FARMERS

AND OTHERS.

We laugh, you laugh, they laugh, in fact everybody laughs except our compeditors, they cry out against us for selling Goods so cheap.

The Public Cannot Help But Laugh

To think any Firm would be simple enough to take the credit from us for selling Men's Boy's and Children's Clothing at the wonderful prices at which we offer them. Let us say once for all, we will not raise our prices to suit our competitors, but will lower them still lower to suit our customers. Without a doubt we can sell from 10 to 2 per cent cheaper than any firm on P. E. I.

Our competitors say they have br-o ken up our business. We are sorry, they know that to be a false statement or they would laugh over that.

TO FARMERS AND OTHERS

We have never done so much businessas this year, Feb. and March our trade increased 40 per cent.; April, 77 per cent.; so if that is loosing trade, we don't see it, but competitors know it and would like to kick us out of town, out to the country where we belong, but we are here to stay to look after the

Interests of Farmers and Others.

Why we do the trade, we stand in with our customers knowing their interests to be ours, so we help one another. We are farmers' boys, but we get there all the same. We do more advertising than usual because it

PAYS THE FARMER

as well as ourselves. If we can do from 25 per cent to 75 per cent more business because we do a little extra advertising, we leave it to the purchasing public if it won't

Pay them to Patronize Us

We used to ask bigger profit than we do now because we had to pay a certain firm half our profits. We don't do that now, but

Divide it with Farmers and Others

Thousands upon thousands of dollars worth of Clothing and Hats to be slaughtered during the month of June.

We most respectfully ask the Farmers to patronize the

CURED!

STEPHEN H. WARREN OF ISLESBORO, ME., IS WELL KNOWN IN HIS NATIVE TOWN, AND THE GREATEST CREDENCE CAN BE GIVEN TO HIS STATEMENT. TO A REPRESENTATIVE OF THE SKODA DISCOVERY CO., HE RECENTLY SAID:

"For more than two years I have suffered great misery from what Physicians called Liver and Kidney Troubles. Nearly all the time I would have severe pains in my back and side, with a constant dull pain in the region of my liver. My bowels were constipated. Food distressed me badly, THAN and my Heart would palpitate greatly at times, in fact I was well broken up.

For two months I have been taking SKODA'S DISCOVERY and SKODA'S LITTLE TABLETS, and I AM A NEW MAN. Appetite good. Bowels in good condition. Heart palpitation all gone. No trouble with Liver or Kidneys now. I AM WELL. GOLD You certainly have a wonderful remedy in SKODA'S DISCOVERY as I have taken many of the Sarsaparillas, and have been treated by different Physicians without getting permanent benefit."

VIENNA, June 3.—The mail train running from Agram to Brod, was struck by a cyclone, Wednesday, while it was at the new station. The terrible force of the wind is shown by the fact that two of the carriages composing the train were lifted bodily into the air and hurled down an embankment, causing the greatest consternation among the passengers. Horses for England.

The Mother Country is not only increasing very largely her purchases of our grain, cheese, barley, eggs and cattle, but is becoming an extensive purchaser of Canadian horses. According to the Montreal Star, there were last year about 1900 Canadian horses shipped from Montreal to Glasgow and other points. This season it is expected that the total export will amount to 4,000. The Canadian horse trade with Britain has commenced to develop itself in earnest. There are at present no less than seven British buyers of horses in Canada, and they are shipping consignments from Montreal every week to Glasgow. They are doing their buying principally throughout Ontario, but make Montreal their headquarters. The horses being exported are mostly heavy, single drivers and fast carriage. The sales are held at Glasgow, and are attended by buyers from London and other parts of England and Scotland. The Canadian horse evidently finds favor in the British market, judging from the healthy demand for them. The average profit to the sellers is 25 per cent. That pays, and the British buyers on this side are assiduously cultivating the trade.—Times June 4th.

He Waltzed Into Church.

