SPECIAL NOTICES.

THE OXYGENATED BITTERS.

Dyspepsia, Indigestion, Heart Burn, Water Brash, Sour Stomach, Jaundice, Flatulency, Debility, &c., find a ready relief and speedy cure in this great remedy.

THE OXYGENATED BITTERS

Are believed by many who have been cured of the above complaints to be the only medicine which the *materia medica* affords for their infallible cure. It is not an alcoholic preparation, which, while giving a momentary stimulus, reduces the system in the same ratio; but one distinct and different from any medical preparation ever compounded, and which will, in most cases, extract the disease by the roots and restore the patient to pristine health. In proof of which, testimony of the very highest and unexceptionable character is presented.

From Mr. JOHN D. NASH,

Well known throughout the British Provinces as an extensive Auctioneer.

HALIFAX, N. S., June 16, 1860.

Messrs. SETH W. FOWLE & Co., Boston, Mass.

Gentlemen:—Having a very high estimation of the value of the OXYGENATED BITTERS, for *dyspepsia* and *debility of the digestive organs*, I take pleasure in giving you a statement of their operation in my own case. Several years since I was severely afflicted with a most aggravating form of DYSPEPSIA, which rendered my ordinary duties a burden. I tried many remedies with no benefit, until I made use of the OXYGENATED BITTERS, and I can say with the utmost confidence that THIS REMEDY ENTIRELY ERADICATED EVERY SYMPTOM of which I was suffering, by the continued use of eight bottles, although the first bottle produced a decided change for the better. I consider this remedy to be of inestimable value to those whose stomachs have been deranged by the use of intoxicating liquors or by high living. I now keep them by me, and find their use to be a great promoter of good health.

Yours respectfully,

JOHN D. NASH.

ADVICE GRATIS.

It should be the aim of a newspaper to become acquainted with the improvements and discoveries of the day and to call the attention of its readers to all such as will be interesting and useful to them. In all such cases its conductors should feel as strictly bound in honor to speak in a candid and truthful manner as if conversing with an intimate friend. We have heretofore recommended Mrs. Winslow's Soothing Syrup for children teething, and we now take occasion to repeat, that we believe it is of more importance to mothers and their children than any other discovery made by the profession in the last hundred years. A very large percentage of children annually die during the process of teething and a very much larger number of those who survive are greatly debilitated or diseased, so that they grow up weak both physically and mentally, and incapacitated both for study and labor. Now we appeal with perfect confidence to thousands of mothers who will read this article, to corroborate our statement, when we say that no such fatal consequences as those we have alluded to ever occur from teething, when Mrs. Winslow's Soothing Syrup is used IN TIME.

We are pleased to know that thousands of ladies have acted upon our suggestion, and have thanked us for it. Still there are many thousands of mothers who read our paper, who, from prejudice against the flood of worthless nostrums that deluge the country, or from neglect, have not availed themselves of the benefits of this most invaluable remedy. To such we wish to say—this Syrup is the result of thirty years' experience of one of the best family physicians the world ever produced; and is just THE REMEDY NEEDED by every mother who has a child teething. It softens the gums, reduces inflammation, allays all pain and spasmodic action, corrects acidity of the stomach, and regulates the bowels. Moreover, we assure every mother it is PERFECTLY SAFE—no possible harm can come of its use, according to the directions which accompany each bottle. We speak thus confidently, from the fact that very many of our most valued friends have made use of it for years, and we have witnessed the most happy results from its use in hundreds of cases. If you never before had faith in a female physician, our word for it, you will have, after using the Soothing Syrup. Try it. Twenty-five cents will purchase a bottle. It is, therefore, within reach of the poor as well as the rich.—NEW YORK LADIES VISITOR.

Holloway's Ointment and Pills.—Shortness of breath, Colds, Coughs,—Thousands of Testimonials can be produced to prove the power possessed by these corrective remedies in asthma, incipient consumption, and all disorders of the chest and lungs. The Ointment well rubbed upon the chest and back, penetrating the skin, is absorbed and carried directly to the lungs, where, in immediate contact with the whole mass of circulating blood, it neutralises or expels any impurities which are the foundation of consumption; asthma, bronchitis, pneumonia, and all pulmonary complaints are thus easily cured. The asthmatic chest, tightened to suffocation in foggy damp weather, is liberated by Holloway's Ointment and Pills, which alike cure the short dry consumptive cough and the heavy expectoration attending bronchitis.

BURNETT'S COCOAINE.—This of all hair preparations is certainly the most popular, and we are assured by friends who have used it, of its great superiority. Instead of containing a large portion of heating substances and animal oils, which have heretofore entered into the composition of all hair preparations, it is entirely free from them, and by its cooling properties, removes dandruff and itching, and imparts to the hair a most luxuriant and glossy appearance. It is altogether the cheapest and best hair dressing in the world.—*Bangor Daily Evening Times.*

Desirous of benefitting others, I will send this receipt, which I have brought home with me, to all who need it free of charge.

