Schurmans School Parade Returns To Air Tonight

Tonight, Friday, March 6th the M. F. Schurman Co. Ltd., popular radio program: "Schurmans School Parade" will return to the air with all the color for which it is well known and will continue to be heard each Friday night until the end of May, at which time the finals will be held. The successful winners will, as in former years, receive beautiful silver and french bronze medals for their pleasant labors in individual competition, while the first and second place winners in spelling and group singing will be awarded outstanding beautiful silver and french bronze shields, which will hang proudly from the walls of the winning schools. It is hoped by the M. F. Schurman Co. Ltd., that more schools will take an active interest in the group singing competition. The first place winners have been excellent both in the 1 to 3 and 4 and over classroom schools in former years, but there has been little or no competition for the second place award, the french bronze school shield. Group singing allows a large number of students to take part in and enjoy the true spirit of open competition. This is the fourth consecutive year in which the M. F. Schurman Co. Ltd., building contractors and retail lumber dealers have produced and sponsored Schurmans School Parades. From all indications, this season's series of programs will find an even larger radio audience than before because "Schurmans School Parade" is known as the family program. —S
