ISLAND GRILL, Queen Street Dial 5228. Serving full course dinners. Specializing Chinese dish.
MEN'S THURSDAY SPECIAL. Chilled tomato juice, New England boiled dinner, rolls and butter, tea, coffee or milk, 55 cents.

LEARN OF SISTER'S DEATH. Mrs. Harry MacNevin, received the sad news Tuesday of the death of her sister, Mrs. Thomas B. Almond in North Battleford, Sask. Mrs. Almond was the former Beatrice Proulx.

PRESENTATION. — Mrs. Harold Burt was waited on yesterday afternoon by the Spring Park W. I. and presented with a gift, honoring her birthday. Although greatly surprised, Mrs. Burt, thanked all present for their good wishes and the gift.

A FORMER M. L. A. — In referring to the visit to Hartsville of Mr. John MacInnis, of British Columbia, it was erroneously stated that he was a member of the Legislature of that Province. Mr. MacInnis is not now a member, though he formerly held a seat in the House.

PERSONALS
 The many friends of Mr. and Mrs. Ellis MacPherson, Peter's Road, learned with regret of the critical illness of their young son, Herbert, who was flown to the hospital in Halifax on Saturday.

Mrs. Edith MacPherson, of West Newton, Mass., who was called home due to the critical illness of her nephew, Herbert MacPherson, Peter's Road, left for Halifax, N.S., to be with him in the Children's Hospital.

Mr. Whitfield Yeo, Kingston, returned to his home on June 16, after being a patient in the P. E. I. Hospital for a month. He received a back injury when he accidentally fell from a load of hay at a neighbor's home.

BOY RECOVERING
 NEUSTADT, Ont. (CP)—Three-year-old Paul Lantz who fell into a tub of boiling meat broth in his father's butcher shop was reported in satisfactory condition Wednesday in hospital here. He suffered scalds on his back and left arm when he lost his balance and fell backwards into the vat. His father managed to grab him as he fell and drag him from the boiling liquid.

Card of Thanks
 I wish to thank the doctors, nurses and staff of the P. E. I. Hospital for all their kindness to me, also to all friends and neighbours who sent flowers, fruit and cards while I was a patient in the hospital.
 Mrs. Hattie Ward
 Hampshire

Card of Thanks
 Mrs. Robert MacKinnon and family, West Royalty, wish to thank the Doctors and Nurses, Rev. T. H. R. Somers; also the many kind friends and neighbours who sent flowers and messages of sympathy during our recent sad bereavement.

THANKS
 Upton Women's Institute wish to thank all those who helped to make their "Auction Sale" a success.
 Mrs. Wm. MacLennan,
 Secretary.

Strange But True

By F. H. MacArthur

Did you know that Canada has a Mount Eisenhower named for the president? It all came about eight years ago when the Canadian Prime Minister at a luncheon in Ottawa announced that Castle Mountain, a 9,300 peak in the Canadian Rockies, thereafter would be known as Mount Eisenhower. The newly named mountain is in the province of Alberta.

Let the school kids have their comic books," advises an educator, bowing gracefully to the inevitable.
 One of the kindest acts I know of happened several years ago in the village where this scribe now lives.

A certain youngster who for obvious reasons will remain nameless had just done a few chores for an aged farmer, and had been paid half a dollar for doing a good job.

As the lad walked down the road with his hands in his pockets whistling a merry tune, half starved cat came up to the boy, meowed loudly, and ribbed up against his leg. That boy took his half dollar and bought some milk and cheese for the cat.

The old farmer, when he'd heard about this great kindness, opened a small bank account for the boy and predicted that he would go places. He has, too.

What is the kindest deed you know of? Send your account of it to a brief note to the Charlottetown Guardian or to me at Cornwall. I will pay \$1.00 for each one used.

Just in case you are interested, villages and towns along the C. N. R. across Western Canada are named in Alphabetical order. Stations west of Winnipeg start out with Beaudry, the Cabot, Douglas and so on. Towns after Portage la Prairie, Manitoba, are Arone, Bloom, Cave and so on. Many of these names were named for conductors, engineers, company directors, writers and explorers.

Our Doctor MacDonald of St. Peters will have to stay in harness a bit longer to equal the record of Charles S. Hayden, 99, Justice of the Peace at West Bend, Wisconsin. Hayden is believed to be the oldest man in the United States holding public office.

A can can jump four times the length of his body, a kangaroo five times, a frog twelve times. But a flea can jump two hundred times the length of its own body.

They have some pretty dry places in Texas. But in Winkler County it's so dry and level that you won't find a single bridge within its boundaries.

Recently Carmen Shaw, a Los Angeles telephone operator got a refund check for one cent from the U. S. Treasury.

Devil's Hole in Southwestern Nevada (size 15x40x6) is a tiny lake handed down from the glacial epoch and was once part of the Death Valley lake system. The pint-sized lake contains a rare type of fish called "pupfish" because they play like young dogs.

Mr. Carl Hubbs of Scripps Institute of Oceanography says the fish apparently haven't changed in the 11,000 years since the ice age ended. They are distinct from species found in any other part of the world.

If you are one of those who think a hen hasn't a brain in its head then read on.
 Junie, owned by Lloyd McAllister gas station operator at Mechanic Falls, tells me the story of how one day two years ago, a little Rhode Island hen walked up to his gas station.

