

# EX-VICE NO LONGER CONTENTION

People have been asking me why I have withdrawn my name from the Student Union Presidential Election. There were several reasons why I did this. The president is suppose to be the leader, the speaker for the Student Union. I prefer not to lead. Instead I prefer to do the work-- the president is wrapped up in too much formality. I prefer to do the work that has to be done, rather than tell someone else what to do.

I want to be a teacher, a good teacher. I have six courses this semester plus 10 weeks practice teaching. I didn't want to be spread too thin, to be involved in too many student activities. I feel I would have had enough time for the presidential position had I run in the election and won, but I would have had to give up all or most of the other university activities that I'm interested in, eg. newspaper, Campus Police, Personal Board and football.

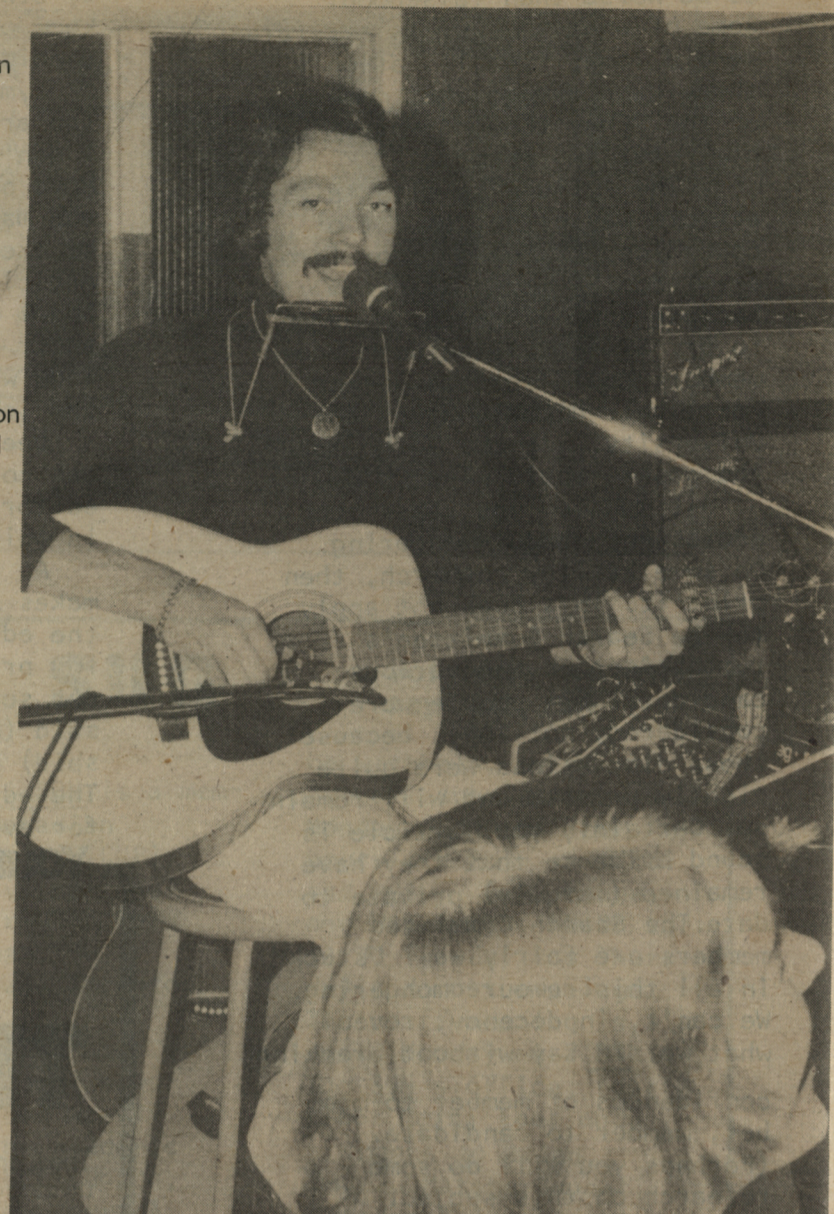

Being president, or being on the Student Union is a hard job. It is hard at times choosing between what one thinks is best for the general student body and the interests of ones friends, who supposedly also care about the student's best interests.

I feel I was never into the ego-tripping bit. Any position I've had or ran for was because I felt I could do a good job or because I wanted to try.

I am simply an Islander who wants to do the best job he can at whatever I try to do. What I want to do now is to become a good teacher.

I plan to help out the new president and vice-president as much as I can when they take office and I hope they have enough time and interest to do a good job.

Dear Gerald

On behalf of Ian and Laurie I would like to thank everyone who made our concert at U.P.E.I. a smashing success.

We were thoroughly pleased by the attention and assistance of the organizers and the warm reception given to

us by the students. Your campus, student union and school spirit made playing at U.P.E.I. a pleasure. You really have something to be proud of. Hope to see you again soon.

Sincerely yours
