canadian remedy which has done so much for so many.

Rink Collapse Aired In House

OTTAWA (CP)—A meeting of the Commons banking committee Tuesday became a forum for questions about Saturday's rink-roof collapse in Listowel, Ont., which killed seven Peewees hockey players and a recreation director.

John Taylor (PC — Vancouver Burrard) asked K. R. MacGregor, federal superintendent of insurance, whether the government grants to community rinks makes any provision for insuring the rinks.

Mr. MacGregor replied that it does not. He also replied negatively when Mr. Taylor asked whether the government takes
