Most People Lock their doors when they set out on vacation. It's an elementary safety precaution. But windows, they tell me, are easy to "jimmy", and doors can be opened even when locked. That's why it seems to me that the best of all ways to protect your valuables is to keep them in a Safety Deposit Box at the BANK OF MONTREAL. It costs so little—less than two cents a day—and it saves so much worry and trouble. Another safety measure I've found while on holiday is B of M Travellers Cheques. They're extra-safe so simple to cash...and only you can cash your cheques. And, by the way, why not start a B of M Sunshine Account for your vacation next year? I've found it the easiest way there is to pay for a better holiday every year. You just put away a definite part of every pay-cheque—get used to living on a little less—and are you glad when holidays come 'round again, and you can at last afford that dream-trip! Why not open your Sunshine Account today?

Retiring Chairman Honoured By Land Valuation Board

On Friday morning, May 30, the members of the Land Valuation Board, together with the office staff, made a presentation of smoking supplies to Mr. J. Walter Currie, retiring chairman of the Valuation Board.

Although not given in a sense of the material value contained therein, it was given as a token of respect to a man who was deserving of much more in view of his outstanding services rendered to all concerned during his stay in the Land Office.

His many years in dealing with the public had been a wonderful asset to him in his position as Chairman. It is unfortunate to lose a man who has made such a success of his appointment but it is such men who are being constantly sought to fill higher positions, and, with that in mind there is the consolation that what is one's loss is certainly another's gain.

Mr. Currie has already taken up his new position as Business Manager at Falconwood. It is to be hoped that in his new role he will enjoy the fullest of pleasure.

In his usual jovial and capable manner he thanked one and all for their parting gift, gave words of praise for the members of the Valuation Board with an extra high word of praise to the very competent office staff and wished all continued success in the future.

Mr. John F. Connolly has taken over the chairmanship of the board. LONDON (CP)—Lord Beaverbrook, Canadian-born newspaper publisher, will appear on a British television program April 28. He will discuss what some call Britain's "golden era" of journalism, the period from 1906 to 1922 when Lord Northcliffe fought to save The Times in the face of intense competition.
