New York Stock Prices Advanced Last Week

NEW YORK, June 29 - (CP) - The Associated Press average of 60 stocks closed last week at \$106.80, highest since June 10, 1950, and the third straight high of the week. During the week the market advanced three days, lost on one day and held unchanged another. Railroads led the advance, backed by other areas of the list. Good gains were shown in steels, motors, oils, rubbers and building materials.

Bullishness spread in Wall Street and the traditional summer rally seemed to be taking hold. Buying was selective and apparently based on conservative opinion.

Sales volume continued at a daily average of only a little above 1,000,000 shares.

Friday was highlighted by a block of 25,000 shares of United States Steel off 1-4 at 39. Later steel closed up 3-8 at 39 5-8.

The Dow average for industrial stocks rose 2.25 points to 272.44 for the week. Rails advanced 1.95 to 102.39. Utilities lost .08 at 49.69. The combined average gained 1.05 points.

Gains included Northern Pacific up 2 3-8 at 83 1-4, Standard Oil (NJ) 1-4 at 80 1-2, General Motors 1-4 at 58 and General Electric 1-8 at 62.

Grain

WINNIPEG, June 29 - (CP) - Prices of coarse grain futures generally showed an easier tone Saturday on the Winnipeg Grain Exchange, reflecting selling prompted by good rains over the prairie grain belt. Prices also reflected weakness in U.S. grain prices.

Fair support in barley was attributed to export account and there were some shipping purchases in oats. Rye received support on occasions from U.S. interests.

Trade showed the usual Saturday dullness.

Prices of class two wheat were down two cents; prices of I.W.A. wheat were unchanged.

Closing prices. Oats - July 78%; Oct. 80% A; Dec. 79% A.

Barley - July
