Retired Banker Was Well Known In Kensington

Mr. Frank W. Pidgeon who grew to manhood in Kensington and was well known as a bank manager at Victoria, P.E.I., has retired on pension in the Bank of Nova Scotia in Streetsville, Ontario.

On March 31st, Mr. Pidgeon's birthday, he and his wife the former Vern Leslie of Kensington, were honored guests when the Bank of Nova Scotia at Streetsville held open house "for friends old and new." The banking room was gay with Spring flowers, and refreshments were served by the bank staff and wives of the male members. Mrs. Pidgeon wore a charcoal two piece dress with black hat and other accessories, and an orchid corsage.

Mr. Pidgeon who was born in 1896 entered the bank in Kensington on September 14th, 1914. In 1916 he was transferred to Summerside where he enlisted in the first Great War. On his discharge from the army he was transferred to western Canada. After living there for some time he returned to the Maritimes, where he served in various branches, among them Victoria, P.E.I. After living in Victoria for a number of years, the family moved to Ontario, when he was transferred to the Streetsville branch.

He has been active in many enterprises designed for the betterment of the community, and has seen the population of the village grow about 700 to about four times that number. The bank has been enlarged twice since 1942.

Mr. and Mrs. Pidgeon intend to continue living in Streetsville where they have a son and a daughter married and one son at home. BUR

S'side Y's Men Make Plans For Convention

At their regular weekly meeting last night, the Summerside Y's Men's Club made plans for the coming Maritimes region convention being held in Yarmouth, N.S. and also for the combined ladies night to be held next week in Summerside. In regard to the ladies night, Charles Linkletter reported that about 40 members would be attending from the Charlottetown Centennial Club and a like number is expected from the Alpha Club.

Don Adams asked members of the convention committee to remain after the regular meeting for a conference. Bill Warwick, speaking in reference to the Hi-Y and Y's Men's project of delivering advertising circulars, told the club that drivers and cars for this purpose would be needed for Saturday morning. One recommendation which had been tabled from a previous meeting was passed and the club voted to donate $25.00 to the Canadian Legion War Memorial Fund. A show of hands was called for of those definitely attending the Yarmouth convention. A count revealed that a possible 12 members and their wives would be going.

Charlie Ballem asked the club whether or not the Hi-Y groups could be sure of having the use of the Y Center for their afternoon tea on May 26th. Jim Connell, replying to this, stated that construction on the extension to the Y center would be started as soon as the highway freight restrictions were lifted but he did not think the building would be disturbed by that date.

It was decided, after some discussion, that the last meeting of the club before the summer recess would be on May 31st, with a meeting scheduled for May 24th even though it followed immediately upon the Yarmouth convention.

Dick Hinton called for volunteers to pick up an accumulation of cancelled stamps at the local radio station.

The meeting was chaired by president Jock Hopkirk with Ralph MacFarlane leading the sing song.

An adjudication of the club's vocal efforts was called for by the members and given very capably by two of the four guests present, Dr. Leslie Bell and Mr. Roubakine, who are adjudicating at the Musical Festival. Doug Webber of Halifax and Sterling Boates of Kentville were also present as guests. Finesmaster for the evening was Harold Rodd.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

Toronto, Ont. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a famous scientific institute. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H**. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

In 1919, he was named manager of the Canadian Government Merchant Marine, formed to keep merchant vessels acquired by Canada in the First World War in business after the war under Canadian registry.

Discuss Store Hours At Board Of Trade Meeting

A general discussion on the opening and closing of stores and offices in Summerside one hour earlier brought some variance of opinion at the regular meeting of the Summerside Board of Trade held last evening in the offices of Perfection Dairy, president John S. Wright presiding.

The discussion, prompted by Mr. C. R. MacLaggan, who asked for comments on this question as regards banking hours, revealed that little, if any, argument against such a move has been forthcoming as yet from the rural areas. Of two Summerside businessmen who spoke on the subject, one was for and one against.

In his report for the tourist and publicity committee, Mr. Edgar Cannon, stated the Summerside bureau will definitely open on June 1st but that the matter of an additional employee cannot be finalized until the amount of the government grant is made known.

Mr. Fred Bingham, speaking for the Marine and Transportation committee, commented on the question of poor freight service in Summerside which had been discussed at the last meeting. He said his investigation disclosed that the local freight shed hasn't the capacity to handle present day needs. He said far more space is required to improve this service. Mr. Bingham spoke of the wonderful achievement of the board in retaining the C.N.R. freight service in Prince County and of the excellent support given by the West Prince delegation who accompanied them to the talks with C.N.R. officials in Moncton.

President Wright concurred with Mr. Bingham's statement and expressed sincere gratitude for the wonderful assistance given the board byMr. J. Watson MacNaught, M.P. who kept in close touch with the situation at all times.

The president was warmly thanked for his excellent chairmanship of the meetings held with C.N.R. officials, by Mr. Charles Linkletter, who said a great debt of gratitude is owed Mr. Wright for handling the meetings so expertly and seeing them come to such a successful conclusion.

After adjournment delicious Perfection ice cream and cake was served by the host Mr. A.H. Hubley, manager of Perfection Dairy, Summerside.
