N. Y Stocks

NEW YORK (AP) —The stock market closed lower Monday after a timid advance ran into late selling pressure. There were few individual wide swings in the list.

Changes ranged from 4 lower to 3 higher, with the emphasis on small gains and losses. Most major groups were a mixture of gains heavily weighted with losses.

Mostly lower were steels, motors, utilities, railroads, oils, coppers, aircrafts, distillers and some of the recently strong atomic stocks.

The Associated Press average of 60 stocks lost 60 cents at $159.40. It was up $1.20 Friday. The average is $3.20 under the peak reached March 4.

All three of its components declined Monday—industrials off 80 cents, railroads off 50 cents and utilities off 20 cents.

Sixty-four issues touched highs and nine hit lows.

Volume was below the daily average at 2,500,000 shares, against 2,660,000 Friday.

Baldwin-Lima-Hamilton was the most active for the eighth straight time, off ¾ at 20, followed by Avco Mfg., off ⅛ at 7¼ and General Dynamics off 4¾ at 71⅝.

Higher stocks included Montgomery Ward, Union Carbide, American Tobacco, Babcock and Wilcox, Campbell Soup, West Indies Sugar and New York Central.

Down were U.S. Steel, Chrysler, Boeing, National Distillers, Radio Corp., American Telephone, International Telephone, Anaconda Copper and American Airlines.

The American exchange was slightly higher on 960,000 shares, against 970,000 Friday.

Lower Canadian stocks included McIntyre, down ⅝, Hiram Walker, off ⅜, and Distillers Seagram, off ⅛. Canadian Pacific advanced ¼.

Toronto Stocks

TORONTO, (CP)—Stock market volume Monday hit the third-highest peak in the exchange's history, 12,206,000 shares changing hands.

The ticker fell as much as half an hour behind in the greatest lag on record.

Base metals led all major sections ahead gaining 1.67 points to 171.47 on the index, after touching 1954-1955 high of 171.52.

Brokers attributed the huge volume to continued interest in speculative issues and a backlog of orders.

Three lower-priced issues, Lorado, Headway and New Norzone, together accounted for more than 1,000,000 shares. Many uraniums shot ahead in early trade but fell back in profit-taking.

Consolidated Denison fell 45 to $7.50, Can-Met 17 to $2.03, Pronto 25 to $8, and smaller losses went to Lorado, Lexindin, Lake Dufault, and Goldfields.

Headway climbed 16 to $1.90, however, and smaller gains went to National Explorations, Baska and Coulee.

Sherritt jumped 30 to $5.55 but Quebec Copper fell 15 to $3.85 and Brilund 25 to $2.05.

Western oils were strong, Sapphire Petroleums leading with a jump of 40 to $4.50. New Superior climbed 40 to $2.90 and smaller gains went to Peruvian, Scurry, Canadian Collieries and Federated Petroleums.

Industrial changes were mostly fractional. General Dynamics fell $2 but Consolidated Paper climbed 1½, and smaller gains went to Abitibi, Alberta Distilleries, Du Pont of Canada, Imperial Oil, Fraser, Molson's A and Aluminium.

There were 56 highs and 14 lows.

Index gains: Industrials .71 to 381.15, golds .12 to 83.83, base metals 1.67 to 171.47, and western oils .50 to 103.56.

Says Red Radio Operators Permitted On U. S. Ships

By JOHN CHADWICK

WASHINGTON (AP) — Senate investigators said Sunday President Franklin D. Roosevelt and Frank Knox, his secretary of the navy, impaired the navy's wartime security by permitting Communist radio operators on American merchant ships.

In setting out this conclusion, the Senate internal security subcommittee published for the first time secret messages exchanged on the subject by Roosevelt and Knox, both now dead.

Knox was a Republican newspaper publisher from Chicago whom Roosevelt brought into his Second World War cabinet.

Also printed in the sub-committee report was a memorandum of Adlai E. Stevenson, an assistant to Knox during the war who later became the Democratic presidential nominee in 1952.

RAISED QUESTION

The memo raised the question of whether radio operators on merchant ships should be discharged solely because of their "political opinions." In it, Stevenson said there was a shortage of qualified radio operators at the time.

In a confidential letter to Roosevelt on May 1, 1942, Knox advised against the discharge of suspected Communists. Three days later, Roosevelt agreed in a memo to Knox that radio operators "whose only offence is being a Communist" should not be barred from merchant ships.

At that time the United States was allied with Russia in fighting the Berlin-Tokyo axis powers, but the sub-committee received public testimony in 1953 that the policy approved by Roosevelt and Knox drew strong protests from top naval officers.

"This policy of protecting American Communists, which was established as a matter of wartime expediency by the president and the secretary of the navy, weakened the security program in the United States Navy," the sub-committee report said.

UNANIMOUS REPORT

This was among findings in a unanimous 74-page report covering the sub-committee's investigations during the last two years under the chairmanship of Senator William Jenner (Rep.-Ind).

Another finding was that "Communists or pro-Communists infiltrated into controlling positions" in the army's information and education program during the Second World War.

The report also lashed at John W. Powell of San Francisco, former editor of the China Weekly Review, for "his unspeakable betrayal of America's cause in the Far East." The sub-committee received testimony that Powell's magazine was forced reading for American prisoners of war in Korea as part of the Communist brainwashing technique.

N.Z. FORCES FOR MALAYA

WELLINGTON, N.Z. (Reuters) —New Zealand will increase her military contribution to the defence of Southeast Asia, including Malaya, Parliament was told Wednesday. The speech from the throne said this would be not only in New Zealand's interests "but also to ease to some extent the burden at present borne by the United Kingdom." The speech listed air units the government has decided to send to Malaya, where British forces have been struggling with Communist guerrillas for seven years.
