"To such an extent did I suffer with inflammatory rheumatism that I could not feed or dress myself without assistance. Two-thirds of a bottle of St. Jacobs Oil entirely cured me, and I considered it worth its weight in gold," says C. E. Jones, New Alexandria, Ohio.

The corporation of Winnipeg besides taxing real estate and personal property heavily, make all lines of business contribute to the civic exchequer. Thus grocers and hotel keepers each pay a license fee of \$200; boarding houses \$5; auctioneers \$25, and \$5 for each horse; trucks \$5 each and others at a like ratio.

The Educational Institute will meet this evening at 8 o'clock, in the Upper Prince Street School. The subject for discussion is a very interesting one, and the public, therefore, are invited. Messrs. Henry Lawson and William Kennedy will read short papers on "Novel Reading," Miss Ella Lawson and Mr. T. A. LePage will read short extracts from standard novels. Dr. Leeming, as previously announced, will also take part in the proceedings.

UNTIL a few years ago two nephews and one niece of the great Lord Clive were living in England—a strange fact when it is remembered that Lord Clive died in 1774. He had one brother named William, much younger than himself, who in 1774 was not 30 years of age. Last November one of the two nephews, the Rev. George Arthur Clive, died in his seventy-ninth year, and three weeks ago his niece died at an advanced age. Her name was Charlotte and she was a spinster. The venerable Archdeacon Clive, now in his eighty-seventh year, and the last of the three children of William Clive, followed her remains to the grave.

The Tournament at Citizens' Skating Rink to-night, if we may judge from the names of the competitors, will be the best ever held in the city. It will commence at 8 o'clock sharp, and continue until 10. The Band of the 2nd Battalion will be present. With glib ice, fast skating, and a good brass band, the tournament cannot fail to be interesting. The following are the names of the contestants:— Thomas Doyle, Colin Moore, Wm. E. Eganell, Wm. Weeks, A. Duchemin, Robert Fraser.

The rapid growth of the French Canadian element in the New England States is attracting a good deal of attention. There are now nine French newspapers published in New England, and new churches are being erected in all directions. Among the interesting papers laid before the Massachusetts Legislature is a statement prepared by Mr. Ferdinand Gagnon, showing statistics of the French-Canadian population in thirty-five New England cities and towns. An abstract is as follows:—

Table with 2 columns: Category and Population. Total population 554,135; French-Canadian population 109,645; Canadian Real Estate owners 2,59; Canadian School children 16,219; Naturalized Canadians 5,996.

In Denver, Colorado, during the past year, the sum of \$4,000,000 was expended on the construction of new buildings. The total assessed valuation of the city is \$25,650,000, an increase on that of last year of \$9,460,000. According to the auditor's returns, the assessed valuation of the State of Colorado is \$90,059,004, an increase of \$23,000,000 on that of a year ago. The bullion output of the State for the year is set down at \$20,200,000. Of this \$11,500,000 goes to the credit of Lake County. Over \$9,000,000 was spent in the State on railway construction. By next Christmas it is expected that the Denver and New Orleans road will have connection with the Texas roads. The Chicago, Burlington & Quincy will have their line completed to Denver about midsummer. The Atchison, Topeka & Santa Fe are now running their trains through to Denver.

We understand that George Macleod, Esq., Cashier of the Union Bank of P. E. Island, has, from considerations connected with his health, resigned the General Agency of the Queen Insurance Company for this Province. The Agency has been transferred to Mr. Frank Kennedy, who has opened an office on the South Side Queen Square. Mr. Kennedy has also assumed the Agency of the City of London Fire Insurance Company and will do a general insurance business. From the high standing of these English offices, we have no doubt that Mr. Kennedy will be successful in doing a large business. Mr. Macleod has consented to act as an advisory director in the interests of the Companies. We have pleasure in calling the attention of the public to the advertisement to be found in another part of our columns, and in bespeaking for Mr. Kennedy the patronage of those who would insure in staunch and reliable companies. Mr. Kennedy also proposes to combine with his insurance business that of an Accountant, etc.

Special Despatch to the Examiner.

OTTAWA, Feb. 2.

A social scandal has transpired, connected with a well known member of the Civil Service. The party in question is an M. D., and was formerly professional partner of a Conservative M. P. in a Western town. The party separated from his wife, agreeing to furnish her with money from time to time, and, removing to Ottawa, obtained employment in the Railway Department, on the recommendation of his late partner. He also kept an office, and openly practised his profession in this city. This, though contrary to the Civil Service Act, seems to have been allowed. Recently, the remittances to his first wife having ceased, enquiry resulted in the information that the doctor had again married, this time to an Ottawa girl. Notwithstanding some publicity was given in the morning papers to these unobscure facts, the doctor was at his two offices to-day, as if nothing had happened.

Farmers' Club.

A meeting was convened in the Mill View School Room, on Saturday last, the 28th ult., for the purpose of taking into consideration the forming of a "Farmers Club" in this vicinity.

Notwithstanding the very stormy weather there was a very fair number in attendance.

Mr. Charles Sheildow was appointed Chairman, and the undersigned Secretary.

Messrs. Edward Grant, Edward Fraser, John McGillveray, J. G. McKenzie, Samuel Drake and several others addressed the meeting, showing conclusively that the forming of a Farmers' Club would be the means of causing a more combined and united effort on the part of the farmers to improve their stock and seeds, and place a better and more carefully selected article of produce in the market at more remunerative rates, and would also tend to the general improvement and prosperity of this community. After a lively and spirited discussion on the mode of organizing the Club, it was resolved that we adjourn until further information be obtained, of which due notice will be given. It was also unanimously resolved that William Welsh, Esq., be invited to attend our next meeting, as he has always shown himself interested in the agricultural pursuits of this place. After the usual vote of thanks to the Chairman, the meeting adjourned.
