The Death-rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year, especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find, too late, that a Fever or Lung trouble has already set in. Thousands lose their lives in this way every winter, while had *Bosshee's German Syrup* been taken, a cure would have resulted, and a large bill from a doctor been avoided. For all diseases of the Throat and Lungs, *Boschee's German Syrup* has proven itself to be the greatest discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 950,000 bottles sold last year without a single failure known.
