ONE CHANCE ONLY!

Well, I have done all I can, and I think he is over the worst stages of the disease, BUT, said the DOCTOR, you know the greatest danger comes from the weak condition in which the Grip has left him. However, there is ONE CHANCE MORE, —try Ale and Beef Peptonized. It is a wonderful stimulating nutritive Tonic and Food, and has never failed me yet. Send around quick; it can be got at any DRUG STORE.

The Markets.

The chief point to note this week is the export of eggs for the British market. One of our city dealers is reported to have sent thither sixty cases, containing ninety thousand dozen, and others in town and country have forwarded consignments. The reduction of rates of freight by the Furness Line is one of the inducements to this course, and the mutual satisfaction afforded by previous shipments another. But, of course, the export of eggs to England is still in the experimental stage. In the meantime it is pleasing to note that the price of eggs has stiffened a little. Ten cents a dozen are paid by dealers in Charlottetown. This price is well up to that paid in May during the years before the McKinley Bill, and it would not be very surprising soon to find our hen fruit as profitable as ever it was. As to potatoes, it seems most probable that hundreds of thousands of bushels now in the country will be fed to the pigs or entirely lost. But wheat and corn are in better demand in England, and it seems not unlikely that oats will be a little higher by the time that our farmers have time to haul them to market. In St. John, the flour market is now quoted at from 43 to 45 cents per bushel. Street prices in Toronto are 33 to 34 cents, and in Montreal 35 to 36 cents.

Obituary.

DIED at her residence, Morell Street, on Friday, 13th inst., after a short illness, Mary Phelan, beloved wife of Daniel Sinnott, in the 67th year of her age, leaving a sorrowing husband, two sons and three daughters, together with a large circle of relatives and friends, to mourn their loss. The deceased emigrated from the County Kilkenny, Ireland, with her parents, the late John and Honorah Phelan, over sixty years ago, and settled in Morell, which was then a wilderness, and thus witnessed the privations of the early pioneers. The funeral took place on Sunday afternoon from her late residence, and was very largely and influentially attended, showing the high esteem in which the deceased was held by all classes in the community. The casket containing the deceased lady was of magnificent workmanship and elegantly mounted. At 2:30 the funeral procession left her late residence and proceeded to St. Joseph's Church, where the last sad rites were performed by Monsignor Macdonald. The ceremony was impressive and solemn, at the conclusion of which the funeral cortege reformed and proceeded to the cemetery, where the deceased, beloved and respected for her many virtues, was laid to rest.

The world at best is full of care—perhaps 'tis better so; But still we say "God's will be done, we're lone and sad to-day. But hope of meeting her in heaven will cheer us on our way; And, oh! what joy then it will be, when all life's cares are o'er, To meet our loved and cherished mother where death can come no more.

LETTERS TO THE EDITOR

Mr. Peters and the Scott Act.

Sir,—The exposure made in your columns of the unprincipled conduct of the Government and its Leader has awakened great interest among the people in all parts of the Province. Even the strongest Critics have little to say in defence of the tyrannical actions of the Attorney General, and the opinion is universal that the first opportunity will be taken by the people to sweep out of power the infamous combination that accident has placed in control of the administration. Besides censuring the Government for the unblushing bribery that is being practised in the Public Works Department and in the Land Office, the Attorney General and his associates are also publicly condemned for the manner in which they are working the Scott Act in King's County. Mr. Peters posed as a great supporter of temperance and loudly proclaimed in his budget speech that they were voting \$1000 to enforce the Canada Temperance Act. But how does his government carry out their promise? Do they show that they are friends of temperance? No, I say they do not. They have appointed a man away up at the East Point as Inspector of Licenses for the eastern districts, and, although every one knows that there are at least a dozen places around Souris and vicinity where liquor is openly sold in violation of the law, not one case has been prosecuted since the present Government came in. In the southern section of King's County the W. O. T. U. and Father William have forced the prosecutor in that section to carry out the law, and persons in the liquor business have been fined and prosecuted until they have been compelled to give up selling. But to the eastward, where James R. McLean and Thomas Kichham are hoping to get support at the next election, nothing has been done. It is against the law in the southern part of King's County to sell liquor, surely it is also against the law in the eastern and northern districts. And if the liquor dealers in Souris and vicinity are allowed to go scot free, why should those around Montague and Georgetown be prosecuted? It is monstrously unfair, and a feeling exists even among the best temperance supporters that the Peters-McLean Government are doing all they can against the Canada Temperance Act. The people of the Cardigan, Georgetown and Murray Harbor districts have no representative in the present Government, and, no doubt, Mr. Peters has very little hope of getting much support from them at the next election; and, consequently, he is willing and anxious to punish everyone in that section whom he can in any way strike at. Eat in the East Point district he has some hopes

of a supporter or two, and, consequently, Mr. Campbell has his instructions to close his eyes to the liquor traffic in Souris. Mr. Robertson, the member for East Point, pretends to be a temperance man, and I would like to ask him why it is that the eastern section of King's County is so full for the purpose of securing the votes and influence of the liquor dealers? It certainly looks like it. Some persons say that the reason the prosecutor has done nothing in the eastern district is because no complaints have been lodged. This I deny. The temperance people of Souris have time and again lodged complaints, but nothing is done. The instructions from Peters and McLean are too strong. "Do nothing against the liquor dealers in the eastern section, but prosecute and persecute every one in the western district who is even suspected of selling beer." The whole matter is most transparent. In the same way that 40 to 75 per cent. discounts were given in the Land Office to the g's, and \$3 per day in the Public Works department to those who supported or are likely to support the Government, so it is in the enforcement of the law against Mr. Fred. Peters. Instead of meeting out equal hand justice to all sections and to all men, he has prostituted the position he holds in order to gain support at the next election. Time will tell whether the people of this Island will back up such political and judicial dishonesty. If they do it will be a matter of surprise to

Road-making Machine.

