

# Death In 102nd Year Of Mr. Robert Furness

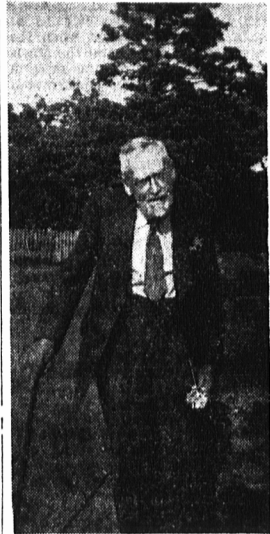

The death occurred yesterday in his 102nd year of Mr. Robert Furness, well known resident of Vernon Bridge. He had been confined to a bed for about six weeks in all, prior to that he had been in his usual health and had been unusually active for a man of his advanced years. He was 101 on April 5th.

He lived with his half-brother, Milton Furness. Other members of the family to survive him are his half-brother Newman Furness of Vancouver and a half-sister Margaret who is Mrs. George MacLeod and lives in Montreal.

Mr. Furness was an outstanding farmer in his day. He imported the pure bred Ayshire sire that came to this Province. The animal, King Spruce, came from Ontario. That was back about 1896. It was seven years later that he was chosen by the Federal Government to set up an experimental fattening plant for poultry on his farm. It was in 1905 that a crate of birds that he fattened was sent to the London Exposition. They were grown by Margaret Jones of Pownal. They cleaned up top prizes in the classes they were eligible for.

Mr. Furness ceased active farming operations some years ago but retained the love of the soil through the later years of his life. Gardening was his hobby and he spent many an hour among the plants he knew and liked so well. It was also an ardent trout fisherman.

Mr. Furness became interested in politics early in life. He was born the year before this Province achieved responsible government. He was poll clerk at the first election after Confederation and never missed voting in an election since that time. He worked at a Charlottetown store, Weeks', for nine years during his late teens and early twenties. There was no school in Vernon Bridge in his school days so he went to Orwell, the nearest school. The first railway, the old days of the ship building industry in

this Province and scores of other developments that were part and parcel of Prince Edward Island's growth and development, were familiar to Mr. Furness who grew up with the Province and played a part in the progress that led to its development.

From his home at Vernon Bridge set back from the highway, he loved to look over the countryside which he has known many a day for more than a century.

Although in his last days the friends of his childhood days had passed on he made others from succeeding generations, all of whom will join in paying heartfelt tribute today to a grand old man who has passed on to his final rest.

# Lord Lovat's Visit To Island Next Week

Lord Lovat, Chief of the Clan Fraser, will be in Prince Edward Island next week for the annual Scotch Gathering to be held in Montague on Wednesday, July 16th. Two pipe bands and a crack Royal Canadian Air Force band from Ontario will be on the program along with the usual Highland games, dancing competitions and other features.

The gathering of the clans is being sponsored again by the Caledonian Club of Prince Edward Island assisted this year by various Montague organizations. Proceeds from the meals to be served in the hall of the Beaver Club grounds, where the Scotch Gathering is to be held, will go toward the building of a Nurses Residence for the King's County Hospital.

Elaborate plans have been worked out with the Cape Breton Gaelic College and Mod to bring Lord Lovat to the Island for the big event. He attended the Calgary Stampede and after coming to Montague will proceed to Scotch gatherings in Nova Scotia.

Lord Lovat, one of the most distinguished military leaders in World War Two, is an outstanding cattle breeder and rancher in Scotland. He was a leader of the Commandos in the Dieppe raid and was also in the forefront of the fighting during the D-Day invasion of Normandy. The much decorated soldier has a farm consisting of 90,000 acres in the North of Scotland. He resides at Beaulieu Castle, a beautiful modern red stone building on the ancestral property of the Fraser clan chiefs.

The chief of the Frasers will be met in Moncton next Tuesday by W. R. Shaw, who is president of the club.

On Wednesday morning, Lord Lovat will be taken on a round of official calls and in the afternoon he will be at the Scotch Gathering in Montague.  
The Sydney Girls' Pipe Band, one of the best Scottish bands in the Maritimes, will come over on the Wood Islands ferry on Tuesday and will be in Montague the following day. They will parade through the streets of the town at about 1:30 p.m. Burke's Lads and Lassies pipe band, another popular band, will also be on hand to play at the big event. Some 50 musicians are included in the R. C. A. F. band that is coming from Ontario.  
The Highland games, including running, jumping, tossing the caber, will get underway at 2:15 p.m. This part of the program will be under the direction of the Provincial Physical Fitness Department. There will be highland fling dancing and other competitions of similar nature.  
No cars will be parked on the Beaver Club grounds but arrangements have been made to use Gordon's field a short distance away for parking the hundreds of cars expected in Montague for the gathering. A big dance will be held in the Beaver Club in the evening.

and enjoyable one.  
"We know full well the problems with which you are faced," said Mr. Gudmore, "and it is encouraging to know that you are supporting your department in striving to meet changing conditions, with good success. I am doubtful if any country can boast of a better and more economical service than that which we have by air in Canada."  
The afternoon session was devoted largely to discussions by groups and the passing of resolutions, including one requesting that under the Civil Service Superannuation Act, certain groups be granted annual leave and the benefits of health insurance.  
The suggestion was put forward that District office heads should hold frequent meetings at central points, attended by employees of dependent offices, with a view to keeping in touch with advanced ideas and routine established.  
A resolution urging that a 24-cent stamp be issued to take care of the new registration charge, would be in the public interest, as two stamps are required now.  
Mr. W. C. McEachern, Regional Director for the Maritimes, expressed the thanks of the Conference for the many courtesies extended by the members when the members came in contact, and including the press.  
The following officers were elected: Mrs. Jennie Cruikshank, Sherbrooke, N. S., President; P. J. MacInnis, Borden, Vice President; G. N. Budreski, Stellarton, N. S., Secretary; who with V. A. Moar, Charlottetown, N. B. and W. A. Wright, Sorel, P. E. I., constitute the executive.
