REGULAR monthly meeting of the Salvage Corps will be held in their rooms on Wednesday evening next at 8 o'clock sharp. Full attendance requested.

A MEETING of the executive and church committees of temperance workers will be held this evening at 8 o'clock at Committee Rooms, Upper Queen Street. A full attendance is requested.

REGULAR communication of Victoria Lodge, A. F. & A. M., this evening, at 8 o'clock. A full attendance is requested, as important business will be transacted. Visiting brethren always welcome.

THE Civil Service examination will be held at Charlottetown, commencing on the 8th inst. Applications for admission to the examination should be forwarded to P. LeSueur, Secretary of the Board at Ottawa, before the 18th inst.

AT the Stipendiary Magistrate's Court this morning, one drunk was fined \$1. The two roughs who assaulted a prominent citizen and the mate of a vessel, a few days ago, were each sentenced to two months' imprisonment with hard labor, instead of being fined, \$2, as inadvertently stated.

DON'T forget the Bazaar in St. Joseph's Convent, commencing to-morrow at 2 o'clock. The ladies have made extensive preparations and are determined to exceed all previous efforts. The building will be lighted by electricity and the Artillery Band will furnish music for the occasion. There will also be the usual lectures and other attractions. Go, and take a friend with you.

MR. C. J. SPEAK, formerly Travelling Agent of the All Rail Line, is now connected with Balabrega's Modern Miracle Company, and is in town arranging for his Company's appearance at the Lyceum next week. This Company has just closed a very successful engagement at the Academy of Music, Halifax, being greeted with large houses nightly. For full particulars see advertisement later in the week.

TWO young and popular members of the Band of the 82nd Battalion, H. F. Knight and C. F. Phillips, were among the passengers in the early train this morning, en route to the United States. The Band escorted them to the railway station. Mr. Knight is a son of Joseph Knight, baker, and Mr. Phillips a son of James Phillips, marble worker. We wish the young men success in their future homes.

AS American detective who spent several weeks at North Sydney, C. B., in search of McNeally, the Saco Bank robber, expresses the opinion that McNeally is still in the United States, in all probability in the hands of accomplices in the robbery, who, if they have not made away with the young man, have him in confinement. Who, then, was the young man seen in Charlottetown who looked so much like McNeally?

THOSE about purchasing Carpets should see our assortment. One hundred and fifty patterns to select from, in Velvet, Pile, Brussels, Tapestry, Scotch, Hemp and Dutch; also double width Tapestry, with single width to match. We have some beautiful patterns in all the newest shades, and invite those who need a good Carpet to call on us before purchasing from other small dealers who cannot show you half the patterns we do.—James Paton & Co., Market Square.

THE steamer William Aitken sailed for New Glasgow, N. S., at noon to-day, having on her cargo a portion of the machinery manufactured for the waterworks at that place by Messrs. McKinnon & McLean, of this city. Among the machinery is a new steel boiler, 15 feet 3 inches in length, 4 feet 8 inches diameter, and weighing 4 tons; also valves, elbows, mountings, etc., for steam pumps. This is the first instalment of the furnishings, for the supplying of which Messrs. McKinnon & McLean have received the contract. Mr. T. A. McLean accompanies the shipment, but will return to-morrow evening in order to be present at the Provincial Exhibition.

THE lighting and side-walking of Souris, we are glad to hear, is beginning to assume practical shape. The plank has been ordered, and the lamp posts are erected. The committee have made a very good job of placing them. The one at the head of Knight's wharf is finished, and those along Main Street at the end of the streets leading out of it are well placed, as well as those on Chapel Street. Placing one at the railway crossing at the beach is a capital idea. Lighting Souris bridge, by placing a lamp at each end of it, will also give satisfaction. Some years ago, Mr. Edward Kichham, who was then a representative of the District, proposed that a grant of money should be given towards lighting Souris bridge. This proposition was declined by some, and others could not be made to see the wisdom of it. This was over twenty years ago, and now it is to be lighted after all. It is only right that it should be, and we congratulate Mr. Kichham, who is perhaps the oldest P. E. I. ex-M. P. living, upon being permitted to see an undertaking which he was the first to propose, practically carried out.

TELEGRAPHIC NEWS.

[SPECIAL DESPATCHES TO THE EXAMINER.]

The Fishery Commission.

WASHINGTON, Oct. 2. It is expected that the conference between the English and American Commissioners will begin about Nov. 1st, at the Department of State. The position taken by the American Commissioners is precisely the same which the Department of State has held throughout the negotiations. Thus far it is in brief that Americans have the right to do anything, but fish or prepare to fish in the three miles to be measured from the shore in all cases. Canada will contend that American fishermen have only the rights in Canadian waters, specified in the treaty of 1818 and will maintain the headland theory of the three-mile limit. Probably the negotiations will widen so as to take all the vexed question pending between the United States and Great Britain, touching Canada. The ultimate outcome will probably be a commercial reciprocity treaty. It is apparently well settled that Mr. Chamberlain's colleagues will be Minister West and Sir John Macdonald.

Jubilee Celebration.

MONTREAL, Oct. 2. A jubilee celebration of all the Protestant Sabbath School children was held yesterday in the Victoria Park, 10,000 taking part. An interesting programme of scripture exercises, hymns and songs by the jubilee singers was carried out. A congratulatory cablegram was sent to the Queen. An intended street parade had to be abandoned on account of the rain which fell heavily all day.

The Hackett-Perry Case.

OTTAWA, Oct. 3. On Saturday Messrs. O'Connor & Hogg, barristers of this city, acting as agents for E. J. Hodgson, of Charlottetown, entered an appeal in the Supreme Court of Canada, in the Prince County, P. E. Island election case of Hackett and Perry. The appeal was set down for the coming October term of the Court, and is the first on the list of appeals.