CRAWFORDSVILLE, Ind, May 30.—The Rev. R. S. Ingles was preaching at the First Presbyterian church last night, when suddenly John Matthews, a member of the church in good standing, appeared as the door, and with a whoop started down the aisle. He was intoxicated, and in his hand bore a huge bouquet.

He struck the waltz step, and with a vigorous glide soon landed in front of the altars, where the minister stood speechless with astonishment.

Matthews thereupon took off his hat, and, with a grand flourish, proposed three cheers for the preacher, at the same time presenting him with the bouquet.

He then seized on imaginary partner about the waist, and waltzing up the aisle disappeared through the door.

The sermon was concluded with difficulty.

The Silver Mine Horror.

PRAGUE, June 2.—All last night the work of searching for the dead in the Birkenberg silver mine was continued. At an early hour Thursday 67 bodies had been brought to the surface. One hundred and fifty men are still missing, and all hope of their being still alive has been abandoned.

LATEST.

PRAGUE, June 2.—Over 100 bodies of the Birkenberg silver mine disaster have been brought to the surface today. No one was rescued alive today. The scenes at the pit's mouth today were heart rending. One woman fell dead and another went mad. Rescuers were encouraged in their work this morning by hearing a bell in an adjoining pit, where a number of miners are known to be imprisoned. Rescuers continue to work fearlessly, though at great risk.

Mr. Ketchum left this morning for Tidnish to see to the carrying out of the work there. The news was received here with much satisfaction, as it is thought that it foretells an early resumption of the work.

DEAR BRO. KIRBY,—We the members of this quarterly official board of the Winsloe Circuit, at the fourth quarterly session held at Winsloe South, desire to express our deep regret at your departure from among us, which according to the rule of the Methodist church must take place at the approaching Conference. Your amiable disposition and christian labours as a minister, have won you many friends, and today, you have not an enemy on the Circuit.

Mrs. Kirby, too, has manifested the most pleasing disposition, always meeting us with a smile.

We pray that you, and your dear partner, in your sphere of labour, may be greatly blessed by God, in winning souls to Christ.

Signed on behalf of the board.

Hawaiian Uprising.

SAN FRANCISCO, June 1—Advices from Honolulu say great excitement was caused there on May 21 by the arrest of 20 persons charged with treason. Those arrested are members of the "Hawaiian Protective Association," and have for their object the overthrow of the existing form of Government by deposing Queen Liliukalani and establishing a Hawaiian republic. The leaders of the movement are understood to be Volney V. Ashford, the well known agitator and participator in the revolutions of 1887 and 1889, and Robert W. Wilcox, whose character as an agitator and revolutionist is also well known. Of those arrested, George Markham, George Maxwel, Alex. Smith and Lot Lane also took part in the trouble in 1889. The others are Hawaiians unknown to fame.

Damage by Lightning—Live Stock Cremated.

During the heavy storm Thursday afternoon, a barn owned by Major Tucker, on Sandy Point road, near St. John, was struck by lightning, and, taking fire, was totally destroyed. Five valuable Jersey cows and one bull were lost, together with 400 bushels of oats, a quantity of heavy feed, about 30 tons of hay, several fine carriages and sleighs, harness and many other articles of value which would naturally be collected. The building was 130 x 30 feet, built with an angle. A large ice house and several other buildings went with it. Loss $1000; insurance $400.

A man named Akerly, working in Gregory's mill at Grand Bay, St. John, while standing in front of the furnace with a poker in his hand, was struck by lightning and paralyzed.

The storm was very severe at Elgin. It passed over that place early in the afternoon. Lightning struck a tree on the main road, directly in front of Steeves Bros. and Godard's store. The splinters from the tree were carried some distance away. Mr. J. Steeves, who was standing in front of his store, about 30 feet from the tree, was dazed by the shock. Small splinters from the tree fell on the plat form about him, but fortunately the larger splinters were carried straight along the road and done no damage.—Times June 4th.
