NEWS BY TELEGRAPH.

CANADIAN.

St. JOHN, June 6.

James Hardy, a cutter in the employ of
Mr. John K. Taylor, Carleton, dropped
dead in the shop in which he was working
just before noon to-day. Hardy appeared
to be in first rate health up to the time of
his death, of which heart disease was prob-
ably the cause.

MONTEAL, June 6.

The stock market has not been much de-
pressed by the Claxton failure.

Four carters, hearing they were sus-
pected by the police of the murder of
Queenville, voluntarily gave themselves into
custody yesterday. They drove around the
mountain on the morning of the murder
with four women, who were arrested.

Business generally is quiet, with, how-
ever, a little activity in leather.

UNITED STATES.

DEADWOOD, D. T., June 6.

Three renegade Cheyennes, who killed a
private and wounded a signal sergeant on
Tuesday, were sentenced to be hanged on
the 7th of July. On the same evening
two of them suicided by hanging at Fort
Keogh.

NEW YORK, June 6.

A letter, dated Smithville, June 2, was
received at Nashville, Tenn., to-day, by the
revenue collector, announcing the ambush
and killing by "moonshiners" of United
States Deputy Collector Davis and six men,
nine miles south of that place, on the 1st
instant. Letters state it was known
twenty-five or thirty men were in bus-
h for the party at the distillery they were to
capture, and near which they were last
seen.

Jesse Allison, colored, was assassinated
on Sunday night at Guerley's farm, near
Waco, Texas. George and Tom Fair, col-
ored, were arrested on suspicion, and re-
leased on Tuesday. Tom was found near
Allison's house, shot and hanging to a tree.
Further on, George's body was found, his
hands tied behind him and his body riddled
with shot. There is much excitement
among the negroes.

The striking longshoremen of New York
last evening voted to return to work at the
old rates.

The strike of puddlers at Paterson has
ended, on promise by the president of the
company of a fair settlement of wages.

Mayor Cooper, of New York, for violat-
ing a city ordinance in using hose sprinklers
without permit, paid ten dollars fine yester-
day.

Dr. Bennett, convicted recently of mailing
obscene matter, has entered on thirteen
months' hard labor in the Albany peniten-
tiary and a fine of \$300.

Peter alias Peachy Swingler, colored,
who murdered John Anderson, colored, at
a ball, was hanged to-day at Chambersburg,
Pa., and showed a remarkable nerve; he
placed the rope around his neck himself.
The sheriff had to remove it to allow him
to make some remarks, when the prisoner
said that whiskey and bad company brought
him there, and then said that he was ready,
and again placed the rope around his neck,
which the Sheriff again had removed.
After prayer the cap and rope were ad-
justed, and the drop fell.

CHARLOTTE, N. C., June 6.

Rufus Watts, a colored preacher living
near this city, was arrested to-day, charged
with killing his wife.

RUSSIA.

BAKIR, June 6.

A Russian expedition against Turcomans
leaves Tehikeslar on Friday. It consists of
2800 cavalry, 16 battalions of infantry, and
36 guns.

ALEXANDRIA, June 6.

Vivian, the British Consul General, goes
to Cairo to-night to deliver the protest of
his Government against the arbitrary man-
ner in which the Khedive's decree of the
22nd April dealt with the creditors of the
Egyptian Government.

VIENNA, June 6.

The excitement at Novi Bazar on account
of the projected Austrian occupation has
increased. There has been an encounter
between the Turks and the Arnants in Al-
bania. Sixty Arnants are reported killed.

BERLIN, June 6.

In consequence of the absence of the
Czar, the programme for the Emperor
William's golden wedding offers little
striking character, and possibly will be
further curtailed. The Duchess of Edin-
burgh has also telegraphed excuses. Grand
Duke Alexis will come as the representative
of Romanoff.

The German Government has decided to
address other European Governments on
the subject of the improper and in some
cases inhuman manner in which the war
in South America is carried on by the bel-
ligerent States, and to suggest joint inter-
ference.

LONDON, June 6.

The assets of the Australian and Euro-
pean Bank, Melbourne, are stated at £650,-
000. The associated Australian Banks
have arranged to pay outstanding notes of
the broken bank, which amount to £30,000.
It is thought the creditors will be paid in
full.

ROME, June 6.

All the rivers in the north of Italy are
subsiding. The danger from floods is now
over.

The Nihilist Scare.

