### In Memoriam

**ALDREN M. CARVER**  
In loving memory of our father, Aldren M. Carver, who died July 10, 1953.  
He goes on with many changes of ups and downs, smiles and tears, but your memory we will cherish with the passing of the years.  
Hazel and Lona.

**MacQUARRIE** — In loving memory of our dear father and grandfather, Charlie MacQuarrie, who passed away July 9, 1946.  
Time may change in many ways, but one thing changes never, the memory of those happy days when we were all together.  
Ever remembered by Jim and Lillian.

**CARVER** — In loving memory of Aldren M. Carver, Vernon River, who passed away July 10, 1953.  
In memory we see him just the same, as long as we live we will cherish his name.  
Deep in our hearts he is living yet.  
We loved him to deeply to ever forget.

Lovingly remembered by Aldie, Lou and family.

**BURGOYNE** — In loving memory of our dear parents, Mr. and Mrs. Russell Burgoyne, who departed this life on December 14, 1919, and July 10, 1950.

They are gone but not forgotten and as dawn another year, in our lonely hearts of thinking thoughts of them are always near.

Today as we look at their picture so loving, tender and true, no wonder we are so lonely, thinking dear parents of you.

Always remembered by daughters Gertrude and Susan.

**CARVER** — In loving memory of Aldren M. Carver, who passed away on July 10, 1953.

As it is gone but not forgotten as it dawn another year, in lonely hours of thinking, thoughts of him are always near.

Time goes on with many changes, joy and sorrow, smiles and tears, but his memory I will cherish with the passing of the years.

In that bright eternal city, where no tears ever dim the eye, in the home of many Mansions I will meet him by and bye.

Lovingly remembered by his wife, Mrs. Laura Carver.

### Dosco Plant At Sydney Reports Output Record

**SYDNEY (CP)** — The Dosco steel plant here has reported 43 all-time production records, topped by substantial monthly increases in the blast furnace and open hearth departments.

The new high-temperature daily, weekly and monthly records during May and June by six departments. The blast furnaces showed an increase of 3,187 net tons in May and then exceeded that mark in June by an additional 1,474 tons for a total production of 42,891 tons of pig iron for the month.

The substantial increase in the production of the blast furnaces was attributed to the greater effectiveness of blending Wabana, Nfld., ore with Labrador ore.

Reconstruction of some of the furnaces in the open hearth department contributed to increased production there. The plant mill recorded an all-time high of 73 tons on May 27 breaking a previous daily mark of 72 tons set March 6.

### R.C.M.P. Member In Traffic Case

**TORONTO (CP)** — Shane Kirby, 32, charged with careless driving after a high-powered sports car was stopped by 100 irate citizens who said it sped down their residential street is an RCMP constable, police said Monday.

RCMP officials said Kirby, who joined the force two years ago, has been confined to office duty until his case is heard in court. Disciplinary action, if any, would depend on the trial's outcome.

Kirby was charged Saturday after a group of citizens spread themselves across a North York street to stop a speeding car. They said it raced three times down the street.

One person threw a piece of barbecue equipment at the car, and another threw a piece of wood. When the car stopped Kirby was pulled from it and held by the citizens until police arrived.
