European Powers Take a Hand in the Game.

A Joint Proposal of Mediation.

SPAIN REPRESENTS THAT IF THE UNITED STATES MAY INTERFERE WITH CUBA THEY MAY INTERFERE IN POSSESSIONS OF OTHER POWERS.

Great Powers will Probably Urge Concessions by Spain.

WASHINGTON, April 5.—Notwithstanding many reports of European mediation they assumed their first tangible form yesterday afternoon, when at least two of the foreign establishments in Washington received official information that an exchange of notes between the great Powers was now in progress with a view to arriving at a basis on which they could make a joint proposal for mediation.

It is evident that the exchange has not yet been productive of a common understanding as the ambassadors and ministers at Washington have not yet received instructions to initiate a movement. The only information, thus far, is that notes are passing by telegraph between the capitals of Europe. It had been understood that France and Austria were most active in bringing about this movement and that Great Britain had held aloof from it. But it developed yesterday, that the British Government was also taking part in the exchange and that in case of concerted action by the Powers, Great Britain probably would act with the others.

What common grounds the Powers are likely to reach can only be conjectured. The Spanish Government seems to be hopeful of results from this movement. The general view of the diplomats is that the movement is not so much one towards reconciling the United States and Spain as it is to preserve the peace of the world by combined action.

Spain's policy in this matter is one of urging on the European powers that if Cuba was freed from Spanish sovereignty, the next move under the Monroe doctrine would be to bring to an end European control over other West Indian possessions.

Great Britain, France and Denmark have interests in that locality. In other quarters it was stated that the influence of the powers was more likely to be exerted on Spain in urging her to the largest possible measure of concession.

THE PREMIER AND MR. TARTE ILL.

Little Changes Expected in the Tariff.

OTTAWA, April 5.—The Kettle river railway bill passed through the House of Commons Committee yesterday. Before the House adjourned, Mr. Davier succeeded in fourth attempt made by him to get at facts with regards to the Yukon liquor permits.

Sir Louis Davies stated that permits for taking in 11,500 gallons between May 5th, 1897 and August 10th 1898, were recommended by Mr. Sifton.

Sir Wilfrid Laurier and Hon. Mr. Tarte are both confined to their beds.

There is very little curiosity about the tariff statement, today. No important changes are expected in the ordinary scale of duties.

The revenue seems to be ample, so that no new taxes are required and is not so large that any duty can safely be taken off.

BRITISH HOUSE OF COMMONS

Scene over the Imprisonment of a Seaman.

Redmond Removed by the Sergeant at Arms.

LONDON, April 5.—There was a scene in the House of Commons yesterday on the acknowledgment of the First Lord of the Admiralty that a seaman of the battleship Resolution had been sentenced to a fortnight in the ship's cells for wearing a shamrock on St. Patrick's Day in disobedience of orders.

Mr. Goschen explained the matter as one of discipline.

Mr. Redmond (Parnell) hotly replied and eventually had to be removed by the Sergeant at Arms.