Sir,—In the EXAMINER of the 20th inst., I saw a communication signed "Lot 65." Whether there is a person named "Lot 65," or whether your correspondent wishes the public to infer that he voices Lot 65, I do not know. But one thing I do know—before he voices Lot 65 he must stick to facts. Your correspondent is very much exercised over the cost of working the road machine. If he was as good at division as he is at subtraction he could have found out what the cost was per chain of road made by machine. I stated that we had rounded 1300 chains, which would be less than 13 cents per chain. By an error in printing it was made to read 13 cents less than the average cost of roads sold by me last spring. How your correspondent makes out that 233 miles of road that he claims are still undone would cost \$400 at the same rate, I would like him to explain. For your correspondent's information, I wish to state that all farmers who had teams working the machine, paid their horse tax which reduced the amount I had to draw on the Government to \$120 51, which makes the cost to the Government a small per centage over 91 cents per chain. Your correspondent stated that six hundred chains were gone over that needed no repairs. I would like him to locate five chains of road that needed no repairs when I was appointed supervisor. He also states that the worst parts of the road are left undone. This I think is not strictly true, as I spread the work over as much of the district as I could, and had the worst parts repaired, where they would accommodate the most people. Your correspondent tries to leave the impression that I used favoritism in selecting teams. I favored Liberal or Conservative, but got the best teams I could. I defy your correspondent to come out over his own dollar, which was not for the public interest, or where I did not get value for the money paid. Your correspondent is apparently a great sympathizer with the travelling public. But if you will take the trouble to look, Mr. Editor, over the returns for Road District No. 13, Queen's County, I am much mistaken if you do not find your correspondent's communication on every page of it. Thanking you for your valuable space, I remain, yours truly, ANDREW DICKINSON.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It is the best-known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. lry

MADRID, May 20.—Papers here report an explosion at a dynamite factory at Galdames, near Bas, by which eight persons were killed and ten injured. The factory was destroyed. Warrants were issued for the arrest of some workmen recently dismissed, who are supposed to have caused the explosion.

Many people are not aware that it is the wrapper of the tobacco which gives it the color to the plug, and is therefore often detected by its handsome outside appearance. The wrapper is a single film of leaf wrapped around the plug and is never good smoking tobacco. It is costly only because of its fine color. In the "Myrtle Navy" brand the chief attention is paid to the "filter," that is, the inside of the plug. It is this which determines the smoking quality of any tobacco. A tobacco can be made to look as well as the "Myrtle Navy" without much trouble or expense, but it may at the same time be a very inferior article.

Buyers who want to make the most of their hard earned money should buy at the store where they offer the best goods at the smallest possible price. Jas Paton & Co do all that is possible to suit and please everybody, and don't press their customers to buy. We are famed for the large stock of beautiful patterns in carpets; so for the low prices asked. No one can underestimate us as we do the carpet business of P. E. Island! Reason, by selling cheap—Jas Paton & Co, Market Square.

Fifty fine black worsted suits, very dressy, sold at very reasonable prices. J. B. Macdonald's great Clothing Store. m 26 41. For dyspepsia and liver complaint you have a printed guarantee on every bottle of Shiloh's Bile Beans. It never fails to cure.—Reddin Bros. noldwly

SKODA'S DISCOVERY is King of Sarsaparillas.

L. M. HARMON.

Physicians and Nervines BOTH FAILED! NERVOUS PROSTRATION Of Years' Standing CURED BY SKODA'S!

GENTS—Your President, Dr. G. C. Kilgore, will recall the fact that last June I told him that on account of extreme nervousness I had been unable to attend BETTER my nerves, and that was then referring from all labor—mental and physical. It was troubling in nature as to how I could get on my feet. I was then advised to try SKODA'S DISCOVERY. At that time I was troubled with nervousness so badly that I could not sleep an hour some nights. I would have a crawling or creeping sensation in my limbs, that was more unendurable than any pain. My mind was so confused, I could not think upon any subject for ten minutes. Dr. Kilgore gave me six bottles of SKODA'S DISCOVERY, and three boxes of LITTLE TABLETS, telling me they would greatly help me and he thought would cure me. I took the medicine according to directions and have seen no symptoms since taking the fourth bottle. I sleep well. Nerves are strong. Eat heartily. And has been cured. I have a GUARANTEE CONTRACT WITH EACH BOTTLE. TRY A COURSE (6 BOTTLES) AT OUR RISK. IF NOT BENEFITED RETURN BOTTLES AND GET YOUR MONEY BACK. ONLY FOR THE GOOD YOU RECEIVE. SKODA DISCOVERY CO., Wolfville, N.S.

Dissolution of Partnership.

THIS is to certify that the partnership heretofore existing between the undersigned, carrying on business under the style and name of DODD & ROGERS, has this fourth day of May, A. D. 1892, been dissolved by mutual consent, and by the retirement of the several partners. Dated this 14th day of May, A. D. 1892. THOMAS W. DODD, BENJ. ROGERS.

Signed in the presence of F. L. HAZARD.

Referring to the above notice, the undersigned press to intimate that he will continue the business in future under the same name and style of DODD & ROGERS. All liabilities of the late firm will be discharged by him, and all parties indebted to the said late firm, whether by mortgage, judgment, bill of sale, promissory note, book account or otherwise, will be required to make payment of their respective amounts at the place of business of Dodd & Rogers. BENJAMIN ROGERS. Charlottetown, May 14, 1892—lm cod
