Interview With a Vampire

*A Conversation With the Chief Spook of the Music Society's
Haunted House*

When I first heard about the haunted house as a first year music student, I had no idea what it was all about. So, I decided to find out first hand and ask the Chief Spook some questions about what exactly takes place on campus Halloween night

What exactly is the Haunted House?

The Haunted House happens each year on Halloween night when the Music building is transformed into an abyss of darkness filled with vampires, ghosts and creatures of death. Every room becomes more terrifying than the one before it. No one will leave without screaming from pure horror.

Who is involved?

Members of the music society who feel the need to torture the brave souls that enter the house that night.

When is it?

The horror takes place Halloween night from 7:00pm until 11:00pm -- or whenever the bodies are cleaned up.

Where is it?

In the Steel Building. The cost is just \$2 dollars a head! If you know what I mean.

So now that you're all filled in as to just what the Haunted House is, make sure you stop by on Halloween night -- if you're not too scared!