As an instance of the fear inspired by
the Nihilists the "Moscow Gazette" re-
lates the following occurrence: Last week
a young lady, well dressed, presented her-
self at the banking house of Kruger & Co.,
and asked to see the principal in private.
She was shown into a private room, and
upon the entry of Mr. Kruger, expressed
her desire to go to the town of Valdimir.
She had no money, she added, and she
wanted some from the banker. The latter
seeing her moving her hand in her pocket,
imagined her to be a Nihilist with a revol-
ver, and, to avoid being shot, offered her
three roubles. "It is not enough," said
the lady, "you must give me ten." Mr.
Kruger thereupon handed her the money,
and she thanked him and retired. The
"Moscow Gazette" thinks it quite as prob-
able as not that the lady was no Nihilist
at all, but the occurrence shows the general
fear prevailing, especially as Mr. Kruger
considers that he got off "remarkably
cheap."

A Legal Decision.

A legal decision of some importance has
been delivered in the Montreal Superior
Court by Mr. Justice Johnson. The city
of Montreal claimed \$200 interest or "in-
creased" of a tax for non-payment at the
proper time on an assessment of real estate.
The Judge held that the city could not re-
cover, because the Acts of the Local Legis-
lature of the Province of Quebec assuming
to give powers to the corporation to im-
pose such a penalty or "increase," are
ultra vires beyond their constitutional
powers, any increase to the assessment on
account of their non-payment being neither
more nor less, by whatever name called,
than interest; and all matters respecting
interest being exclusively within the do-
main of the Parliament of the Dominion.
The St. John Globe asks how it is as re-
gards "discount" for the prompt payment
of taxes? Is that also *ultra vires*?

A Law Society.

The project of forming a Law Society for
Canada, which has been so frequently dis-
cussed, is about to be carried out. The pro-
fession, split up by its connection with seven
different provinces, has no status as a body,
and matters affecting them are decided in the
Legislature without consulting them, and
without there being any medium of communi-
cation between the Government or the Legis-
lature and the Bar of Canada. Nor have the
Judges of the Supreme Court any organization
to deal with what represents, in any way,
the views of the profession. The Bar have very
generally responded to the invitation of the
committee, who have already received appli-
cation for membership from all parts of the
Dominion. A meeting was held at Ottawa
on Thursday. The members of the
Bar from P. E. Island, New Brunswick and
Nova Scotia, in attendance at the Supreme
Court, were present.

The Zulu Trouble.

The sooner Sir Garnet Wolseley gets to
Zululand, the better for the British arms, for
the last advices from South Africa are not en-
couraging. Lord Chelmsford has once more
abandoned the plans which he had adopted for
the future prosecution of the campaign, and
has decided upon another scheme, which may
or may not be found practicable. The diffi-
culties of transportation are enormous and
almost unsurmountable. Fuel and water are
both lacking on any route that has yet been
proposed. At Kambula, no fuel is to be ob-
tained at a less distance than four miles. At
Ingwe, there is no fuel, so that a supply must
be carried with the troops to that place from
Utrecht. A depot for the main body of the
army has been formed on Blood River, and
over one thousand tons of stores are now being
transported to this depot from Helpmakaar.
The distance is 49 miles, and 500 wagons are
required for the service. The burning of the
grass by the Zulus has vastly augmented the
difficulties in the way of the advance, for new
forage for the animals must all be brought
forward from Helpmakaar, at an enormous
cost.

A LARGE amount of counterfeit money is in
circulation in the district of Ottawa. On
Wednesday no less than nineteen counterfeit
bills were successfully passed on farmers at
the Ottawa market. The counterfeits are
principally five dollar bills on the Commerce
and British North American Banks. Steps
are being taken to ferret out the parties who
are so successfully flooding the country with
the spurious bills. Dominion of Canada two
dollar notes changed into five dollars are also
in circulation. In the altered notes, the \$2
in the middle of the note is blurred with acid,
and the two around the note are also changed.
The Dominion issues no notes but of the value
of one and two dollars.

Liver is King.

The liver is the imperial organ of the
whole human system, as it controls the life,
health and happiness of man. When it is
disturbed in its proper action, all kinds of
ailments are the natural result. The dig-
estion of food, the movements of the heart
and blood, the action of the brain and ner-
vous system, are all immediately connected
with the workings of the liver. It has been
successfully proved that Green's August
Flower is unequalled in curing all persons
afflicted with dyspepsia or liver complaint,
and all the numerous symptoms that result
from an unhealthy condition of the liver
and stomach. Sample bottles to try, 10
cents. Positively sold in all towns on the
Western Continent. Three doses will prove
that it is just what you want.