AYER'S CATHARTIC PILLS.

The sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—

Costiveness, Billious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pains arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangement of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by some unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, of Wesleyan University:

MIDDLETOWN, Conn., Feb. 28, 1859.

SETH W. FOWLE & CO.—Gentlemen:—I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, to try one bottle, and if no benefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours,

AUGUSTUS W. SMITH.

Messrs. SETH W. FOWLE & CO.,

Gents:—I was, for many years, a great sufferer from Dyspepsia or Waterbrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton, to make use of the Oxygenated Bitters. The first bottle produced but a slight alteration in the disease, and had it not been for the urgent request of my physician, I should then have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen bottles, I had entirely regained my health. I hope all Dyspeptic persons will be induced to give them a fair trial, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been produced. Yours,

STEARNS FOSTER.

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTRY and DIARRHOEA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New-York, is on the outside wrapper.

MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and induing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither *Mercury*, nor *Antimony*, nor *Arsenic* nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudices of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; *Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Languor, and Melancholy*, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

DIARRHŒA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucous membrane.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure *Rheumatism* permanently in three weeks, and *Gout* in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence they have ever been found a certain remedy for the worst cases of *Gravel*.

Also *Worms*, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and *Consumption*, by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces those dreadful diseases.

Scurvy, Ulcers and *Inveterate Sores*, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and *Bad Complexions*, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of *Salt Rheum*, and a striking improvement in the clearness of the skin. *Common Colds* and *Influenza* will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS, and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He, however, at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

BILIOUS FEVERS AND LIVER COMPLAINTS.

General Debility, LOSS OF APPETITE, AND DISEASES OF FEMALES—these medicines have been used with the most beneficial results in cases of this description:—KING'S EVIL and SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.

THE GREAT CURE ALL!

KNOWN THROUGHOUT THE WORLD.

HOLLOWAY'S OINTMENT.

Bad Legs, Bad Breasts, Sores and Ulcers.

All description of Sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound, *and to soothe the neighbouring parts by rubbing in plenty of* the Ointment as salt is forced into meat. This will cause the malignant humours to be drained off from the hard, swollen and discoloured parts round about the wound, sore or ulcer, and when these humours are removed the wounds themselves will soon heal; warm bread and water poultices applied over the affected parts, after the Ointment has been well rubbed in, will soothe and soften the same, and greatly assist the cure. There is a description of ulcer, sore, and swelling which need not be named here, attendant upon the follies of youth, and for which this Ointment is urgently recommended as a sovereign remedy. In curing such poisonous sores it never fails to restore the system to a healthy state if the *Pills* be taken according to the printed instructions.

Diptheria, Ulcerated Sore Throat, and Scarlet and other Fevers.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm. All sufferers from these complaints should envelope the throat at bed time in a large bread and water poultice after the Ointment has been well rubbed in; and if the soles of the feet are likewise rubbed with the Ointment every night, it will greatly assist the cure of the throat and chest. To allay the fever and lessen inflammation, eight or ten Pills should be taken night and morning. The Ointment will produce perspiration, the grand essential in all cases of fevers, sore throats, or where there might be an oppression of the chest either from asthma or other causes.

Piles, Fistulas, Strictures.

The above class of complaints is surely removed by nightly fermenting the parts with warm water, and then by effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

Imprudencies of Youth;—Sores and Ulcers.

Blotches, as also swellings, can with certainty be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humour from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure.

Dropsical Swellings, Paralysis and Stiff Joints.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases of such diseases will yield, in a comparatively short space of time, when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped Hands	Glandular Swellings	Scurvy
Bunions	Corns (Soft)	Lumbago	Sore-heads
Bite of Moschetoes and Sand-Flies	Cancers	Piles	Tumours
	Contracted and Stiff Joints	Rheumatism	Ulcers
		Scalds	Wounds
Coco-bay	Elephantiasis	Sore Nipples	Yaws

THE FRIEND OF ALL!

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system. To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer or spirits, or far better, none; take no coffee, weak tea being preferable; get all the fresh air you can; take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

Sick Headaches and want of Appetite.

These feelings which so sadden us most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as a natural consequence a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

How to be Strong.

Never let the bowels be either confined or unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a run upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake however, for these Pills will immediately correct the liver, and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, which in all cases gives tone and vigor to the whole organic system, however deranged—health and strength following as a matter of course. The appetite too is wonderfully increased by the use of these Pills, combined with the use of solid in preference to fluid diet. Animal food is better than broths and stews. By removing acrid fermented, or other impure humours from the liver, stomach or blood the cause of dysentery, diarrhœa, and other bowel complaints is expelled. The result is, that the disturbance is arrested, and the action of the bowels becomes regular. Nothing will stop the relaxation of the bowels so quickly as this fine correcting medicine.

Disorders of Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be affected with stone and gravel, or with aches and pains settled in the loins, over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm,—in fact they never fail in curing all disorders of the liver and stomach.