Murdering a Vicar.

LONDON, Oct. 2. At midnight last night Rev. Mr. Cooper, Curate of Cretingham, Suffolk, murdered Vicar Farley. He entered the Vicar's bedroom and cut his throat with a razor, then fled, but subsequently returned and was arrested. Cooper has been quite unpopular in Cretingham, and this fact is believed to have unsettled his mind.

Toronto's Assessment.

TORONTO, Oct. 2. The assessment returns for 1888 were completed yesterday. The total assessment is \$98,297,901, an increase over the previous year of \$14,741,090. The population, according to the assessors' returns, is 125,169, an increase of 7,766.

The Porte's Suggestion.

CONSTANTINOPLE, Oct. 2. The Porte in its last note to Russia suggested that Turkey and Russia should each appoint a commissioner of princely rank for the Government of Bulgaria, and in three months convoke a new sobranje for the election of a prince.

Steamers Delayed.

QUEBEC, Oct. 2. About a dozen steamships, including the Oregon, which was advertised to leave here last Thursday with the English mails, are anchored between here and Montreal on account of the heavy fog.

Stanley Pushing On.

ST. PAUL DE LOANDA, Oct. 2. According to the last news received at Borna from the Upper Congo, Stanley is pushing forward. The only difficulties were the natural obstacles of the country.

Captured by Brigands.

SMYRNA, Oct. 2. Four Englishmen were captured by Brigands who liberated them on payment of a ransom of £750.

Appointment Gazetted.

OTTAWA, Oct. 2. The appointment of Mr. Burbridge, Q.C., as Judge of the Exchequer Court, has been gazetted.

CARD.

MR. JOHN F. POWERS returns thanks to the people of Charlottetown and vicinity for their liberal patronage to him as Hair Dresser and Barber, and cordially recommends to them Mr. George V. Moore, who has been his chief assistant for nearly the last three years, to whom he has sold and transferred the good will of his business.

JOHN F. POWERS, Charlottetown, Sept. 12, 1887.

Referring to the above notice, the undersigned begs to inform the public that he intends, aided by competent assistants, continuing the Barber and Hairdressing business lately carried on by Mr. Powers, and hopes, by strict attention to business to merit a continuance of the patronage so liberally awarded to Mr. Powers. GEORGE V. MOORE. Ch'town, Sept. 30, 1887—51

What Everyone Should Know.

—That St. Joseph's Bazaar opens to-morrow afternoon. —That United Ireland newspaper will shortly be issued as a daily. —That snubbing is not a fine art, and it ought never to be practiced by any person who has studied its theory for less than seven years. —That coal is king when it comes to paying last winter's bill before ordering in this year's supply. —That it doesn't take a Northern invalid very long to get well in Florida. When the first week's hotel bill is presented he generally says: "I guess I'm well enough to start for home this afternoon." —That children old enough to go to school are very often cross and hard to manage just because they are not well fed. They may eat enough, but if their food is not nourishing, not what their systems need, they are almost sure to be irritable and nervous. —That a trunk went over the Michigan Central railroad recently, on which was printed: "Carrie Crittendon. Blood and fire! Salvation Army. God is love. Repent or perish!" —That the woman at Binghamton, N. Y., who knocked a burglar down with a chair while her husband covered against the wall, has had applications for over 200 photographs at fifty cents each, and that the old man pockets every cent! —That a man stopping his paper wrote to the editor: "I think folks ought not to spend their munny for paper, mi daddy dident and everybody sed he was the intelligentest man in the country and hed the smartest family of boys that ever dugged taters." —That a newspaper, edited by a lady, has appeared in Rome; that it is called Galatea, and appears fortnightly; and that the editor is Clelia Ber-Tini-Allivi.

—That there is a lady in Topsham, Me., whose hair has grown to the phenomenal length of 7 feet and 6 inches, and when unfastened and allowed to fall to the floor, it extends a full yard upon the paper laid to receive it. —That a French scientific man named Le Bec says that civilized man is gradually losing the sense of smell, and that, through disuse of its functions, the nose itself must finally disappear. —That a poet sent an editor a contribution entitled "Why do I live?" and the editor answered, "Because you sent your contribution by mail instead of bringing it in person."

Perkins' Indian Herb Ointment,

A positive cure for Erysipelas, Salt Rheum, Scalded Head or Eczema, and for Burns and Ulcers. It is the boss of the world, as it will give instant relief and cure in a few days, and leave no mark. Two years ago I was sent to see Mr. George Hughes' (Druggist, Charlottetown) servant girl, that was suffering for four days with Erysipelas in her feet. I applied the Indian Herb Ointment on Saturday evening, and on Sunday she was able to put her boots on and walk through the town. Three years ago she was laid up for three months with Erysipelas, quite a contrast between the two treatments. This I publish by request, to let suffering humanity know they can be cured in a few hours when they are afflicted with Erysipelas.

Letter from D. C. Melnis, Pittsfield, Mass., sent me Sept. 1, 1887. When he was supposed to be in consumption by his physicians was advised to go back to his native place, Cow Bay, C. B. His brother advised him to try Dr. Wilson's British Cough Balsam, which made a perfect cure, so that he went home 16 pounds heavier than before. Now, to the people of P. E. Island would you like to be cured when you have lung troubles. If so send for Dr. Wilson's British Cough Balsam. It has cured thousands and it will cure you. One dose will cure croup. Mothers keep it in your house. You will find it a perfect cure for dysentery and summer complaint. The above is manufactured by D. H. Perkins, St. John, N. B., and supplies the stores throughout the Dominion of Canada. Oct. 1, 1887.—oct 4 2/2 1/2 1/2 pd.
