SIXTEEN YEARS OF IT.

Charles Schryver had Kidney Disease all this time and Didn't Know it. How he Found out and How he Was Cured.

TORONTO, Oct. 1.—Sixteen years ago kidney disease attacked Charles Schryver, a bricklayer in this city, but he did not know it. It showed itself in the forms of pains in the small of the back. They did not amount to much at first but kept growing worse. Within the past six years, Mr. Schryver has almost every week had to quit work for one or two days on account of their severity. Doctors ascribed them to the liver and other causes and prescribed, but their medicine did no good. Last spring, a city physician diagnosed the case as one of diabetes and wanted to prescribe, but Mr. Schryver said, "No, if its diabetes, I'll use Dodd's Kidney Pills, which I know will cure me." They did cure him, too, and to-day Mr. Schriver is free from ache or pain and able to do his day's work, week in and week out, with any man in his trade.

About the largest sheep shearing story we ever heard of comes from Wyoming, where it is said that one man sheared 356 sheep in ten hours, and another 322. Everything grows large in those new countries, even the stories they tell.

That Joyful Feeling.

With the exhilarating sense of renewed health and strength and internal cleanliness, which follows the use of Syrup of Figs, is unknown to the few who have not progressed beyond the old time medicines and the cheap subsitutes sometimes offerd but never accepted by the well informed.

The Echo des Mines announces the invention by a young Belgian of a lamp 6 feet high and 3 feet 10 inches in diameter. Its light is so strong that one can read by it at a distance of 600 feet. The lamp is fed with lard oil.

It is given to every physician, the formula of Scott's Emulsion being no secret; but no successful imitation has ever been offered to the public. Only years of experience and study can produce the best.

Some of the magazines are publishing good poetry now. They are determined to compete with the newspapers if it takes all winter.

Not that Kind.

Scott's Emulsion does not debilitate the stomach as other cough medicines do; but on the contrary, it improves digestion and strengthens the stomach. Its effects are immediate and pronounced.

At Fort Fairfield there is a single field of potatoes containing fifty five acres and yeilding nearly a hundred barrels to the acre.

The oil of Norwegian Cod Liver is nature's grand restorative, and is only found in its entirety and purity in Miller's Emulsion, "the kind that cures" colds, coughs, bronchitis and all affections of the throat and lungs. Every bottle warranted. No oily taste like others. In big bottles, 50c. and $1.00, at druggists. ......

If there were fewer horses and more hogs in this country just at this time there would be more money in view for the stock raisers. Just now only certain classes of horses are in demand at all, while hogs are cash any day.

This is a hard season on old people. Many are weak, have no appetite, and are generally depressed. A course of Hawkers nerve and stomach tonic will give them a new lease of life.

An Australian advertisement: "If William Fulton does not turn up in three months, or give some support to his family, his wife, Charlotte Fulton, intends to marry again."

All who desire to avoid imposition and be cured, should insist on having Pond's Extract, put up only in bottles, with landscape trademark, on surrounding buff wrapper. ......

Worth is said to be the only dressmaker living who refuses to alter your dress if it does not suit you. If the fit is not perfection he makes an entirely new costume.

There is a magic in the perfect costume It makes beauty more powerful than the sovereigh. It is the brilliant setting for beauty; and for those who have not the conquering power of looks, it lends the illusion of them. Some ladies say: "It is not so much the material as the make up.' But the right material must be there, or you cannot have a creation. Priestley's dress fabrics are noted for the beautiful result they realize in the hands of the modiste, draping and fitting the figure with exquisite grace. The trade mark is "The Varnished Board.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

FOR YOUR MOULTING HENS.

Moulting is an exhaustive process. Hens rarely ever lay while moultilting, then help them to get their new plumage quickly. Many people get only five to six dozen eggs in a year from a hen, and loose money, when they ought to get three times that many and make money rapidly. How? There are about 600 eggs in the ovaries of a hen; get all you can of them in two years then kill the hen. You thus save two or three years feeding of the hen which is no small item if you buy all the food. When a hen is in "condition" says a poultry authority "she will lay pleanty of eggs." Therefore help her through the moulting, that she may be in condition to lay during the winter. Thousanes of people have proven Sheridan's Condition Powder to be worth its weight in gold when hens are moulting. It keeps them in health, helps form the new plumage, and gets them in condition to lay early. If you give them during the moulting season Sheridan's Condition Powder daily in extra doses, they will get to laying much sooner and lay all winter, larger, better, and more vigorots eggs for hatching than pullets. But dont keep them a third year, get all the eggs in two. Remember Sheridan's Powder is not an egg food; you can raise or buy food as cheaply as we can. To any person interested, I. S. Johnson & Co. Boston, Mass., the onely makers of Sheridan Powder, will send for 50 cents two 25 cent packs, five packs for $1.00; or for $1.20 one large two pound can of Powder, postpaid; six cans $5.00, express prepaid.
