

Buffalo Doctor Declared Insane

WHITE PLAINS, N.Y. (AP)—A Buffalo doctor arrested on a weapons charge last July when police found him asleep in his car with guns, knives and more than \$100,000 in cash, has been declared insane and unfit to stand trial.

Judge P. Raymond Strizano of Westchester County Court ordered Dr. Eric Preiss, 37, committed to a state mental institution after a court hearing.

Preiss had been arrested while sleeping in his car July 15. A trucker told police he spotted a rifle in the car.

But police found more than that. They turned up two rifles, an automatic pistol, a quantity of ammunition and two foot-long machetes. In the trunk, bundled in a knapsack, was \$101,670 in bills.

Preiss was indicted on the charge of unlawful possession of firearms, but the judge ruled Wednesday he was not fit to stand trial.

The Internal Revenue Service Tuesday filed a tax lien in Buffalo for \$1,065,038 against the doctor.

The agency said it involved failure to pay sufficient income taxes for the years 1958-65.

Quebec Hunters Are Buying Duck Licences

OTTAWA (CP)—New \$2 federal licences for hunting migratory birds are selling well in Quebec despite advice from the Quebec government to ignore them, Ottawa officials say.

Officials keeping tabs on sale of the licences said they are moving as well in Quebec as in the other provinces. All hunters must have the licences under a new federal regulation. The aim is to assist wildlife experts in estimating hunting pressures in Canada.

Northern Affairs Minister Laing is expected to issue a statement soon on his attempts to resolve the matter with Gabriel Loubier, Quebec minister of tourism, game and fish.

Mr. Loubier has promised that Quebec police and game wardens will not enforce the requirement for licences. He said any prosecutions by the RCMP likely would be thrown out of court.

Philippines' President Pleads Peace

By ALEXANDER FARRELL
UNITED NATIONS (CP)—President Ferdinand Marcos of the Philippines carried his appeal for an Asian peace conference on Viet Nam to the United Nations Wednesday, telling the General Assembly Asian peoples are obligated to find Asian answers to Asian problems.

He suggested a special Asian political organization be set up within the frame work of the UN.

Marcos, first head of state to appear at the assembly's 1966 session, made a fervent appeal to U Thant to accept a second five-year term as UN secretary-general. He called the office of secretary-general "a unique priesthood of selfless service and sacrifice" and said the UN cannot afford to be without Thant's "wise and dedicated guidance."

He praised the Soviet Union for its successful mediation of last year's conflict between India and Pakistan and called for a bold Asian effort to emulate this in Viet Nam.

SEAL PIPELINE LEAK

DIJON, France (Reuters)—Experts Thursday cautiously sealed off a pipeline leak pouring out huge volumes of methane gas—enough to have blown the nearby village of Valempoulieres sky-high. The pipeline ruptured Wednesday. About four square miles was sealed off. Electricity was cut off. All cars were stopped. People were ordered to stay indoors and refrain from smoking or lighting matches. More than 400 troops, police and firemen stood by.
