THE many friends of George Bryenton of Derby N. B. will be pleased to learn that he is again visiting relatives on the Island. He is at present the guest of his nephew Geo. Bryenton of Brackley. Mr. Bryenton is in his 87th year and has retained his physical and mental abilities to a remarkable degree, having made the journey from Derby, N. B., alone. A large number of his grand and great grand nephews and nieces assembled at Royalty Junction to welcome the aged gentleman as he stepped from the train. It is sixteen years since Mr. Bryenton has visited the Island, during which time almost all his old acquaintances have passed away.

FURTHER particulars regarding the drowning at Parth Amboy of James Ellis, son of Mr. and Mrs. Penrose Ellis, of Port Hill, P. E. I. say that the deceased, who was twenty years old, had gone aboard a schooner with a party of friends at the Parth Amboy dry docks Company's wharf. When the party started to go ashore, Ellis, with a companion walked down the plank. When the end was reached, Ellis, thinking he was stepping ashore, walked overboard. His companion gave the alarm but the body was not recovered for some time when life was extinct. His fellow employee at the Parth Amboy Dry Docks, besides contributing \$53 to help defray funeral expenses sent a handsome wreath of flowers.

A striking and unique exhibit at the Balfax Exhibition was that of Bigelow and Hood in the central row of the main building. It was in the form of a mammoth bottle over 30 feet in circumference at the base and reaching a height of 40 feet. Viewed from all points one saw the word "Sobucanadia" the name of the famous health giving mineral water which this fine sells to such an enormous extent. Around the bottle on a level with the eyes were large letters B. & H. in green. The summit was crowned with an immense corkcrown and around the top was a row of incandescent lights. The display was a very attractive one and would do much toward making this popular beverage still more widely known.

WHY NOT CHANGE YOUR MEDICINE.

If You Have Failed Up to the Present to Banish Rheumatism and Sciatica Try.

Paine's Celery Compound

There is but one true and reliable specific for the cure of all forms of rheumatism it is Paine's Celery Compound. This decided and weighty assertion is fully supported by letters from thousands of cured men and women, and prominent physicians have ably and fearlessly supported the statement.

If your efforts up to the present with other medicines have failed to drive the terrible disease from your system, remain no longer in agony and pain; change your medicine at once. Prudence and wisdom will surely direct you to use Paine's Celery Compound, the medicine that has cured so many of your friends and neighbors.

The prompt and marvellous cure of Mrs. E. King, Cedar Hill, Victoria B. C., who endured the tortures and agonies of rheumatism for almost a life time, points unmistakably and truly to the fact that Paine's Celery Compound is the king of medicines for the cure of rheumatism; she says:

"I have been troubled with rheumatism nearly all my life, and about eight years ago I had a very severe attack, almost losing the use of my right arm. A friend recommended the use of Paine's Celery Compound, and kindly gave me a bottle. I was so much benefited by that one bottle that I took three more and was quite cured. Since then it has been almost my only medicine for all the ailments from which I have suffered, and all my family have found some benefit from it. I am sixty-five years of age; I live on a farm, get up early in the morning, and am now equal to a good day's work."

I am still selling and fitting up the celebrated Cumberland furnaces, made by the Amherst Foundry and Heating Co. Any one contemplating heating in that line now is the time to get estimates and prepare for winter.—Charles Hermans, Grafon Street, Charlottetown, N. Y. 19 & 3m
