"I must brush up my Shakespeare," said a young lady last evening, "for Charles will certainly take me to see the play, and then, you know, how silly I would feel if I could not tell him all about it, for he doesn't get time to read, and I am together so much."

When Nature Smiles Again.

When nature smiles again in the mild spring days, mankind often groans from the effects of bad blood and kindred troubles engendered by the long, hard winter. Remove the cause of all the trouble by purifying your blood with nature's remedy, Burdock Blood Bitters, the best blood purifier and tonic ever discovered.

An Emerald Islander was asked what his garments were made of. "Made of 't' said Paddy. "Sure it's mostly made of holes."

Have You Seen It?

The new Egyptian Dream Book is creating quite a stir. Whether you believe in dreams and visions or not it will interest and instruct all who read it, as it contains full interpretations of a complete list of dreams with other attractive features. Sentations by return of receipt of 3 stamps. T. MILBURN & Co., Toronto, Ont.

Maud—"Can we play at keeping shops, mamma?" Mamma (who has a headache)—"Certainly, but you must be very quiet." Maud—"Well, we'll pretend we don't advertise."

For Young or Old.

Gentlemen.—One of my little girls (aged 4 years) had been troubled with costiveness in its worst form since infancy. We tried different remedies which gave relief while using, but as soon as discontinued she would be worse than before using. She lost her appetite and was growing weak and delicate. A friend of mine who had used B. B. B. with grand results for the same disease, advised me to try it, and also the Burdock Pills, which we did. She did not take the contents of one bottle before it relieved her, and not only relieved her but permanently cured her, for she has not been troubled once since, and she is now eight years old.

HENRY REYNOLDS, Serepta, Ont.

Mrs. Hickey "How is your son getting along in college?" Mrs. Dickey—"He is going ahead rapidly." (And there was more truth than she dreamed of in her statement).—Puck.

Nothing Succeeds like Success.

Burdock Blood Bitters is a household remedy for dyspepsia, it expels rheumatism and neuralgia from the system, acts as an anti-bilious agent on the stomach, liver and bowels, antagonizes blood poison, builds up and revitalizes the bodily functions and restores and purifies the entire system.

Mrs. Fiverom Flatte (to grocer's boy)—"How is the elevator work come up?" Your bread must be fearful heavy! Grocer's boy—"Taint the bread that's on it, ma'am; it's the bill for what you owe."

Cabinet Reconstruction.

A popular topic is cabinet reconstruction, which really does not concern the public so much as the reconstruction and cleansing of the human system against the approach of spring. The present medicine for this purpose is Burdock Blood Bitters, and both parties recognize it as the best blood purifier and general regulator known.

Poor old Lushforth fell down and broke the trestle of his nose. "Don't you mean the bridge?" "You might call it a bridge, but as no water passes under it, I thought it other word better."—Independent Journal.

Forty-five per cent of the water consumed or drawn for domestic purposes in London is wasted.

Many a thrilling tale has been told by travellers of a race with wolves across the frozen steppes of Russia. Sometimes only the picked bones of the hapless traveller are found to tell the tale. In our own country thousands are engaged in a life-and-death race against the wolf consumption. The best weapons with which to fight the foe, is Dr. Pierce's Golden Medical Discovery. This renowned remedy has cured myriads of cases when all other medicines and doctors had failed. It is the greatest blood-purifier and restorer of strength known to the world. For all forms of scrofulous affections (and consumption is one of them), it is unequalled as a remedy.

How delicious is the winning Of a kiss at love's beginning.

sings the poet, and his sentiment is true with one possible exception. If either party has the catarrh, even love's kiss loses its sweetness. Dr. Sage's is a sure cure for this ailment. It is a sure cure for this repulsive and distressing affection. By its mild, soothing, antiseptic, cleansing and healing properties, it cures the worst cases. \$500 reward offered for an incurable case.

The primary use of the sense of taste is evidently to guide animals in the choice of their food, and to warn them of the introduction of noxious substances into the stomach.

EX-MAYOR Robert Bowie, Brockville, Ont. says—"I used Nasal Balm for a bad case of catarrh, and it cured me after having ineffectually tried many other remedies. It never fails to give immediate relief for cold in the head." This is the experience of thousands in all parts of the Dominion. There is no case of cold in the head or catarrh that will not yield to Nasal Balm. Try it. Beware of substitutes.

The want of teeth in turkeys, ducks, geese, pigeons, &c., is compensated by a powerful muscle called the gizzard, which breaks and grinds the hard aliment as a coffee mill would do.

THAT grassy ringing cough means a croupy night. Buy Johnson's Anodyne Liniment.

The caterpillar has teeth which are thrown off with the exuviae of the grub, and the butterfly has a new apparatus.

DR. JED on sugar, children love to take Johnson's Anodyne Liniment for coughs and colds.

Philosophy is a great help to a man in time of trouble but it is an asset that he cannot do without, no matter how much they may need some of it.—Soc. Rev. Journal.

CONGESTIONS and pneumonia may often be prevented by using Johnson's Anodyne Liniment.

"Won't you please speak a little more plainly?" asked the man at the end of the wire, for the fourth time. "If I only spoke as plainly as I feel like doing, I'm afraid I'd be cut off," shouted the man at the other end.—Indianapolis Journal.

All through the Provinces, the rapid increase of La Grippe is causing great alarm. A report was received here to-day, of a new development of the disease, which perhaps than any other.

Wm. Hanley, of New York city, died in terrible agony after a sickness of only four days. His tongue swelled to such an extent as to make it impossible for him to swallow or close his jaws. The report is causing the people in this community to enquire into the noted Grippe Cure recently published in so many papers.

In Cape Breton the disease has spread very rapidly and with fatal results. D. J. McKillop, of L'Archeveque, writes, Feb. 17th, that the medicine referred to has been tried at that district, and with such success that all those residing in the neighborhood are obtaining a supply, believing it to be the only remedy affording relief and effecting a cure. He finished his letter by asking for a large quantity of the medicine. Write to McINNIS BROS. for the details of the demands of the community for the relief of La Grippe.

Alberton Notes.

Something occurred here this morning which may result disastrously for Canada. One of our citizens assaulted the U. S. Consular Agent's clerk. The clerk took the first train going east but it is not known whether his destination is Washington or Lot Eleven. As no despatch has been sent to the American Government it is thought the injured party has gone to Washington to report the insult offered the American flag. It is to be hoped the affair will not cause any break in the reciprocity negotiations.

Mr. Fred L. Rogers and Capt. James S. Gordon crossed at the Capes yesterday on route for Boston and New York. They will return in about three weeks.

Preparations are being made for an entertainment to be held in Woodman's Hall on St. Patrick's night.

Quite an interesting snow fight took place this afternoon between one of our harness makers and our popular young auctioneer. I might add that the auctioneer came off second best.

The Alberton "League of the Cross" held their regular meeting last night. The subject for debate was "Why do men fail." Several gentlemen engaged in the discussion, viz: Rev. A. E. Burke, J. P. Brennan, Jas. F. White, T. B. Woodman, Jas. E. Birch, H. J. Massey and J. T. Weeks. Wm. D. White, Esq., occupied the chair.

Alberton, March 4, 1892.