After lunch, Junie got the left over and decided then and there to stay with Mac.
 When he put her out come night

VILLAGE SOLD
 CHENIES (AP)—This Buckingham village was auctioned off Wednesday in seven minutes for \$178,000. The village was put up for sale to help meet taxes on the Duke of Bedford's estate. The duke, owner of the village, died last October.

she pecked so vigorously on the door that Mac opened up and said "stay." She has been with him ever since.

Every morning when Mac opens his station Junie takes her morning stroll. She's back in a short while. When Mac sets in his easy chair for a smoke, the little hen settles comfortably in his lap. When Mac goes out to serve his first customer, the hen mounts the top of the pump, when he enters the building for his breakfast Junie takes out the larder by supplying a nice fresh egg, laid in a derby hat conveniently nailed to the wall.

No matter where the hen is she will come the moment her owner calls here by name. She will not respond to any other calls. When she wants to come inside she pecks on the door or a window. Mac's had a few good offers for his unusual hen but he's going to hold right on to her — at least as long as she helps to provide his breakfast.

An Aspen tree may be seen growing out of the court house, 117 feet above the ground in Greensburg, Ind.

This makes the eleventh tree to grow out of the limestone cracks of the tower since 1866. The other ten flourished for a few years and then died. But the present tree appears to be healthier than its predecessors and may endure the battle and the breeze of time.

Spring is the time of year when hubby is transferred from the doghouse into the garden.
 Mr. Oliver Don't Walk will walk because the Judge in Harden, Montana, fined Don't Walk \$10 for driving without a licence. Don't Walk will walk until the fine is paid, strange but true!

Some folk believe that a piece of sulphur in a dog's drinking water will tone up the animal's system. It will do nothing of the kind as sulphur cannot be dissolved in water.

Sole folk believe that by giving Fido a liberal coating of

crankcase oil it will cure his rash, mange and other skin disease. It will not. And here are a few weird beliefs about dog food: that by feeding the animals meat, especially raw meat, will make him vicious, that too much meat will cause fits and even dog rabies. Still others believe that by feed-

ing a dog meat is the surest way to breed worms. Many think that drinking milk will produce worms, despite the fact that milk and milk products, are all standbys in the kennels of professional breeders.

And there is one group who will tell you that mixing garlic or onions with your dog's food is a good way to breed worms.

Don't believe any of these things. They are nothing but superstitions, as any real breeder of dogs will tell you.
 The world is shot through with varied superstitions and the dog world is no exception to the rule.

NEW PROOF THAT MILLIONS CAN END THE NEED FOR LAXATIVES

—find relief from constipation this safe, natural way—without the injurious effects of repeated laxative use.

With all the progress of medical science over the past 30 years, authorities say there is no longer any reason why irregularity should be our most widespread human malady.

Nor is there any reason for developing the habitual use of harsh laxatives—of doing with one preparation after another in the vain hope of finding, in some potion or pill, the "secret" of lasting relief.

Long-continued study of the problem has shown that one of the most common causes of irregularity is a lack of bulk in the diet. And when this is the case, the common-sense correction is to be found not in the drug store but in your food store!

IT HAS LONG BEEN A MEDICALLY RECOGNIZED FACT THAT NATURE HAS PROVIDED, IN THE NATURAL FOODS MEN WERE INTENDED TO EAT, ALL THE ELEMENTS NECESSARY FOR THE LIFE-LONG AVOIDANCE OF COMMON CONSTIPATION.

One of these elements is natural fibrous bulk, or vegetable cellulose, which normally and naturally aids the rhythmic process of elimination.

In no natural food is this natural bulk so ideally found as in the whole layers, or bran, of the whole wheat kernel which, as you know, is lost in modern milling.

Because of the known value of bran in promoting regularity the Kellogg Company has produced a complete, whole bran—with nothing taken away to lessen its effectiveness—sold under the name of Kellogg's All-Bran, the natural laxative cereal. How effective is All-Bran? This has

been demonstrated in a series of systematic clinical studies reported in leading medical journals.

In one study, 135 people with known delayed bowel function were given one ounce of All-Bran daily for one week. They were studied clinically and with X-ray with tests made before, during and after they ate the All-Bran.

OF THE 135 PEOPLE, 107 SHOWED DEFINITE CLINICAL IMPROVEMENT IN JUST 7 DAYS.

IN A FOLLOW-UP STUDY, BETTER THAN 6 OUT OF EVERY 7 PATIENTS WHO WERE GIVEN ALL-BRAN IMPROVED.

The greatest advantage of All-Bran is that it corrects the cause of irregularity due to insufficient bulk. Chemical or drug-type laxatives, on the other hand, are intended only for overnight relief of a temporary stoppage.

When people use these products habitually—in a way that laxative makers never intended—they punish their digestive system in a way that nature never intended. Instead of correcting the cause, they often actually make their condition worse.

If you think you must take a laxative preparation occasionally, do so. But do it wisely. Read the instructions completely. AVOID EXCESSIVE USAGE. But for natural and lasting relief put your trust in nature. Just eat daily a one-ounce serving of All-Bran for breakfast and drink plenty of water.

This All-Bran plan has helped millions to re-establish and to maintain healthful regularity. Why not you?

It isn't Chicken Feed!
 No Man! That hard earned money hubby brings home is not chicken feed, it's hard earned cash! Help him save by doing ALL your shopping at PIERCE'S, the first choice of the thriftest shoppers.
