

## Hindu Voices Plea For Cow

NEW DELHI (Reuters) — A Hindu priest member of Parliament brought proceedings in India's House of the People (lower house) to a halt Monday by shouting: "Glory to mother cow, destruction to the government which kills the cow."

Outside Parliament steel-helmeted riot police stood guard as a hump-backed Brahmin bull was marched to the House by thousands of demonstrators demanding a national ban on slaughter of cows—sacred to orthodox Hindus as symbols of motherhood.

The saffron-robed priest, Swami Rameshwaranand, refused to obey the Speaker, who told him to stop disturbing the proceedings and later to leave the House.

"You can shoot me or kill me but I will not go out," he shouted.

The crowd outside dispersed without incident after MPs from the right-wing Jan Sangh party—of which he is a member—addressed them.

Half the 16 states have so far banned cattle slaughter. Most of the other states permit only injured beats to be killed, but a few have no ban at all.

India's growing cattle population now is estimated at 150,000,000.

## U.S. Canoeists Win Annual Race

TROIS-RIVIERES, Que. (CP) — Two hardy canoeists from the northern United States won the 33rd annual canoe race from La Tuque to Trois-Rivieres by a scant 15 seconds Monday.

Irwin Peterson of Coon Rapids, Minn., and partner Ralph Sawyer of Oscoda, Mich., led an international field of 28 canoes that finished the grueling three-day race of 120 miles down the St. Maurice River of central Quebec.

There were 41 in competition at the start.

Peterson and Sawyer finished the race in 13 hours, 55 minutes and 46 seconds.

Peterson's victory was his ninth in the annual event.

Finishing in second place, 15 seconds behind the winners, was the Canadian team of Gib McEachern and Norman Crerar of Flin Flon, Man.

The Canadian team, leaders after the first two laps Saturday and Sunday, capsized three times during the last stage Monday, and lost valuable time.

Third place went to the Quebec team of Jean-Guy Beaumier and Karl Kettler of Cap de la Madeleine, who finished with a time of 13:56:44.

Roger Carriere and Joe Michelle of British Columbia finished in fourth place and Dick Hart and Herb Brade, another B.C. team, took fifth spot.

Peterson and Sawyer won \$1,300 for their victory.

## N.Y. Paper Signs With Craft Unions

NEW YORK (AP) — The World Journal Tribune Inc. has reached contract settlements with the last of its craft unions and plans to start publishing its evening newspaper next Monday.

The corporation will publish a Sunday newspaper also.

Editor Frank Conniff said The World Journal Tribune will have a press run of about 900,000 copies at the start of the six-day-a-week paper.

The Journal-American and The World-Telegram and The Sun, evening newspapers, were merged into the new enterprise.

The World Journal Tribune, which originally had scheduled publication to start April 25, reached settlements with the last of the nine craft unions Saturday — the 132nd day of the publication holdup.

Agreements were reached one by one Saturday with six unions — drivers, mailers, electricians, machinists, paperhandlers and photoengravers. The printers, stereotypers and pressmen had settled earlier.

MUST BE RATIFIED — The agreement with the stereotypers is tentative and subject to ratification at a membership meeting next Sunday.

Officers of the Newspaper Guild of New York, which has not reached a new settlement with the corporation, have said their members are ready to go to work without a contract, if necessary, and settle any remaining differences later.

John Gaherin, president of the Publishers Association of New York City, of which the new corporation is a member, said after the last craft union settlement: "I see no reason why we can't make the 12th" — the target date for publication.

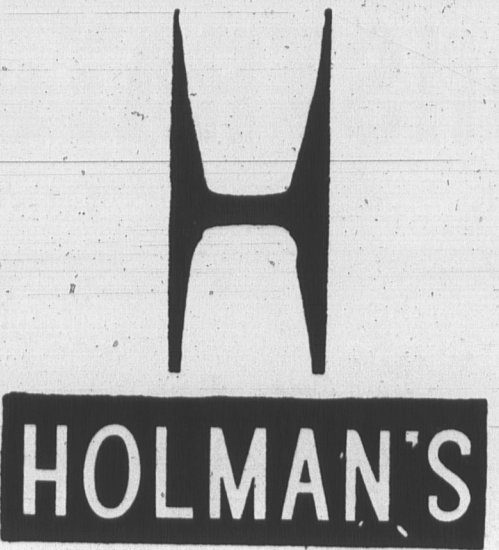

The World Journal Tribune had reached agreements with all of the 10 newspaper unions except the pressmen by July 13.

Then on Aug. 15 the corporation announced it had dropped plans to publish The Herler Tribune — the third paper in the merger — as a morning newspaper.

Agreement between the new corporation and the pressmen came Aug. 26.

It then became necessary for the corporation to renegotiate some contract issues with the nine unions that had settled before the death of The Tribune.

CHERISH THE PAST — New museums are being opened in the United States at a rate of two a week.
