**Revive Fisheries Race**  
 By JOSEPH MACSWEN  
**GLOUCESTER, Mass., (CP)**—You can provide challenges, bursts of song and poetry in this old fishing port just by being that Nova Scotia's Blue-nose was perhaps the fastest schooner Gloucester ever saw. Gloucester, which has been sending men down to the sea in ships for more than 300 years, is eager to maintain its traditional rivalries and friendships with sea-faring Nova Scotia.

This is a particularly live issue at present with talk of a revival of North Atlantic fisheries races between Canada and the United States and also talk of a new service to link Gloucester with Nova Scotia port yet to be decided.

Seen in all this is the New England Yankee's well-known shrewdness for the dollar. But few could listen to Everett R. Jodrey, who is chairman of the Gloucester committee in the last international races, and believe his motives are merely monetary.

"Let us live again the glorious past," implored the 72-year-old dynamo, standing in his living room whose walls are covered with paintings of fishing ships, including the Blue-nose, Pride of Lunenburg.

receiver at the request of B.C. Power pending completion of court action in which the corporation seeks to have the expropriation legislation declared invalid.

Mr. Robinette is appealing to the Supreme Court of Canada against a B.C. Appeal Court decision which took B.C. Electric out of receivership.

Restoration of the appointment of a receiver, he said, would ensure that there would be no disposition of assets other than those necessary for the ordinary course of business.

J. J. Robinette of Toronto, counsel for the corporation, made this statement to the court launching an action for the restoration of a B.C. Supreme Court decision naming Henry L. Purdy, a former president of B.C. Electric, as receiver.

The corporation is the former parent company of B.C. Electric which the B.C. provincial government expropriated last August. Mr. Purdy was named

Opening lead—five on spades.  
 You might think this hand was played at Aunt Tillie's Friday night weekly duplicate in Squodnick, but actually it was played in the match between Great Britain and the United States in 1955.

When the British pair held the North-South cards, the bid—3NT—was a bit of a surprise. The sequence at this table is also hard to explain, particularly North's bid of four spades. This to four notrump, South, in the meantime, stood firmly by his guns over both doubts.

Certainly, whatever else one might say about South's bidding, he could surely not be accused of lacking courage. West led a low spade and South was faced with a difficult play. If he had dared to finesse the queen, he would have made the contract by next cashing the ace and then attacking clubs.

But declarer, faced with the possibility of a huge set if the finesse lost, decided to go up with the ace. He then played the ace and king of clubs, and the suit broke favorably, finishing down one—300 points.

At the second table, with North-South vulnerable, North, the bidding went.
