WASHINGTON, March 16.—Acting Secretary Nettleton has informed the commissioners of immigration at different ports that the treasury department regards the bringing of aliens to this country under contract, to perform labor as seamen, on board American vessels sailing between ports of the United States and Canada, as a violation of the alien contract labor law. This construction of the law does not apply to sailors domiciled in the United States at the time of the beginning of such employment. He says that an American vessel deprived of its crew in a foreign port by desertion or otherwise may engage alien sailors to man the vessel. The importation of alien sailors under other circumstances is contrary to the purpose of the laws, and would tend to cripple American commerce.

THE "Myrtle Navy" brand of smoking tobacco has stood the test for over twenty years, and during that time it has lost no friends and gained scores of thousands. This lengthened experience shows that it is no mere passing fashion which has gained it the approval of the public, but its superiority in the essential qualities which make it a first-class tobacco.

IN THE months of March, April and May the blood should be purified, and the system strengthened, so that it be able to withstand the debilitating effects of the changing weather, and resist the attack of disease. The most reliable medicine to take to bring about the desired result is Estey's Iron Tonic. For sale by all druggists. ml dw 1m

PHOSPHOLEINE

(Pronounced FOS-FO-LEEN),

when they became smooth and soft.

SCROFULA AND SALT RHEUM.

Dear Mr. Eagar.

I have much pleasure in giving you a record of the effect produced by the use of your PHOSPHOLEINE. The following cases have come under my particular attention while visiting the sick and poor: A case of Hereditary Scrofula.—The patient had tried most of the blood purifying remedies and Sarsaparillas in use, but for the past 19 years obtained no relief. After taking three bottles of your PHOSPHOLEINE his flesh became smooth and healthy, and he is now completely cured. A case of severe cough in the last stages of Consumption: The cough was eased, and the patient regained flesh and strength. This case is past curing, and the patient was pronounced so by physicians; but had she obtained of your medicine sooner, would no doubt have been cured. A case in which patient had given up the use of alcohol: The craving was cured, and the patient was regaining health and strength. A case of loss of flesh, great weakness, and indisposition for exertion of any kind, has been restored to health and strength by using your PHOSPHOLEINE. I have also recommended it to many who have been suffering from Dyspepsia, loss of strength and flesh, and in every case it has effected a cure. I have derived much benefit from the use of it myself. I remain yours, &c.,

E. C. NEWBERY.
